## **Grassroots Evangelism:**

**Grassroots Evangelism** Don Mallough, 1971      **Beyond the Academy** David Thang Moe, 2024-10-11 The term public theology was introduced by Martin E Marty in a 1974 article Since then scholarly discussions on public theology have become more popular in academic circles This book however is about the invitation for moving beyond the academy It provides two reasons for doing so First an overtly academic public theology is in crisis today Although public theology may be flourishing in the academy its relevance for real life is limited Second there is the ecclesial flourishing among grassroots Christian communities across Asia who witness to their lived faith in public and hidden life Their voices are largely unheard due to the gaps between the academy and the church This volume argues that we should consider their voices as key sources for developing a relevant lived Asian public theology The author makes the case for reimagining the paradigm shifts in lived Asian public theology of religions and for bridging the unhappy gaps between the academic and grassroots voices      *Who Shall Enter Paradise?* Shobana Shankar, 2014-10-15 *Who Shall Enter Paradise* recounts in detail the history of Christian Muslim engagement in a core area of sub Saharan Africa s most populous nation home to roughly equal numbers of Christians and Muslims It is a region today beset by religious violence in the course of which history has often been told in overly simplified or highly partisan terms This book reexamines conversion and religious identification not as fixed phenomena but as experiences shaped through cross cultural encounters experimentation collaboration protest and sympathy Shobana Shankar relates how Christian missions and African converts transformed religious practices and politics in Muslim Northern Nigeria during the colonial and early postcolonial periods Although the British colonial authorities prohibited Christian evangelism in Muslim areas and circumscribed missionary activities a combination of factors including Mahdist insurrection the abolition of slavery migrant labor and women s evangelism brought new converts to the faith By the 1930s however this organic growth of Christianity in the north had given way to an institutionalized culture based around medical facilities established in the Hausa emirates The end of World War II brought an influx of demobilized soldiers who integrated themselves into the local Christian communities and reinvigorated the practice of lay evangelism In the era of independence Muslim politicians consolidated their power by adopting many of the methods of missionaries and evangelists In the process many Christian men and formerly non Muslim communities converted to Islam A vital part of Northern Nigerian Christianity all but vanished becoming a religion of outsiders      *Hyperconsumption* Gerard Hastings, 2022-04-06 Diving deep into the world of corporate marketing this incisive and eye opening work shows how in the hands of the corporation business has become manipulative divisive and disastrously at odds with the needs of the natural world It calls on us to rethink and rebel The corporate marketing blitz is driven by a simple economic truth profits depend on demand always exceeding supply A multi billion dollar global industry has therefore been created with the sole aim of turning us into devout consumers Gerard Hastings invites us to explore alternatives to a system that is threatening our survival He explores

what it is to be human how marketing can be used to do good rather than harm and the potential of alternative models that empower us to be citizens not just consumers Professionals and students in the business marketing public health environmental and political sectors as well as concerned citizens who know that business as usual is not an option will value this accessible guide to what is going wrong with our current business models and how these failings can be addressed
