The goal of this book is to introduce a special way of looking and treating the persuasion process so that resistances are targetted and neutralized while giving you unprecedented leverage in how to control people much more smoothly and consistently. You can collect all the trial closes and fancy shmancy persuasion techniques in the world but if you lack the innergame or how to see the whole picture you won't successfully persuade and get the Compliance acceptance of offer target makes the desired action etc. If you can master resistance you can master persuasion. And no persuader can succeed without mastering neutralization of resistance.
