Counseling Gifted Students Susannah M. Wood, Jean Sunde Peterson, 2017-12-05 Drs Susannah Wood and Jean Peterson have combined forces to move the field of school counseling forward in its work on behalf of gifted students This subtle regularizing into appropriate school counseling practice is actually quite radical as it makes it clear that the time has passed to consider whether we should be concerned with the nature and needs of students with gifts and talents but rather need to move to serving them as a requirement of our profession And fortunately for all of us the authors provide a clearly articulated roadmap for helping us live up to our professional responsibilities Tracy L Cross Ph D Created to fill a gap in both counselor education and gifted education this is the only up to date text to provide a concise and practical overview of counseling services designed specifically for gifted and talented students Grounded in the American School Counselor Association ASCA National Model for counseling programs the book illuminates specific knowledge awareness and skills school counselors need to address concerns related not only to academics but also to social and emotional development of
