# Handbuch Der Bayerischen Geschichte 2

**Hubert Jedin, John Patrick Dolan**

## **Handbuch Der Bayerischen Geschichte 2:**

*Handbuch der bayerischen Geschichte: Bd. Das alte Bayern, das Stammesherzogtum bis zum Ausgang des 12. Jahrhunderts*, 1981     **Handbuch der bayerischen Geschichte**, 1966     *Handbuch der bayerischen Geschichte*, 1981

**Aneignungen des Humanismus** Maximilian Schuh, 2013-04-26 Aneignungen des Humanismus describes the reception and adaptation of new educational ideas at the University of Ingolstadt in the later Middle Ages Based on manuscript research this study explains how the process of adopting new educational procedures relates to the broader contexts for social economic and institutional framework of teaching and learning in the 15th century     *Handbuch der bayerischen Geschichte. 2 (1969). Das alte Bayern : der Territorialstaat vom Ausgang des 12. Jahrhunderts bis zum Ausgang des 18. Jahrhunderts* Andreas Kraus, 1969     *Herzog Heinrich XVI. (1393-1450) der Reiche von Bayern-Landshut* Bernhard Glasauer, 2009     Pope Eugenius IV, the Council of Basel and the Secular and Ecclesiastical Authorities in the Empire Joachim W. Stieber, 2022-03-07     *A Social History of Germany, 1648-1914* Eda Sagarra, 2017-07-12 This volume is a pioneering effort to examine the social demographic and economic changes that befell the Jewish communities of Central Europe after the dissolution of the Habsburg Empire It consists of studies researched and written especially for this volume by historians sociologists and economists all specialists in modern Central European Jewish affairs The era of national rivalry economic crises and political confusion between the two World Wars has been preceded by a pre World War I epoch of Jewish emancipation and assimilation During that period Jewish minorities had been harbored from violent anti Semitism by the Empire and they became torchbearers of industrialization and modernization This common destiny encouraged certain common characteristics in the three major components of the Empire Austria Hungary and the Czech territories despite the very different origins of the well over one million Jews in those three lands The disintegration of the Habsburg Empire created three small economically marginal national states inimical to each other and at liberty to create their own policies toward Jews in accord with the preferences of their respective ruling classes Active and openly discriminatory anti Semitic measures resulted in Austria and Hungary The only liberal heir country of the Empire was Czechoslovakia although simmering anti Semitism and below surface discrimination were widespread in Slovakia While one might have expected Jewish communities to return to their pre World War I tendencies to go their independent ways after the introduction of these policies social and economic patterns which had evolved in the Habsburg era persisted until the Anschluss in Austria German occupation in Czechoslovakia and World War II in Hungary Studies in this volume attest to continuing similarities among the three Jewish communities testifying to the depth of the Empire s long lasting impact on the behavior of Jews in Central Euro     *Wondrous in His Saints* Philip M. Soergel, 2024-06-28 At the close of the sixteenth century despite Protestant attempts to discourage popular devotion to saints and shrines the Roman Church in Bavaria initiated a propagandistic campaign through the publishing of pilgrimage books and pamphlets Philip Soergel s cogent exploration of

this little known pilgrimage literature yields a vivid portrait of religion before during and after the Reformation and Counter Reformation These advertisements combining testimonies of miracles with fantastic legends about shrines fueled the conflict between Catholics and Protestants and helped shape a distinctive Catholic historical consciousness Soergel stresses the power of the printed word as a defense of traditional authority testing other historians assertions about the neglect of printing and literacy in the Counter Reformation This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1993 Die Babenberger und ihre Nachbarn Klaus Lohrmann, 2019-11-11 Die Mark der Babenberger war zun chst Teil einer umfassenden Grenzorganisation im S dosten des Reiches Das auf r mischen und fr nkischen Wurzeln beruhende hochmittelalterliche Kaisertum sorgte f r die Erhaltung aber auch Erweiterung der traditionellen vor allem christlichen Ordnung Diese war von den Markgrafen gegen ber den Nachbarn B hmen und Ungarn zu vertreten Die nachbarlichen Beziehungen entwickelten sich in aggressiven oder konstruktiven Begegnungen aus denen benachbarte Reiche wurden Die Mark wurde zu einem Territorium das den bayerischen Verband verlie Die Babenberger wurden selbst beinahe K nige ber ihre Herrschaften Ihnen standen mehr als Konkurrenten denn als Freunde die K nigreiche B hmen und Ungarn gegen ber

**Communities, Politics, and Reformation in Early Modern Europe** Thomas Brady, 2021-10-25 The studies united in this volume explore themes of community politics religion gender and social conflict and accommodation during the first decades of the Reformation movement Other chapters investigate historiographical themes especially the interpretation of early modern German history Two longer chapters address European themes the historical sociology of early modern societies in terms of legal definitions of status and modern conceptions of economic class and the difference between central and western European development in a global context Taken together the studies explore the transition zone between medieval and modern history in both microhistorical especially urban and regional and broadly comparative contexts Some of the studies are supplementary to the author s books on the sixteenth century Protestant Reformation at Strasbourg in southern Germany and in the Holy Roman Empire

**The Habsburgs** Martyn Rady, 2020-08-25 The definitive history of a powerful family dynasty who dominated Europe for centuries from their rise to power to their eventual downfall In The Habsburgs Martyn Rady tells the epic story of a dynasty and the world it built and then lost over nearly a millennium From modest origins the Habsburgs gained control of the Holy Roman Empire in the fifteenth century Then in just a few decades their possessions rapidly expanded to take in a large part of Europe stretching from Hungary to Spain and parts of the New World and the Far East The Habsburgs continued to dominate Central Europe through the First World War Historians often depict the Habsburgs as leaders of a ramshackle empire But Rady reveals their enduring power driven by the belief that they were

destined to rule the world as defenders of the Roman Catholic Church guarantors of peace and patrons of learning The Habsburgs is the definitive history of a remarkable dynasty that forever changed Europe and the world **The Primacy of the Postils** John M. Frymire, 2009-12-23 Scholarship on the German Reformation has long equated preaching with Protestantism just as many scholars have employed sermons but usually in supplemental and unsystematic ways Based on an analysis of over 400 standard sermon collections postils produced by Catholics Lutherans and Calvinists 1520 1620 this study offers the first comprehensive systematic presentation of these works from a cross confessional perspective It lays to rest the notion that preaching was somehow distinctively Protestant while tracing the creation production use and censorship of postils These sermon collections were nothing less than the applied distillation of Christianity delivered on a regular basis by the clergy to the laity and as such the most important vehicle for the dissemination of ideas in early modern Germany

**"Saints, Sinners, and Sisters "** JaneL. Carroll, 2017-07-05 A collection of original essays Saints Sinners and Sisters showcases the diverse questions currently being asked by gender scholars dealing with French Netherlandish and German art from the medieval and early modern periods Moving beyond the reclamation of personalities and oeuvres of lost female artists the contributors pose questions about gender and sex within specific historical contexts addressing such issues as intended audience use of the object and patronage These avenues of inquiry intersect with larger cultural questions concerning societal control of women The book s three sections Saints Sinners and Sisters Wives Poets are each preceded by a concise introductory essay detailing themes and offering reflective comparisons of theses and information In Saints contributors look at women who were positive exemplar used by society to uphold standards In the second section the essays focus on the power of women s sexuality The third section expands beyond the customary dichotomous division of the first two to examine women in diverse roles not widely studied as positions of women in those times This final section expands our definitions of women s responsibilities and realigns them historically it argues that women and thus gender need to be understood within a much broader historical context and beyond simplistic approaches sometimes superimposed by present day readers on past times This volume answers an acute need for research on the art of Northern Europe prior to the 20th century and highlights the possibilities of new directions in the field The effect of the new scholarship presented here is to broaden the discursive field allowing fluidity of disciplinary boundaries resulting in a volume that is illuminating to historians of more than art alone

**History of the Church: The church in the age of absolutism and enlightenment** Hubert Jedin, John Patrick Dolan, 1981 Joseph II: Volume 1, In the Shadow of Maria Theresa, 1741-1780 Derek Beales, 1987-04-30 This volume describes the claustrophobic atmosphere in which Joseph was trained to rule and his attempts after 1765 as co regent with his formidable mother Art and Politics in Early Modern Germany: Jörg Breu the Elder and the Fashioning of Political Identity, ca. 1475-1536 Cuneo, 2021-10-11 An exploration of the interaction between art and politics in early modern Germany this work focuses on art political in content produced by the Augsburg artist J rg Breu the Elder during the second

and third decades of the sixteenth century The book argues for the function of the art as fashioning political identities The artist Jörg Breu is first introduced His work for the city of Augsburg and for Habsburg and Wittelsbach rulers are examined These works are placed within their historical context and analyzed according to how they articulate themes of warfare ceremony and history in order to construct political identity The analysis of Breu's city chronicle and of the response of his art to political contest is particularly useful for historians of art and of politics **Frederick Barbarossa** John B.

Freed, 2016-01-01 The Fourth Italian Campaign **The European Reformation** Euan Cameron, 2012-03 A fully revised and updated version of this authoritative account of the birth of the Protestant traditions in sixteenth century Europe providing a clear and comprehensive narrative of these complex and many stranded events **Handbuch der bayerischen Ämter, Gemeinden und Gerichte 1799-1980** Richard Bauer, 1983
