Stay On Your Birth Control Jennifer Smith, 2021-08-23 *Stay On Your Birth Control* The Things You Don't Know About Single Parenthood is based on Jennifer's personal experience and added testimonies of single and divorced parents who candidly and unapologetically share the struggles and challenges they encounter daily while raising their kids. This book is a straightforward tell-it-like-it-is dose of reality to make you fully aware of the difficulties you may encounter if you too become a single parent. The stories bring awareness for childless men and women to really consider their goals, values, choices, and dreams before kids and to remind them that it is also OKAY to not have kids if they are not ready for that level of responsibility. It's also fitting that this book outlines different types of birth control to help you weigh your options and make informed decisions about life.
