Laudamus Francis Poulenc, 2003-10-01 The Latin text of the Gloria is magnificent hymn of praise which dates from the earliest centuries of the church French composer Francis Poulenc 1899 1963 has set these words to music in a rich incandescent manner which seems to portray a cosmic dance before the throne of heaven itself These two excerpts from the complete piano vocal score are available in octavo form for the first time Translations for study are included **Laudamus Te (From Gloria) for Flute** Antonio Vivaldi, David Marlatt, 2009-06-01 The Gloria by Antonio Vivaldi is truly a magnificent work The Laudamus Te is a vocal duet arranged here for 2 flutes and keyboard organ or piano This duet is typical of the music of the Vivaldi with imitative scale passages and melodic lines cleverly intertwining Benigno Zerafa (1726-1804) and the Neapolitan Galant Style Frederick Aquilina, 2016 This book is the first ever study of Malta's major eighteenth century composer Benigno Zerafa 1726 1804 a specialist in sacred music composition This book is the first ever study of Malta's major eighteenth century composer Benigno Zerafa 1726 1804 a specialist in sacred music composition Zerafa's large scale and small scale vocal and choral works mostly written during his long service as musical director at the Cathedral of Mdina have been winning increased recognition in recent years In addition to describing and analysing this extensive corpus the book gives an account of Zerafa's sometimes eventful career against the wider background of the rich musical and cultural life in Malta especial attention being paid to its strong links with Italy and particularly Naples where Zerafa was a student for six years It examines in detail the complex relationship of music to Catholic liturgy and investigates the distinctive characteristics of the musical style intermediate between baroque and classical in which Zerafa was trained and always composed one that today is commonly labelled galant Well stocked with music examples the book makes copious reference to Italian and Maltese composers from Zerafa's time and to modern analytical studies of Italian music from the middle decades of the eighteenth century thereby offering a useful general commentary on the galant period Its central aim however is to stimulate further interest in and revival of Zerafa's music To this end the book contains a complete work list with supplementary indexes Scholars and students of eighteenth century music in particular sacred music the galant style and Italian music will find it invaluable FREDERICK AQUILINA is Senior Lecturer in Music Studies at the University of Malta **LAUDAMUS TE FROM GLORIA**, 2020 *From Serra to Sancho* Craig H. Russell, 2012-03-29 Music in the California missions was a pluralistic

combination of voices and instruments of liturgy and spectacle of styles and functions and even of cultures in a new blend that was non-existent before the Franciscan friars' arrival in 1769. This book explores aesthetic, stylistic, historical, cultural, theoretical, liturgical and biographical aspects of this repertoire. It contains a Catalogue of Mission Manuscripts, 150 facsimiles, translations of primary documents and performance-ready music reconstructions. **Sing Romantic Music Romantically** David Friddle, 2022-06-21. This book offers a long overdue examination of choral performance practices in the 1800s, including expressive devices, pronunciation, instruments and choral/orchestral placement. More than one hundred musical examples, illustrations, tables and photographs and contemporaneous sources detail how choral music was sung in this time period. *Mass for Five Treble Voices* Francesco Gasparini, 2019-08-07. Francesco Gasparini composed his Mass for Five Treble Voices for the *figlie di coro*, a famous all-female ensemble at the Ospedale della Pietà in Venice. Gasparini had become the Pietà's first full-time maestro di coro in 1701 and the mass was likely written early in his tenure. It is unusual in its lack of a bass part, scored for CCCAA with organ, and its inclusion of all five parts of the mass Ordinary by 1700. Most Venetian concerted masses fit the profile of the *missa brevis*, consisting solely of a Kyrie and Gloria. The work offers valuable insight into the ospedale repertoire, since a great deal of Venetian sacred music from this period has been lost. Based on an autograph manuscript, this edition makes Gasparini's mass available to scholars interested in sacred music of the late seventeenth and early eighteenth centuries and enriches the repertoire for treble and women's choruses. *Monteverdi* Richard Wistreich, 2017-07-05. Claudio Monteverdi is now recognized as the towering figure of a critical transitional moment of Western music history: relentless innovator in every genre, within chamber, church and theatre music; self-proclaimed leader of a new dispensation between words and their musical expression; perhaps even Creator of Modern Music. During recent years, as his arrestingly attractive music has been brought back to life in performance, so too have some of the most outstanding musicologists focussed intensely on Monteverdi as they worked through the big questions in the historiography and hermeneutics of early Baroque music, including musical representation of language, compositional theory, social, institutional, cultural and gender history, performance practices and more. The 17 articles in this volume have been selected by Richard Wistreich to exemplify the best scholarship in English and because each, in retrospect, turns out to have been a ground-breaking contribution to one or more significant strands in Monteverdi studies. *A Dictionary of Hymnology* John Julian, 1892. **A Dictionary of Hymnology, Setting Forth the Origin and History of Christian Hymns of All Ages and Nations ...** John Julian, 1892. **School of Music Programs** University of Michigan. School of Music, 1962. **School of Music, Theatre & Dance (University of Michigan) Publications** University of Michigan. School of Music, Theatre & Dance, 1880. Includes miscellaneous newsletters, Music at Michigan, Michigan Muse bulletins, catalogs, programs, brochures, articles, calendars, histories and posters. [The Cambridge Companion to Bach](#) John Butt, 1997-06-26. The Cambridge Companion to Bach, first published in 1997, goes beyond a basic life and works study to provide a late twentieth-century

perspective on J S Bach the man and composer The book is divided into three parts Part One is concerned with the historical context the society beliefs and the world view of Bach s age The second part discusses the music and Bach s compositional style while Part Three considers Bach s influence and the performance and reception of his music through the succeeding generations This Companion benefits from the insights and research of some of the most distinguished Bach scholars and from it the reader will gain a notion of the diversity of current thought on this great composer
