From A Life Lived And Learned Anup Gawdi, 2020-10-14 The book is a summarization of the journey which I have had till date. It contains snippets of my interactions with various people who have entered my life at different points of time and what lessons I have learned during my interactions with them and how they have shaped my personality and my belief system. Life for me is all about the experiences I have had and I have tried to put forth through this book the way I used the lessons learned in my personal and professional life in situations that I have encountered. The situations which I faced and the manner in which I handled them gave rise to some simple formulas which I have tried to put forth through this book to people who are interested in looking at life from a very simplistic nature. The book is a small effort from my side to put myself in front of the world and hopefully is a start in my literary life.
