L'aventure Des Surrealistes:

Bohemian Paris Dan Franck, 2007-12-01 An epic account of life and loves among artists and writers in Paris from belle époque to world slump William Weaver The Spectator A legendary capital of the arts Paris hosted some of the most legendary developments in world culture particularly at the beginning of the twentieth century with the flowering of fauvism cubism dadaism and surrealism In *Bohemian Paris* Dan Franck leads us on a vivid and magical tour of the Paris of 1900 1930 a hotbed of artistic creation where we encounter Apollinaire Modigliani Cocteau Matisse Picasso Hemingway and Fitzgerald working loving and struggling to stay afloat Sixteen pages of black and white illustrations are featured Franck spins lavish historical biographical artistic and even scandalous details into a narrative that will captivate both serious and casual readers Marvelous and informative Carol J Binkowski Library Journal *René Daumal* Kathleen Ferrick Rosenblatt, 1999-02-25 Demonstrates how René Daumal author of *Mount Analogue* a study of Hindu philosophy and poetics and the teaching of G I Gurdjieff combined with Daumal's early surrealist tendencies in determining the quality of his writing **Literary Polemics** Suzanne Guerlac, 2000-02-01 During the 1960s and 1970s the eruption of theory was presented as an epistemic break reorganizing the field of questioning both prospectively and retrospectively In the forefront of this new movement was the influential journal *Tel Quel* which both canonized a body of preferred avant garde texts both literary and theoretical and nullified prominent figures from preceding generations In a broad remapping of French modernism this book shows how the milieu of *Tel Quel* transferred myths of the powers of literature inherited from Bataille Sartre Valéry and Breton to theory in the process erasing the traces of these myths and their common ground The author analyzes cultural and theoretical positions pure art automatism engagement and transgression that structured the literary and critical field from the 1920s to the 1950s to show their strong impact on the formulation and elaboration of theoretical issues in more recent decades Focusing on the question of relations between poetry and action she reexamines these positions and uncovers proximities between them that significantly displace theoretical issues These proximities emerge when a philosophical subtext of Bergson antiphilosopher and nondialectical thinker is revealed to operate alongside the more obvious subtext of Hegel The discourse of Bergson shifts the category of action central to these literary polemics and revalues the visual register suggesting a reconsideration of Surrealism The book concludes by examining the ideological pressures associated with the eclipse of the discourse of Bergson as well as some of the effects of this erasure on our understanding of the modern as distinct from the postmodern **Surrealism Against the Current** Michael Richardson, Krzysztof Fijałkowski, 2001-09-20 Bringing together many Surrealist texts that have never previously been available in English this collection is an essential guide for anyone who wishes to understand the Surrealist movement It traces its development in the words of the Surrealists themselves offering a definitive expression of Surrealism as a collective movement It shows the extent of Surrealist positions and interests and shows how having become a major cultural phenomenon of the twentieth century the issues it has raised

remain central to current debates Covering the period 1922-91 these texts illuminate its philosophical political and ethical positions and locate Surrealism in a broader social and cultural context Comprising statements from Surrealist groups in Paris Belgium Romania Sweden and Czechoslovakia and signed by the major participants it reveals the international dimension of Surrealism **Surrealism** Jacqueline Chénieux-Gendron,1990 The definitive survey of the literary and artistic aspects of surrealism **Ghost Ships** Robert McNab,2004-01-01 A moving and spectacular tale of love jealousy and exotic travel centering on three significant figures in the surrealist movement This book describes the secret journey made by an extraordinary ménage à trois the painter Max Ernst Paul Eluard cofounder of surrealism with André Breton and Eluard's wife Gala The author unravels the story of Ernst's love affair with Gala Eluard's disappearance Ernst and Gala's pursuit of him their meeting in Saigon where the love triangle came apart and the resulting departure of the Eluards who left Ernst to explore the jungles of French Indochina alone The impact on the work of both men was profound As for Gala she eventually dropped both her lovers for Salvador Dalí Surrealism, History and Revolution Simon Baker,2007 This book is a new account of the surrealist movement in France between the two world wars It examines the uses that surrealist artists and writers made of ideas and images associated with the French Revolution describing a complex relationship between surrealism's avant-garde revolt and its powerful sense of history and heritage Focusing on both texts and images by key figures such as Louis Aragon Georges Bataille Jacques André Boiffard André Breton Robert Desnos Max Ernst Max Morise and Man Ray this book situates surrealist material in the wider context of the literary and visual arts of the period through the theme of revolution It raises important questions about the politics of representing French history literary and political memorial spaces monumental representations of the past and critical responses to them imaginary portraiture and revolutionary spectatorship The study shows that a full understanding of surrealism requires a detailed account of its attitude to revolution and that understanding this surrealist concept of revolution means accounting for the complex historical imagination at its heart **Surrealist Women** Penelope Rosemont,2010-07-05 Beginning in Paris in the 1920s women poets essayists painters and artists in other media have actively collaborated in defining and refining surrealism's basic project achieving a higher open and dynamic consciousness from which no aspect of the real or the imaginary is rejected Indeed few artistic or social movements can boast as many women forebears founders and participants perhaps only feminism itself Yet outside the movement women's contributions to surrealism have been largely ignored or simply unknown This anthology the first of its kind in any language displays the range and significance of women's contributions to surrealism Letting surrealist women speak for themselves Penelope Rosemont has assembled nearly three hundred texts by ninety-six women from twenty-eight countries She opens the book with a succinct summary of surrealism's basic aims and principles followed by a discussion of the place of gender in the movement's origins She then organizes the book into historical periods ranging from the 1920s to the present with introductions that describe trends in the movement during each period Rosemont also prefaces

each surrealist's work with a brief biographical statement
