Law And Multinationals An Introduction To Law And Political Economy:

Law and Multinationals John J. Bonsignore,1994 The Corporation Joel Bakan,2005-03 This powerhouse of a concept contends that the corporation is created by law to function like a psychopathic personality whose destructive behavior if unchecked leads to scandal and ruin

Blumberg on Corporate Groups Phillip I. Blumberg,2005-01-01 This new five volume Second Edition of Blumberg on *The Adelaide Law Review* ,1998 **An Introduction to the Study of Political Economy** Luigi Cossa,1893 Introductory books on economics pages 4 5 **An Introduction to Political Economy** Richard Theodore Ely,1889 **Multinational Enterprises and the Law** Peter Muchlinski,2021 Multinational Enterprises and the Law is the only comprehensive contemporary and interdisciplinary account of the techniques used to regulate multinational enterprises MNEs at the national regional and multilateral levels In addition it considers the effects of corporate self regulation and the impact of civil society and community groups upon the development of the legal order in this area The book has been thoroughly revised and updated for this third edition making it a definitive reference work for students researchers and practitioners of international economic law business corporate and commercial law development studies and international politics Split into four parts the book first deals with the conceptual basis for MNE regulation It explains the growth of MNEs their business and legal forms and the relationship between them and the effects of a globalized economy and society now increasingly challenged by recently revived nationalist economic policies upon the evolution of regulatory agendas in the field In addition the limits of national and regional jurisdiction over MNE activities are considered a question that arises throughout the specialized areas of regulation covered in the remainder of the book Part II covers the main areas of economic regulation including controls over and the liberalization of entry and establishment tax company and competition law and the impact of intellectual property rights on technology diffusion and transfer A specialized chapter on the regulation of multinational banks in the wake of the global financial crisis is new to this edition Part III introduces the social dimension of MNE regulation covering labour rights human rights and environmental issues Finally Part IV deals with the contribution of international investment law to MNE regulation and to the control of investment risks covering the main provisions found in international investment agreements their interpretation by international tribunals the process of investor state arbitration and how concerns over these developments are leading to reform proposals

Multinationals and the Constitutionalization of the World Power System Jean-Philippe Robé,Antoine Lyon-Caen,Stéphane Vernac,2016-06-03 This collection offers a powerful and coherent study of the transformation of the multinational enterprise as both an object and subject of law within and beyond States The study develops an analysis of the large firm as being a system of organization exercising vast powers through various instruments of private law such as property rights contracts and corporations The volume focuses on the firm as the operational unit of governance within emerging systems of globalization whilst exploring in depth the forms within which the firm might be regulated as against the inhibiting

parameters of national law It connects through the ordering concept of the firm in globalization the distinct regimes of constitutionalization national and international law The study will be of interest to students and academics in globalization and the regulation of multinational corporations as well as law economics and politics on a global scale It will also interest government leaders and NGOs working in the areas of MNE regulations

The Multinational Enterprise and Legal Control Cynthia Day Wallace, 2021-10-18 This long awaited new book from Cynthia Day Wallace picks up the thread of her best selling Legal Control of the Multinational Enterprise National Regulatory Techniques and the Prospects for International Controls In the present work she applies herself to legal and pragmatic aspects of control surrounding MNE operations The primary focus is on legal and administrative techniques and measures practised by host states to control transparently or less so foreign MNE activity within their territories or even extraterritorially when effects are felt within national boundaries The primary geographic focus is the six most investment intensive industrialized states namely Canada France Germany Japan the United States and the United Kingdom At the same time an important message of the present study is precisely the implication for the developing countries as well as for the emerging market economies of central and eastern Europe and even Asian nations besides Japan because it is the sharing of this very experience of years that can best serve to facilitate a fuller participation on the part of the up and coming economies in the same global market place

Power in the Global Era T. Cohn, S. McBride, J. Wiseman, 2000-09-08 This volume discusses the effects of globalization on changing power relationships between transnational corporations TNCs and transnational capital the state and subnational groups TNCs have expanded their power with the deepening of market relations but they are not causing the state to wither away Indeed neoliberal changes often occur with the permission or even encouragement of powerful states Transnational capital has weakened labour groups in order to make production more competitive but the disadvantaged groups may mobilise to counter the power of transnational capital Finally globalization is subjecting domestic policies to increased international scrutiny
