Child Soldiers in the Western Imagination David M Rosen, 2015-10-12 When we hear the term child soldiers most Americans imagine innocent victims roped into bloody conflicts in distant war torn lands like Sudan and Sierra Leone Yet our own history is filled with examples of children involved in warfare from adolescent prisoner of war Andrew Jackson to Civil War drummer boys who were once viewed as symbols of national pride rather than signs of human degradation In this daring new study anthropologist David M Rosen investigates why our cultural perception of the child soldier has changed so radically over the past two centuries Child Soldiers in the Western Imagination reveals how Western conceptions of childhood as a uniquely vulnerable and innocent state are a relatively recent invention Furthermore Rosen offers an illuminating history of how human rights organizations drew upon these sentiments to create the very term child soldier

which they presented as the embodiment of war's human cost. Filled with shocking historical accounts and facts and revealing the reasons why one cannot spell infantry without infant Child Soldiers in the Western Imagination seeks to shake us out of our pervasive historical amnesia. It challenges us to stop looking at child soldiers through a biased set of idealized assumptions about childhood so that we can better address the realities of adolescents and pre adolescents in combat. Presenting informative facts while examining fictional representations of the child soldier in popular culture, this book is both eye opening and thought provoking. *Medical Law and Ethics* Jonathan Herring, 2025 *David Mamet in Conversation* Leslie Kane, 2001 A master at dramatic dialogue captured in real life conversation about his work **The Bad Child** Maria Janion, 2025-09-09 Collected writings from a visionary thinker about the perilous edge between patriotism and fascism. How do nationalism and patriotism shape our understanding of identity and when do they drift into dangerous territory? Marta Figliorowicz gathers a selection of writings from Maria Janion, one of Eastern Europe's most profound and original intellectuals, to explore this fine line. Between her birth in Vilnius in 1926 and her death in Warsaw in 2020, Janion witnessed some of the most consequential events of the turbulent twentieth century: the rise of authoritarian nationalism in Poland, German occupation during World War II, Soviet control, and Poland's uneasy integration into the West. As Western countries face their own nationalist resurgences, Janion's writing holds tools to help move through this historical condition. *The Bad Child* offers sharp insights into how societies develop and assert their identities and histories, often at the cost of the people. Janion's reflections on fascism, popular culture, and national self-fashioning presciently name and critique regional dynamics that have most recently resulted in the war between Russia and Ukraine, and they broadly expose the illusions that cultures can promote and the dangerous slide from national pride to exclusionary right wing politics. A queer woman and survivor of World War II, a leftist who resisted Soviet orthodoxy, Janion lends a uniquely disruptive voice to contemporary discussions of fascism, and her insights resonate far beyond her Eastern European roots. [Racism in Contemporary African American Children's and Young Adult Literature](#) Suriyan Panlay, 2016-10-25 Applying critical race theory to contemporary African American children's and young adult literature, this book explores one key racial issue that has been overlooked both in race studies and literary scholarship: internalised racism. By systematically examining the issue of internalised racism and its detrimental psychological effects, particularly towards the young and vulnerable, this book defamiliarises the very racial issue that otherwise has become normalised in American racial discourse, reaffirming the relevance of race, racism, and racialisation in contemporary America. Through readings of works by Jacqueline Woodson, Sharon G Flake, Tanita S Davis, Sapphire, Rosa Guy, and Nikki Grimes, Suriyan Panlay develops a new critical discourse on internalised racism by studying its effects on marginalised children, its manifestations, and the fictional narrative strategies that can be used to regain and reclaim a sense of self.
