Ulysses S. Grant, emperor of North America. By an American citizen ,1879 **The Great American Scaffold Frank** Austermühl, 2014-02-15 Based on extensive quantitative and qualitative analyses of a corpus of American presidential speeches that includes all inaugural addresses and State of the Union messages from 1789 to 2008 as well as major foreign and security policy speeches after 1945 this research monograph analyzes the various forms and functions of intertextual references found in the discourse of American presidents Working within an original interdisciplinary theoretical framework established by theories of intertextuality discourse analysis and presidential studies the book discusses five different types of presidential intertextuality all of which contribute jointly to creating a set of carefully manipulated and politically powerful images of both the American nation and the American presidency The book is intended for scholars and students in political and presidential studies communications American cultural studies and linguistics as well as anyone interested in the American presidency in general *American Empire* A. G. Hopkins, 2018-02-20 A new history of the United States that turns American exceptionalism on its head American Empire is a panoramic work of scholarship that presents a bold new global perspective on the history of the United States Drawing on his expertise in economic history and the imperial histories of Britain and Europe A G Hopkins takes readers from the colonial era to today to show how far from diverging the United States and Western Europe followed similar trajectories throughout this long period and how America's dependency on Britain and Europe extended much later into the nineteenth century than previously understood In a sweeping narrative spanning three centuries Hopkins describes how the revolt of the mainland colonies was the product of a crisis that afflicted the imperial states of Europe generally and how the history of the American republic between 1783 and 1865 was a response not to the termination of British influence but to its continued expansion He traces how the creation of a U S industrial nation state after the Civil War paralleled developments in Western Europe fostered similar destabilizing influences and found an outlet in imperialism through the acquisition of an insular empire in the Caribbean and Pacific The period of colonial rule that followed reflected the history of the European empires in its ideological justifications economic relations and administrative principles After 1945 a profound shift in the character of globalization brought the age of the great territorial empires to an end American Empire goes beyond the myth of American exceptionalism to place the United States within the wider context of the global historical forces that shaped the Western empires and the world The New Nationalism--How

The Next Great American Debate Will Restore Our Country By Recasting Our Politics Harlan Field,2012-07-10 In this book Harlan Field boldly asks modern Americans to leave behind their old politics which have placed America's greatness in jeopardy and exhorts us to pursue a new political strategy that will assure America's great tradition for its future generations. As we enter a new millennium Harlan observes we stand poised to discard the crowning achievement of the last thousand years the modern Nation State The only known entity that is capable of preserving Freedom and opportunity for the individual justice for the masses a healthy environment a stable society and a vibrant economy is falling victim to the seemingly invincible juggernaut of Globalism The five cardinal prerogatives of a free people are all being surrendered with little debate and even less thought The rights of a sovereign people to formulate their own independent foreign policy to raise and command a national army to admit or exclude aliens to levy tariffs on goods of foreign manufacture and to coin their own money are under attack all over the world through such peculiar pretenders to legitimacy as the North American Free Trade Agreement NAFTA the General Agreement on Tariffs and Trade GATT and the European Union E U W e no longer can even remember what makes a group of people into a nation A common culture a common heritage a common language shared goals shared sacrifice shared progress This book is a must read for our politicians on the left and on the right lest because of party politics America is made to give into a secondary role on the world stage of ruthless politics and demagoguery

G. Hopkins, 2019-08-27 Compelling provocative and learned This book is a stunning and sophisticated reevaluation of the American empire Hopkins tells an old story in a truly new way American history will never be the same again Jeremi Suri author of The Impossible Presidency The Rise and Fall of America's Highest Office Office *Empire* Scott Nearing, 2019-12-06 The American Empire by Scott Nearing Scott Nearing was an American radical economist educator writer political activist pacifist and advocate for simpler ways of life In this book he takes on the topic of America as a whole Starting from colonization and moving through history he systematically narrates how America rose to power and became one of the most important countries in the world The Best American Magazine Writing 2005 The American Society of Magazine Editors, 2005-11-23 Writings are selected from among the winners of the previous year's National Magazine Awards presented by the American Society of Magazine Editors Oxford Children's History of the World Neil Grant, 2000 A single volume sumptuously illustrated history of the world specifically designed for grade schoolers this readable volume follows the evolution of humankind from the earliest colonization of the world to the beginning of the new millennium This beautiful book is made truly accessible to children Organized chronologically in five sections it contains a series of double page spreads each focusing on a major historical period Whether it is Medieval Africa or the Ottoman Empire or Louis XIV s Europe or American Independence that strikes your fancy you will find it here Color maps illustrations drawings and photographs add information and make the easily digestible text even more accessible and visually appealing Feature boxes look more closely into specific subjects and historical figures like Marco Polo pilgrimage or the Korean War Each section concludes with illustrated Who s Who and Timeline segments which present a quick survey of the most significant events and personalities of the period and allow a comparison between regions at a glance A glossary and comprehensive index wrap up this helpful reference Written from a global perspective The Oxford Children's History of the World recounts the important events in the development of civilizations not only in Europe but also in the Americas Africa and Asia Up to date thorough and imaginatively illustrated in full color it is the perfect introduction to social studies for children All-American Nativism Daniel Denvir, 2020-01-14 American history told from the vantage of immigration politics It is often said that with the election of Donald Trump nativism was raised from the dead After all here was a president who organized his campaign around a rhetoric of unvarnished racism and xenophobia Among his first acts on taking office was to block foreign nationals from seven predominantly Muslim countries from entering the United States But although his actions may often seem unprecedented they are not as unusual as many people believe This story doesn t begin with Trump For decades Republicans and Democrats alike have employed xenophobic ideas and policies declaring time and again that illegal immigration is a threat to the nation's security wellbeing and future. The profound forces of all American nativism have in fact

been pushing politics so far to the right over the last forty years that for many people Trump began to look reasonable As Daniel Denvir argues issues as diverse as austerity economics free trade mass incarceration the drug war the contours of the post 9 11 security state and yes Donald Trump and the Alt Right movement are united by the ideology of nativism which binds together assorted anxieties and concerns into a ruthless political project All American Nativism provides a powerful and impressively researched account of the long but often forgotten history that gave us Donald Trump and Everyday Wonder in Don DeLillo's America Michael Naas, 2022-10-20 Apocalyptic Ruin and Everyday Wonder in Don DeLillo's America is a fresh and engaging study of last things in Don DeLillo's works things like death mourning and the decline of the American empire but then also the apocalypse the last judgment and the end of the world more generally Michael Naas untangles complex themes in short witty chapters that highlight and celebrate DeLillo's inventive and playful writing employing a novel approach to literary criticism Making no use of secondary sources the book is entirely a discussion of DeLillo's work accessible to any level of readership while maintaining a firm grasp of the theory necessary to make this unique argument And yet this book is also about all the things that double or shadow those last things in the very same works like the wonder of language or the radiance of everyday events From Americana 1971 up through Zero K 2016 and The Silence 2020 and perhaps like no other American author Don DeLillo has created meaning by contrasting juxtaposing or as Naas calls it here contrabanding first and last things conflicting or opposing forces such as life and death creation and destruction consumption and waste everyday wonder and apocalyptic ruin the origins of language and the end of the world In his adept demonstration of how DeLillo has returned repeatedly to these last things Naas shows how the works of Don DeLillo have been there for more than half a century to remind us of one simple and yet profound truth nothing lasts forever

Why Muslim's People Hate Donald Trump and America Dr. Deshay David Ford, Ph.D,2024-03-13 Why Muslim's People Hate Donald Trump and America is about the history of the U S involvement in the Middle East Why the U S was in the Middle East What was the purpose of going to war in the Middle East Why does the U S support the State of Israel What led to the creation of the State of Israel About the Author Dr Deshay David Ford Ph D completed high school in 1968 and was hired by Dr Graham Root Hall as administrator of his estate in Little Rock Arkansas There he had the opportunity to meet many foreign ambassadors such as Lord Caradon Hugh Foot Sir Stanley and Lady Burberry He earned his bachelor's degree at the University of Arkansas where he studied counseling and psychology and earned his doctorate in religion middle east history and ministry at Channel Islands Bible College and Seminary He is currently employed as a Tutor at Oxnard Community College in Ventura County California Frank Merriwell and the Fiction of All-American Boyhood Ryan K. Anderson, 2015-09-25 Gilbert Patten writing as Burt L Standish made a career of generating serialized twenty thousand word stories featuring his fictional creation Frank Merriwell a student athlete at Yale University who inspired others to emulate his example of manly boyhood Patten and his publisher Street and Smith initially had only a general idea about what would

constitute Merriwell s adventures and who would want to read about them when they introduced the hero in the dime novel Tip Top Weekly in 1896 but over the years what took shape was a story line that capitalized on middle class fears about the insidious influence of modern life on the nation s boys Merriwell came to symbolize the Progressive Era debate about how sport and school made boys into men The saga featured the attractive Merriwell distinguishing between good and bad girls and focused on his squeaky clean adventures in physical development and mentorship By the serial s conclusion Merriwell had opened a school for weak and wayward boys that made him into a figure who taught readers how to approximate his example In Frank Merriwell and the Fiction of All American Boyhood Anderson treats Tip Top Weekly as a historical artifact supplementing his reading of its text illustrations reader letters and advertisements with his use of editorial correspondence memoirs trade journals and legal documents Anderson blends social and cultural history with the history of business gender and sport along with a general examination of childhood and youth in this fascinating study of how a fictional character was used to promote a homogeneous normal American boyhood rooted in an assumed pecking order of class race and gender

The Top Books of the Year Great American Empire The The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read: Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best: Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Great American Empire The: Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a guiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
