## **Handbook Of Rabbinic Theology:**

Handbook of Rabbinic Theology Jacob Neusner, 2021-12-28 From his extensive and intensive study of the rabbinic literature Jacob Neusner shows how the rabbinic documents give expression to a very real if implicit theological system While the rabbinic literature is often seen as a collection of miscellaneous responses to questions arising from study of the Hebrew Bible and its application to contemporary life Neusner sees a system behind and embodied in the various writings He discusses the ways in which the divine thought and the human thinking that sought faithfully to interpret it actually came to expression and treats what he calls the grammar of the divine self expression in order to help us see the theological structure that it implies Then he shows how this implicit system is expressed in the rules for the life of the people that God has chosen as his own Citing passages from almost all of the mishnaic tractates Neusner shows how they fit into and give expression to the system This publication has also been published in paperback please click here for details *International Handbook of Practical Theology* Birgit Weyel, Wilhelm Gräb, Emmanuel Lartey, Cas Wepener, 2022-09-06 Practical theology has outgrown its traditional pastoral paradigm The articles in this handbook recognize that faith spirituality and lived religion within and beyond institutional communities refer to realms of cultures ritual practices and symbolic orders whose boundaries are not clearly defined and whose contents are shifting The International Handbook of Practical Theology offers insightful transcultural conceptions of religion and religious matters gathered from various cultures and traditions of faith The first section presents concepts of religion Chapters have to do with considerations of the conceptualizing of religion in the fields of anthropology community family institution law media and politics among others The second section is dedicated to case studies of religious practices from the perspective of their actors The third section presents major theoretical discourses that explore the globally significant diversity and multiplicity of religion Altogether sixty one authors from different parts of the world encourage a rethinking of religious practice in an expanded transcultural globalized and postcolonial world **The Documentary History of Judaism and Its Recent Interpreters** Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations Neusner begins with the article written by Professor William Scott Green for the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner's entire oeuvre Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmuds programs for the social order of Israel the doctrines of economics

politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents Neusner concludes with a review of a book by a critic of the documentary hypothesis **T&T Clark Handbook of Analytic Theology** James M. *Biblical Covenantalism, Volume 1* Douglas W. Kennard, 2021-11-01. VOLUME ONE: Biblical Covenantalism in Torah, Judaism, Covenant, Nomism, and Atonement. VOLUME TWO: Biblical Covenantalism in Prophets, Psalms, Early Judaism, and Gospels. Judaism, Covenant, Nomism, and Kingdom Hope. VOLUME THREE: Biblical Covenantalism in New Testament Epistles. Engagement of the New Perspective and New Covenant. Atonement. Biblical covenantalism is the backbone of the Old Testament and the root of salvation and ethics. This book offers a nuanced exploration of biblical theology with an emphasis on how biblical covenants set a complex trajectory for Israel's covenant relationships, salvation, ethics, and eschatology. Suzerainty, treaty, and promissory forms position the Mosaic covenant in a Deuteronomistic framework that elects Israel and rewards them with blessings based upon obedience to the stipulations of the covenant within which God has embraced them. Such a framework fits within covenant nomism, law, especially considering the majority of the stipulations similar to ancient Near Eastern law codes. This perspective deepens awareness of biblical trajectory in interaction with early Jewish and Christian sources. Jewish metaphors inform Old Testament rabbinic and Messianic atonement. This view positions itself between the New Perspective and traditional Reformation views as well as Covenant theology and Dispensationalism, even as it distances itself from American Covenantalism. Theonomy, Natural Law, and the prayer of Jabez. The biblical and Second Temple Jewish material provides a nuanced new perspective of Judaism. From this same covenantal root, the Biblical covenants ground an eschatological hope for the nation of Israel.

**A Living Sacrifice: Liturgy and Eschatology in Joseph Ratzinger** Roland Millare, 2022-06-13 A Living Sacrifice focuses on the inherent relationship between eschatology and the liturgy in light of Ratzinger's insistence upon the primacy of logos over ethos When logos is subordinated to ethos the human person becomes subjected to a materialist ontology that leads to an ethos that is concerned above all by utility and progress which affects one's approach to understanding the liturgy and eschatology How a person celebrates the liturgy becomes subject to the individual whim of one person or a group of people Eschatology is reduced to addressing the temporal needs of a society guided by a narrow conception of hope or political theology If the human person wants to understand his authentic sacramental logos then he must first turn to Christ the incarnate Logos who reveals to him that he is created for a loving relationship with God and others The primacy of logos is the central hermeneutical key to understanding the unique vision of

Ratzinger's Christocentric liturgical theology and eschatology This is coupled with a study of Ratzinger's spiritual Christology with a focus on how it influences his theology of liturgy and eschatology through the notions of participation and communion in Christ's sacrificial love Finally A Living Sacrifice examines Ratzinger's theology of hope charity and beauty as well as his understanding of active participation in relationship to the eschatological and cosmic characteristics of the sacred liturgy
