Weiskopf, 1975-01-01      **Routledge Handbook of Football Studies** John Hughson, Kevin Moore, Ramón Spaaij, Joseph Maguire, 2016-10-04 Football is unquestionably the world's most popular and influential sport. The Routledge Handbook of Football Studies is a landmark work of reference going further than any other book in considering the historical and contemporary significance of football around the world. Written by a team of leading sport scholars, the book covers a broad range of disciplines from history, sociology, politics and business to philosophy, law and media studies. The central section of the book examines key themes and issues in football studies such as the World Cup and international competition, governance and ownership, fandom and celebrity. The concluding section offers in-depth surveys of the culture and organisation of football in each of the regional confederations from UEFA to CONCACAF.
