Dr. Geraldine Carter, When however worldliness is transmuted into Spiritual Integrity he is free even though he still dwells physically among world things Manly P Hall There appears to be a rise in spirituality in the USA All you have to do is go to your nearest book store or flip through magazines to document the rapidly rising interest in spirituality But what is spirituality For most people spirituality or faith believes in something larger than yourself And faith isn't restricted to those who belong to an organized or traditional faith What if you are not part of an organized or tradition That doesn't mean that you are not spiritual or you don't believe in God People often use the word spirituality interchangeably with religion but the terms are not the same Religion has more to do with following the specific practices and dictates of an institution Spirituality is more personal and encompasses your relationship with others and your creator In this guide we will discover the areas of life that not only enhance your spirituality but also enhance the quality of your life And guide you on the journey of experiencing a deeper level of faith than the ritualistic and traditional ways of religion Here's Just Some Of What We'll Cover The 4 Principles Of Peace The 12 Gifts Of Abundance Causes Of Low Self Image Tips For Emotional Health The Sunflower Model Love And Trust Ideas For Creating A Positive Identity Tips For Emotional Health Stress Coping Strategies Understanding Stress Breaking Free From Stress Practicing Centering Prayer Choosing The Sacred Word Invoking The Sacred Word Quieting The Inner Chatter The Challenges Of Centering Prayer And So Much More Your Destiny and Scientific Hand Analysis Yaschpaule, 1996 This book is designed to convince the healthy and scientific minded sceptic that hand analysis is a science worthy of serious consideration The laws of scientific hand analysis are presented here in a very simple manner and are amply illustrated by diagrams This book is also intended for those who do not have the faintest

concept of what hand analysis or astrology is all about so that no previous knowledge is required for its understanding At the same time the subject of hand analysis has been comprehensively emphasized As such this book will be of interest to professional astrologers In many Eastern countries leading astrologers have a good knowledge of hand analysis Where the horoscope does not give clear guidance on a particular aspect they consult the palms in order to obtain clarification The ideas put forward in this book are based on the Indian Western and Egyptian schools of hand analysis although the Indian system has been used the most The scientific rationale behind the wearing of particular gems in order to ward off evil planetary influences is also succinctly described Above all this is meant to be an eminently straightforward and practical work The sceptic has only to study his own palms to be pleasantly surprised at how accurately hand analysis reveals his own particular case
