Anushree Gupta pens down her unfiltered views and emotions about things that intrigue her. It is an honest rant about issues, processes, events, and thoughts that fascinate the author. The book has fifteen chapters dealing with subjects like hypothetical deaths, dreams, reality, sexuality, reflections, emotions, and deep introspection. Besides life processes, the book also questions everything unnatural about society like man-made institutions and rules. It also delves into the dark and sunny chambers of the author's mind. She unapologetically shares her views on marriage, sexual freedom, labels, definition of infidelity, interpretation of feelings, and much more. The book reveals her experiences, dreams, quirks, and flaws in the most unexpected ways. She has allowed herself to be the most vulnerable, and this will definitely strike a chord with the readers. After all, we are all a little funny, stupid, weird, and wonderful, right? Around my mind reveals a clumsy and scattered musician's mind that wants to reach out to you all not with a song but with words this time. As the author says, "Everything cannot be sung, I guess."

The Fear of Insignificance Carlo Strenger, 2011-01-15. In *The Fear of Insignificance*, Carlo Strenger diagnoses the wide spread fear of the global educated class of leading insignificant lives. Making use of cutting edge psychological, philosophical, sociological, and economic theory, he shows how these fears are generated by infotainment's craze for rating human beings. The book is a unique blend of an interpretation of the historical present and a poignant description of contemporary individual experience, anxiety, and hopes in which Strenger makes use of his decades of clinical experience in existential psychotherapy. Without falling into the trap of simplistic self-help advice, Strenger shows how a process he calls active self-acceptance, together with serious intellectual investment in our worldviews, can provide us with stable identity and meaning.
