Heart Attack Paul Michael Fazio,2020-07-28 John McCord s last chance to win a championship is fading away as his Rockets play sub 500 ball for the first two months of the baseball season The team has a powerful lineup yet they cannot win with any consistency due to their lack of pitching John s grandson is saved in a near miss car accident when a stranger risks his own life before disappearing from the scene John searches and finally finds the stranger Brian Shane He offers to do anything to thank him for saving his grandson but all of John s suggestions are rejected by Brian Brian then states the one thing that he will accept a chance to pitch for the Rockets John realizes this middle aged man with no baseball experience has no chance of helping his team win but the thought of finally repaying him is overwhelming He agrees on a one dollar contract where Brian pitches until he loses one game Brian quickly gets a nick name Heart Attack because he constantly has the fans his teammates and their manager on the edge of their seats every time he takes the mound Margaret a sportswriter becomes very fond of Brian and believes he is somehow angelic and threatens to expose him Brian insists that it s not true and begs her to drop that thought The question becomes Is John repaying Brian or is it Brian helping the McCords again Has Brian been sent to save the season by an unknown force or is luck the defining power or perhaps something else Either way it is the best dollar ever spent

them to the land. Meanwhile her boyfriend and all star shortstop turned seaman Jess treasures the salty familiar air. He's gotten chances to leave for bigger cities but he didn't take them then and he sure as hell won't now. When word spreads of a storm gathering strength offshore known as Hurricane Ike each Galveston resident must make a difficult decision: board up the windows and hunker down or flee inland and abandon their hard won homes. Moving through the extraordinary lives of these characters and the many individuals who circle them, *The Last Karankawas* weaves together a multitude of voices to present a lyrical, emotionally charged portrait of everyday survival. The result is an unforgettable exploration of familial inheritance, human resilience, and the histories we assign to ourselves.

Morning Child and Other Stories Gardner Dozois, 2012-11-15. A collection of award winning science fiction written by two time Nebula award winner Gardner Dozois. Here you'll find Dozois short stories *Morning Child* and *The Peacemaker* both winners of the Nebula for best science fiction short story. Also includes Dozois classics *A Dream at Noon*, *Day Chains of the Sea*, *The Hanging Curve*, *The Bride with Jack Dann* and *Ancestral Voices* with Michael Swanwick. From the introduction: "The stories in this collection were published between 1970 and 2003 and thus represent a considerable chunk, perhaps a majority share of not only my career but my life when some critic asks me what was in my mind when I came up with a certain trope in one of those stories or what some bit of symbolism really means, why I chose some word or image instead of another or sometimes even just what the specific inspiration for a story was. Often I just can't tell him. I'm not that kid anymore. So perhaps it's an odd way to review your career by the places where you've lived. Probably not very satisfactory to the critics. The most disgruntled among them will just have to get that time machine and go back and ask that bright eyed young twenty year old kid about his work. If you see him say hi for me." Gardner Dozois is known for his beautiful evocation of setting and emotional intensity within a truly alien and often austere vision of the future. He is a science fiction master of the first order, a fact fully on display in this outstanding collection. At the publisher's request, this title is sold without DRM (Digital Rights Management). Lyrical, haunting, heartbreaking, this is science fiction at its best. George R. R. Martin, Science Fiction Hall of Fame Inductee. Gardner Dozois is the winner of two Nebula awards for fiction. My generation of writers has produced relatively few authentic masters of the short form. Gardner Dozois is one of them.

The Dad Report: Fathers, Sons, and Baseball Families Kevin Cook, 2015-06-01. An unforgettable look at how baseball families share our national pastime. Baseball honors legacies from cheering the home team to breaking in an old glove handed down from father to son. In *The Dad Report*, award winning sportswriter Kevin Cook weaves a tapestry of uplifting stories in which fathers and sons, from the sport's superstars to Cook and his own ball playing father, share the game. Almost two hundred father-son pairs have played in the big leagues. Cook takes us inside the clubhouses, homes, and lives of many of the greats. Aaron Boone follows grandfather Bob, father Ray, and brother Bret to the majors. Three generations of All Stars Barry Bonds and Ken Griffey Jr. strive to outdo their famous dads. Michael Jordan walks away from basketball to play minor league baseball to fulfill his father's dream. In visiting these

legendary families Cook discovers that ball playing families are a lot like our own Dan Haren regrets the long road trips that keep him from his kids Ike Davis and his father a former Yankee debate whether Ike should pitch or play first base Buddy Bell leads a generation of big leaguers determined to open their workplace the clubhouse to their kids Framing The Dad Report is the story of Kevin Cook s own father Art Cook a minor league pitcher a loveable rogue with a wicked screwball In Art s later years Kevin phoned him almost every night to talk baseball They called those nightly conversations the Dad Report In time Kevin came to see that these conversations were about much more than the game That s what this book is about the way fathers and sons talk baseball as a way of talking about everything courage fear fun family morality mortality and how it s not whether you win or lose that counts it s how you share the game *National Pastime: The Darby McFerrin Story* ,

Denison, 2022-10-09 Atlanta Braves minor league pitcher Brett Davies has much to contemplate at the young age of 25 Coming back from a torn rotator cuff that slows his dream of major league stardom he has completed his first post injury season with their farm team in Greenville South Carolina But his success as their top relief pitcher does not lead to a call up to Atlanta at the end of the Greenville season Did

But Brett has more on his mind than baseball. Raised by a single mom, he had never been allowed to meet his father. Brett never knew why. His mother just told him, "It's not possible." And at age 25, Brett wonders if he will ever find the right girl to spend the rest of his life with. No current girlfriend, with none on the horizon, had both Brett and his mother concerned. But things were about to rapidly change. The following season, Brett finds himself assigned to the Braves minor league team in Rome, Georgia, as a player-coach. A series of random events brings new people and new challenges into Brett's life. Would they also lead him to the answers he needed to find his way home?

Tremors in the Universe Robert Lyman Baillie, 2014-09-18. It's funny how life has a way of changing people. It definitely changed me. I was tooling along day after day, set in my ways, looking at life like a racehorse wearing blinders, oblivious to seeing the world any other way than I knew how, because I ultimately had fashioned my vision of it. I fit myself with the glasses I wore, and I wrote the prescription for the lenses with my attitude, faith, and beliefs. But I got lucky. Parkinson's came along, slapped me upside the head, and knocked my spectacles off of my face. And luckier still, while my glasses were on the ground, I inadvertently stepped on them and crushed them into a million pieces. I was blind. I was forced to extend my hands out in front of me to rediscover my world all over again. Taking baby steps with fear in my heart that I would bang my head into a wall. But you know what happened? A miraculous thing took place. My memory of where the important things in my life were took over, and what I valued and needed the most magically appeared for me: Love, friendship, compassion, spirit, and purpose. My appreciation for what was at my fingertips was heightened as well. I suddenly discovered a comforting realization that I could continue to succeed in life with less: Less envy, less anger, less anxiety, less fear of old age and death. It was liberating. I was given Parkinson's disease, and my life became better for it. This book is not what most people have come to expect about Parkinson's disease. *Tremors in the Universe* offers another way. Another way of thinking. Another way of living.
