## **Last Tudor King A Study Of Edward VI:**

The Last Tudor King: a Study of Edward VI (October 12th, 1537 - July 6th, 1553)., 1958      *The Last Tudor King* Hester W. Chapman, 1961      **The Last Tudor King** Hester W. Chapman, 1968      **Edward VI** Jennifer Loach, 2014-11-01 Edward VI was the son of Henry VIII and his second wife Jane Seymour He ruled for only six years 1547 1553 and died at the age of sixteen But these were years of fundamental importance in the history of the English state and in particular of the English church This new biography reveals for the first time that despite his youth Edward had a significant personal impact Jennifer Loach draws a fresh portrait of the boy king as a highly precocious well educated intellectually confident and remarkably decisive youth with clear views on the future of the English church Loach also offers a new understanding of Edward s health arguing that the cause of his death was a severe infection of the lungs rather than tuberculosis the commonly accepted diagnosis The author views Edward not as a sickly child but as a healthy and vigorous boy devoted to hunting and tournaments like any young aristocrat of the day This book tells the story of the monarch and of his time It supplies the dramatic context in which the short reign of Edward VI was played out the momentous religious changes factional fights and popular risings And it offers vivid details on Edward s increasing absorption in politics his consciousness of his role as supreme head of the English church his determination to lay the foundation for a Protestant regime and how his failure in this ambition brought England to the brink of civil war      *The King's Council in the Reign of Edward VI* D. E. Hoak, 1976-05-20 This book describes the membership business and procedure of the privy council during the minority of Henry VIII s son successor Edward VI It examines the policy making administrative and quasi judicial functions of the central institution of Tudor government at a time of war rebellion financial instability reform in the Church and potentially violent political change Professor Hoak analyses the way in which through the council a body whose formal existence dated only from 1540 the dukes of Somerset and Northumberland successively governed the realm in the effective absence of a king He sheds light on the nature of Somerset s failure Northumberland s purpose and achievements as well as on the techniques by which he controlled both the king and council and the politics of the Reformation in England at the moment of the Protestant s triumph 1549 50 The book demonstrates the extent to which the Edwardian privy council confirmed and continued earlier revolutionary reform in government it establishes the uniqueness of the place of Edward s council in the history of Tudor government and of royal councils generally in the sixteenth century Europe      **The Last Tudor King** Hester Wolferstan Chapman, 1972      Tudor Executions Helene Harrison, 2024-09-30 Examines the rise and fall of Tudor nobles and the actions leading to the demise of the Tudor era The Tudors as a dynasty executed many people both high and low But the nobility were the ones consistently involved in treason either deliberately or unconsciously Exploring the long sixteenth century under each of the Tudor monarchs gives a sense of how and why so many were executed for what was considered the worst possible crime and how the definition of treason changed over the period This book examines how and why Tudor nobles like

Edward Stafford 3rd Duke of Buckingham Queen Consort Anne Boleyn Henry Howard Earl of Surrey and Robert Devereux 2nd Earl of Essex fell into the trap of treason and ended up on the block under the executioner's axe. Treason and the Tudor nobility seem to go hand in hand as by the end of the sixteenth century and the advent of the Stuart dynasty no dukes remained in England. How did this happen and why?

**The Last Tudor King** Hester Wolferstan Chapman, 1958

**The Routledge Companion to the Tudor Age** Rosemary O'Day, 2012-07-26

This new Companion is an invaluable guide to one of the most colourful periods in history. Covering everything from the Reformation controversies over the succession and the prayer book to literature, the family and education, this highly accessible reference tool contains commentary on the key events in the reigns of the five Tudor monarchs from Henry VII to Elizabeth I. Opening with a general introduction, it includes a wealth of chronologies, biographies, statistics and maps, as well as a glossary and a guide to the key works in the field. Topics covered include: The establishment of the Tudor dynasty; monarchs and their consorts; rebellions against the Tudors; the legal system; central and ecclesiastical courts; Government; central and local; the Monarchy and Parliament; The Church; structure and changes throughout this tumultuous period; Ireland; timeline of key events; Population numbers and distribution; The World of Learning; education; literature; religion. The key debates in the field. This book will be essential reading for all those with an interest in the Tudor Age.

**The last Tudor king; a study of Edward VI, October 12, 1537- July 6th, 1553** Hester W. Chapman, 1959

***A Biographical Encyclopedia of Early Modern Englishwomen*** Carole Levin, Anna Riehl Bertolet, Jo Eldridge Carney, 2016-11-03

From the exemplary to the notorious to the obscure, this comprehensive and innovative encyclopedia showcases the worthy women of early modern England. Poets, princesses or pirates, the women of power and agency found in these pages are indeed worth knowing, and this volume will introduce many female figures to even the most established scholars in early modern studies. Rather than using the conventional alphabetical format of the standard biographical encyclopedia, this volume is divided into categories of women. Since many women will fit in more than one category, each woman is placed in the category that best exemplifies her life and is cross-referenced in other appropriate sections. This structure makes the book an interesting read for seasoned scholars of early modern women, while students need not already be familiar with these subjects in order to benefit from the text. Another unusual feature of this reference work is that each entry begins with some incident from the woman's life that is particularly exciting or significant. Some entries are very brief, while others are extensive. Each includes a source listing. The book is well illustrated and liberally sprinkled with quotations of the time, either by or about the women in the text.

**The Life and Raigne of King Edward the Sixth** Sir John Hayward, 1993

In this book, Barrett Beer presents a scholarly edition of Sir John Hayward's *Life and Raigne of King Edward VI*, the earliest biography of the last Tudor king. Originally published in 1630 and again in 1636, Hayward's account was reprinted in White Kennett's *Complete History of England* in 1706. Beer uses the printed editions and unpublished manuscripts to produce a complete text of Hayward's book. In his introduction, he examines the environment in which

Hayward wrote and considers the influence this pioneering work has had on attitudes toward the mid Tudor period *The Last Tudor King* Hester W. Chapman, 1958

**Edward VI** Chris Skidmore, 2011-07-21 On the death of Henry VIII the crown passed to his nine year old son Edward However real power went to the Protector Edward's uncle the Duke of Somerset The court had been a hotbed of intrigue since the last days of Henry VIII Without an adult monarch the stakes were even higher The first challenger was the duke's own brother he seduced Henry VIII's former queen Katherine Parr having married her he pursued Princess Elizabeth and later was accused of trying to kidnap the boy king at gunpoint He was beheaded Somerset ultimately met the same fate after a coup d'etat organized by the Duke of Warwick Chris Skidmore reveals how the countryside rebellions of 1549 were orchestrated by the plotters at court and were all connected to the literally burning issue of religion Henry VIII had left England in religious limbo Court intrigue deceit and treason very nearly plunged the country into civil war Edward was a precocious child as his letters in French and Latin demonstrate He kept a secret diary written partly in Greek which few of his courtiers could read In 1551 at the age of 14 he took part in his first jousting tournament an essential demonstration of physical prowess in a very physical age Within a year it is his signature we find at the bottom of the Council minutes yet in early 1553 he contracted a chest infection and later died rumours circulating that he might have been poisoned Mary Edward's eldest sister and devoted Catholic was proclaimed Queen This is more than just a story of bloodthirsty power struggles but how the Church moved so far along Protestant lines that Mary would be unable to turn the clock back It is also the story of a boy born to absolute power whose own writings and letters offer a compelling picture of a life full of promise but tragically cut short *The Last Tudor King* Cicely Veronica Wedgwood, 1958

*Puritans and Libertines* Hugh M. Richmond, 1981-01-01

**Princely Education in Early Modern Britain** Aysha Pollnitz, 2015-05-19 In the sixteenth century Erasmus of Rotterdam led a humanist campaign to deter European princes from vainglorious warfare by giving them liberal educations His prescriptions for the study of classical authors and scripture transformed the upbringing of Tudor and Stuart royal children Rather than emphasising the sword the educations of Henry VIII James VI and I and their successors prioritised the pen In a period of succession crises female sovereignty and minority rulers liberal education played a hitherto unappreciated role in reshaping the political and religious thought and culture of early modern Britain This book explores how a humanist curriculum gave princes the rhetorical skills biblical knowledge and political impetus to assert the royal supremacy over their subjects' souls Liberal education was meant to prevent overmighty monarchy but in practice it taught kings and queens how to extend their authority over church and state

**Fool** Peter K. Andersson, 2025-09-23 The first biography of Henry VIII's court fool William Somer a legendary entertainer and one of the most intriguing figures of the Tudor age In some portraits of Henry VIII there appears another striking figure a gaunt and morose looking man with a shaved head and in one case a monkey on his shoulder This is William or Will Somer the king's fool a celebrated wit who reportedly could raise Henry's spirits and spent many hours with him often alone Was Somer an

artificial fool a cunning comic who could speak freely in front of the king or a natural fool someone with intellectual disabilities like many other members of the profession And what role did he play in the tumultuous and violent Tudor era Fool is the first biography of Somer and perhaps the first of a Renaissance fool After his death Somer disappeared behind his legend and historians struggled to separate myth from reality Unearthing as many facts as possible Peter K Andersson pieces together the fullest picture yet of an enigmatic and unusual man with a very strange job Somer s story provides new insights into how fools lived and what exactly they did for a living how monarchs and courtiers related to commoners and people with disabilities and whether aspects of the Renaissance fool live on in the modern comedian But most of all we learn how a commoner without property or education managed to become the court s chief mascot and a continuous presence at the center of Tudor power from the 1530s to the reign of Elizabeth I Looking beyond stereotypes of the man in motley Fool reveals a little known world surprising and disturbing when comedy was something crueler and more unpleasant than we like to think

*Reformations* Carlos M. N. Eire, 2016-06-28 This fast paced survey of Western civilization s transition from the Middle Ages to modernity brings that tumultuous period vividly to life Carlos Eire popular professor and gifted writer chronicles the two hundred year era of the Renaissance and Reformation with particular attention to issues that persist as concerns in the present day Eire connects the Protestant and Catholic Reformations in new and profound ways and he demonstrates convincingly that this crucial turning point in history not only affected people long gone but continues to shape our world and define who we are today The book focuses on the vast changes that took place in Western civilization between 1450 and 1650 from Gutenberg s printing press and the subsequent revolution in the spread of ideas to the close of the Thirty Years War Eire devotes equal attention to the various Protestant traditions and churches as well as to Catholicism skepticism and secularism and he takes into account the expansion of European culture and religion into other lands particularly the Americas and Asia He also underscores how changes in religion transformed the Western secular world A book created with students and nonspecialists in mind *Reformations* is an inspiring provocative volume for any reader who is curious about the role of ideas and beliefs in history

**Boy Republic** Dr Brendan Walsh, 2013-06-19 Patrick Pearse teacher poet and one of the executed leaders of the 1916 Rising has long been a central figure in Irish history The book provides a radically new interpretation of Patrick Pearse s work in education and examines how his work as a teacher became a potent political device in pre independent Ireland The book provides a complete account of Pearse s educational work at St Enda s school Dublin where a number of insurgents such as William Pearse Thomas McDonagh and Con Colbert taught The author draws upon the recollections of past pupils employees descendants of those who worked with Pearse founders of schools inspired by his work including the descendants of Thomas McSweeney and Louis Gavan Duffy and a vast array of primary source material to provide a comprehensive account of life at St Enda s and the place of education within the Irish Ireland movement and the struggle for independence
