Practising Community-Based Participatory Research Shauna MacKinnon, 2018-04-10 There is increasing pressure on university scholars to reach beyond the ivory tower and engage in collaborative research with communities But what does this actually mean What is community based participatory research CBPR and what does engagement look like This book presents stories about CBPR from past and current Manitoba Research Alliance projects in socially and economically marginalized communities Bringing together experienced researchers with new scholars and community practitioners the stories describe the impetus for the research projects how they came to be implemented and how CBPR is still being used to effect change within the community The projects ranging from engagement in public policy advocacy to learning from Elders in First Nations communities were selected to demonstrate the breadth of experiences of those involved and the many different methods used By providing space for researchers and their collaborators to share the stories behind their research this book offers valuable lessons and rich insights into the power and practice of CBPR

*Participatory Development in Appalachia* Susan Emley Keefe, 2009 Often thought of as impoverished backward and victimized the people of the southern mountains have long been prime candidates for development projects conceptualized and controlled from outside the region This book breaking with old stereotypes and the strategies they spawned proposes an alternative paradigm for development projects in Appalachian communities one that is far more inclusive and democratic than previous models Emerging from a critical analysis of the modern development process the participatory development approach advocated in this book assumes that local culture has value that local communities have assets and that local people have the capacity to envision and provide leadership for their own social change It thus promotes better decision making in Appalachian communities through public participation and civic engagement Filling a void in current research by detailing useful hands on tools and methods employed in a variety of contexts and settings the book combines relevant case studies of successful participatory projects with practical recommendations from seasoned professionals Editor Susan E Keefe has included the perspectives of anthropologists

sociologists and others who have been engaged sometimes for decades in Appalachian communities These contributors offer hopeful new strategies for dealing with Appalachia's most enduring problems strategies that will also aid activists and researchers working in other distressed or underserved communities Susan E Keefe is professor of anthropology at Appalachian State University She is the editor of *Appalachian Mental Health and Appalachian Cultural Competency A Guide for Medical Mental Health and Social Service Professionals*

on Latino employment      **The Routledge Companion to Inclusive Leadership** Joan Marques, 2020-03-17 An important reference work on a practice that is needed more than ever in a VUCA world this book helps readers understand the importance of responsible and constructive practices and behavior in leadership The broad approach to inclusive leadership presented in this volume highlights correlations between inclusive leadership and myriad issues qualities and circumstances that serve as foundations or impact factors on it Some contributors review contemporary concepts and challenges such as change innovation the bottom line sustainability and performance excellence against inclusive leadership Other contributors reflect on critical practices and qualities such as trust passion ethics spirituality and empathy and their relationships with inclusive leadership A range of religious and spiritual influences are also evaluated in the context of inclusive leadership such as but not limited to Buddhism Taoism Hinduism Jainism and Christianity Postgraduate students instructors and coaches will appreciate this comprehensive look at inclusive leadership which has become an urgent concept to be internalized and practiced by all regardless of positions possessions locations or generations      Academic Profiling Gilda L. Ochoa, 2013-10-01 Today the achievement gap is hotly debated among pundits politicians and educators In particular this conversation often focuses on the two fastest growing demographic groups in the United States Asian Americans and Latinos In Academic Profiling Gilda L. Ochoa addresses this so called gap by going directly to the source At one California public high school where the controversy is lived every day Ochoa turns to the students teachers and parents to learn about the very real disparities in opportunity status treatment and assumptions that lead to more than just gaps in achievement In candid and at times heart wrenching detail the students tell stories of encouragement and neglect on their paths to graduation Separated by unequal middle schools and curriculum tracking they are divided by race class and gender While those channeled into an International Baccalaureate Program boast about Socratic classes and stress release sessions students left out of such programs commonly describe uninspired teaching and inaccessible counseling Students unequally labeled encounter differential policing and assumptions based on their abilities disparities compounded by the growth in the private tutoring industry that favors the already economically privileged Despite the entrenched inequality in today's schools Academic Profiling finds hope in the many ways students and teachers are affirming identities creating alternative spaces and fostering critical consciousness When Ochoa shares the results of her research with the high school we see the new possibilities and limits of change      **Ethnic Studies Research** Timothy P. Fong, 2008-05-02 Study of ethnic groups and race relations have always existed in the academy primarily in the areas of sociology and anthropology However grassroots movements for ethnic studies programs and departments came about with very different agendas for the study of these groups It is surprising then that relatively few books devoted to these methods exist to document and promote this innovation among succeeding generations of graduate students as well as current academics and professional practitioners Ethnic Studies Research synthesizes and benchmarks ethnic studies methodologies as interdisciplinary modes of inquiry providing state of

the art summary chapters on key methods and issues extensive bibliographies and promising new directions for the future

**Publicly Engaged Scholars** Margaret A. Post, Elaine Ward, Nicholas V. Longo, John Saltmarsh, 2023-07-03 The concern that the democratic purposes of higher education and its conception as a public good are being undermined with the growing realization that existing structures are unsuited to addressing today's complex societal problems and that our institutions are failing an increasingly diverse population all give rise to questioning the current model of the university This book presents the voices of a new generation of scholars educators and practitioners who are committed to civic renewal and the public purposes of higher education They question existing policies structures and practices and put forward new forms of engagement that can help to shape and transform higher education to align it with societal needs The scholars featured in this book make the case for public scholarship and argue that in order to strengthen the democratic purposes of higher education for a viable future that is relevant to the needs of a changing society we must recognize and support new models of teaching and research and the need for fundamental changes in the core practices policies and cultures of the academy These scholars act on their values through collaboration inclusiveness participation task sharing and reciprocity in public problem solving Central to their approach is an authentic respect for the expertise and experience that all stakeholders contribute to education knowledge generation and community building This book offers a vision of the university as a part of an ecosystem of knowledge production addressing public problems with the purpose of advancing a more inclusive deliberative democracy and explores the new paradigm for teaching learning and knowledge creation necessary to make it a reality

**Latino Small Businesses and the American Dream** Melvin Delgado, 2011-10-04 Latino small businesses provide social economic and cultural comfort to their communities They are also excellent facilitators of community capacity a major component of effective social work practice Social work practitioners have a vested interest in seeing such businesses grow not only among Latinos but all communities of color Reviewing the latest research on formal and informal economies within urban communities of color Melvin Delgado lays out the demographic foundations for a richer collaboration between theory and practice Delgado deploys numerous case studies to cement the link between indigenous small businesses and community well being Whether regulated or unregulated these establishments hire from within and promote immigrant self employment Latino small businesses often provide jobs for those whose criminal and mental health backgrounds intimidate conventional businesses Recently estimated to be the largest group of color running small businesses in the United States Latino owners top two million with the number expected to double within the next few years Joining an understanding of these institutions with the kind of practice that enables their social and economic improvement Delgado explains how to identify and mobilize the kinds of resources that best spur their development

**Race, Poverty, and Social Justice** José Z. Calderón, 2023-07-03 This volume explores multiple examples of how to connect classrooms to communities through service learning and participatory research to teach issues of social justice The various chapters provide examples of

how collaborations between students faculty and community partners are creating models of democratic spaces on campus and off campus where the students are teachers and the teachers are students The purpose of this volume is to provide examples of how service learning can be integrated into courses addressing social justice issues At the same time it is about demonstrating the power of service learning in advancing a course content that is community based and socially engaged To stimulate the adaptation of the approaches described in these books each volume includes an Activity Methodology table that summarizes key elements of each example such as class size pedagogy and other disciplinary applications Click here for the table to this title      **Financial Education and Capability** Julie Birkenmaier,Jami Curley,Margaret Sherraden,2013-02-21

Walker,2021-11-29 An invaluable contribution to the area of leadership studies the Handbook of International and Cross Cultural Leadership Research Processes Perspectives Practice Instruction brings together renowned authors with diverse cultural academic and practitioner backgrounds to provide a comprehensive overview and analysis of all stages of the research process The handbook centers around authors international research reflections and experiences with chapters that reflect and analyze various research experiences in order to help readers learn about the integrity of each stage of the international leadership research process with examples and discussions Part I introduces philosophical traditions of the leadership field and discusses how established leadership and followership theories and approaches sometimes fail to capture leadership realities of different cultures and societies Part II focuses on methodological challenges and opportunities Scholars share insights on their research practices in different stages of international and cross cultural studies Part III is forward looking in preparing readers to respond to complex realities of the leadership field teaching learning publishing and applying international and cross cultural leadership research standards with integrity The unifying thread amongst all the chapters is a shared intent to build knowledge of diverse and evolving leadership practices and phenomena across cultures and societies The handbook is an excellent resource for a broad audience including scholars across disciplines and fields such as psychology management history cognitive science economics anthropology sociology and medicine as well as educators consultants and graduate and doctoral students who are interested in understanding authentic leadership practices outside of the traditional Western paradigm      *Transformative Ethnic Studies in Schools* Christine E. Sleeter,Miguel Zavala,2020 This timely and compelling book conceptualizes Ethnic Studies not only as a vehicle to transform and revitalize the school curriculum but also as a way to reinvent teaching Drawing on Sleeter s research review on the impact of Ethnic Studies commissioned by the National Education Association NEA the authors show how the traditional curriculum s Eurocentric view of the world affects diverse

student populations The text highlights several contemporary exemplars of curricula from classroom level to district or state wide illustrating core concepts in Ethnic Studies across a variety of disciplines and grade levels A final chapter considers how research on P 12 ethnic studies can be conceptualized and conducted in ways that further both advocacy and program sustainability Transformative Ethnic Studies in Schools is essential reading for educators working to transform schools by rehumanizing learning spaces for all students Book Features Explores how the traditional curriculum is not ideologically neutral and the effect that has on both students of color and White students Situates Ethnic Studies within anti racist movements to decolonize schooling Illustrates the transformative potential of contemporary Ethnic Studies projects Draws on the insights of Ethnic Studies teachers researchers and activists from across the United States Updates and expands on NEA s synthesis of the research on the academic and social value of Ethnic Studies Christine Sleeter and Miguel Zavala pull no punches in their approach to ethnic studies in education Despite the negative critiques of ethnic studies rooted in White supremacy and the politics of fear their contribution to critical thought and praxis is necessary and commendable Like many of our comrades in this struggle I rejoice in the fact that they remain undeterred and unafraid David Stovall University of Illinois at Chicago

**Latinos and Latinas at Risk** Gabriel Gutiérrez, 2015-01-26 This two volume collection of essays addresses the Latino a experience in present day America covering six major areas of importance education health family children teens and violence The Latino a presence in this country predates the United States itself yet this group is often marginalized in the American culture Many noted experts explore the ideology behind this prejudicial attitude examining how America views Latinos as how Latinos as view themselves and what the future of America will look like as this group progresses toward equitable treatment Through the exploration process the book reveals the complexity and diversity of this community tracing the historical trajectories of those whose diverse points of origin could be from almost anywhere including the Americas Europe or other places Written with contemporary issues at the forefront this timely collection looks at the resolve of the Latino people and considers their histories contributions concerns and accomplishments Pointed essays address disparate quality of life issues in education health and economic stability while depicting individual and group efforts in overcoming barriers to mainstream American society Each chapter discusses key challenge areas for the Latino American population in everyday life An engaging Further Investigations feature poses questions about most of the essays leading to critical thinking about the most important topics affecting Latino as today

**Composing Storylines of Possibilities** Martha J. Strickland, 2022-01-01 In this book internationally migrant families invite us to listen to the storylines of their mostly muted voices as they navigate the local schools in their new cultural context They call us to hear them as they grapple with issues they encounter They implore us to feel like an outsider and see the school as a foreign culture with language and communication barriers The book is organized to enhance this carework Each chapter begins with a vignette that includes the voices of one or more members of international migrating families while introducing the context of the chapter At the end

of each chapter readers will find specific implications to consider These are constructed with preservice teachers practicing teachers and educational administrators in mind As you read each chapter there is the call for school transformation The families in this book entreat school personnel to engage with international migrant families and to embrace a risk and resilience model as we strive together for success These storylines challenge us to examine our personal storylines for biases and deficit understandings and call us all to purposefully rewrite these in the spirit of possibilities as the families in this book have embodied for us *Interrogating and Innovating Comparative and International Education Research* ,2019-12-16

Conversations related to epistemology and methodology have been present in comparative and international education CIE since the field s inception How CIE phenomena are studied the questions asked the tools used and ideas about knowledge and reality that they reflect shape the nature of the knowledge produced the valuing of that knowledge and the implications for practice in diverse societies This book is part of a growing conversation in which the ways that standardized practices in CIE research have functioned to reproduce problematic hierarchies silences and exclusions of diverse peoples societies knowledges and realities Argued is that there must be recognition and understanding of the negative consequences of hegemonic onto epistemologies and methodologies in CIE dominantly sourced in European social science traditions that continue to shape and influence the design implementation and dissemination application of CIE research knowledge Yet while critical reflection is necessary it alone is insufficient to realize the transformative change called for as students researchers practitioners and policymakers we must hear and heed calls for concrete action to challenge resist and transform the status quo in the field and work to further realize a more ethical and inclusive CIE *Interrogating and Innovating Comparative and International Research* presents a series of conceptual and empirically based essays that critically explore and problematize the dominance of Eurocentric epistemological and methodological traditions in CIE research As an action oriented volume the contributions do not end with critique rather suggestions are made and orientations modelled from different perspectives about the possibilities for change in CIE Contributors are Emily Anderson Supriya Baily Gerardo L Blanco Alisha Braun Erik Jon Byker Meagan Call Cummings Brendan J DeCoster D Brent Edwards Jr Sothy Eng Ameena Ghaffar Kucher Jeremy Gombin Sperling Kelly Grace Radhika Iyengar Huma Kidwai L Minh H ng Caroline Manion Patricia S Parker Leigh Patel Timothy D Reedy Karen Ross Betsy Scotto Lavino Payal P Shah Derrick Tu and Matthew A Witenstein *Financial Capability and Asset Development* Julie Birkenmaier,Margaret Sherraden,Jami Curley,2013-01-11 This book introduces the concept of financial capability and assembles the latest evidence from ground breaking innovations with financially vulnerable families and links it to education policy and practice This book is a key resource for those interested in improving financial education and financial products and services for low income families

**Settler-Indigeneity in the West Bank** Rachel Z. Feldman,Ian McGonigle,2023-10-15 Since Israel conquered the West Bank formerly held by Jordan in 1967 over 400 000 settlers have moved into the territory In recent years Israeli settler

organizations and allied American Jewish lobbyists have responded to international condemnation of the occupation by mobilizing narratives of indigeneity claiming sovereign and divine rights to the land. *Settler Indigeneity in the West Bank* asks what Israeli settlers mean when they say they are indigenous, how settler indigeneity is felt, performed, and mediated, and what the implications of indigeneity claims are on the international stage. Building on foundational scholarship that has come out of postcolonial and indigeneity studies, the volume theorizes settler indigeneity as a cultural phenomenon and product of transnational settler colonial histories while also interrogating the dialectic of settler and indigenous to illustrate their co-constitution. Considering agriculture, clothing, food, language, and religious practices, the chapters explore how feelings of indigeneity are fashioned and how these feelings continue to transform the landscape of the West Bank. Offering a series of original ethnographic accounts of these cultures and communities, *Settler Indigeneity in the West Bank* intimately documents and discusses the processes of settler nativization in conversation with a variety of related literature in anthropology, cultural studies, Israel studies, religious studies, and settler colonial studies.
