Lauda Jerusalem Rv609 Score Salmo 147 Critical Edition:

Choral-Orchestral Repertoire Jonathan D. Green, David W. Oertel, 2019-12-05 Choral Orchestral Repertoire A Conductor's Guide Omnibus Edition offers an expansive compilation of choral orchestral works from 1600 to the present. Synthesizing Jonathan D. Green's earlier six volumes on this repertoire, this edition updates and adds to the over 750 oratorios, cantatas, choral symphonies, masses, secular works for large and small ensembles, and numerous settings of liturgical and biblical texts for a wide variety of vocal and instrumental combinations. Each entry includes a brief biographical sketch of the composer, approximate duration, text sources, performing forces, available editions, and locations of manuscript materials, as well as descriptive commentary, a discography, and a bibliography. Unique to this edition are practitioner's evaluations of the performance issues presented in each score. These include the range, tessitura, and nature of each solo role and a determination of the difficulty of the choral and orchestral portions of each composition. There is also a description of the specific challenges, staffing, and rehearsal expectations related to the performance of each work. Choral Orchestral Repertoire is an essential resource for conductors and students of conducting as they search for repertoire appropriate to their needs and the abilities of their ensembles.

A Conductor's Guide to Selected Baroque Choral-Orchestral Works Jonathan D. Green, 2013-12-05 In *A Conductor's Guide to Selected Baroque Choral-Orchestral Works*, Jonathan D. Green's sixth book, length contribution of guides for conductors, he offers this companion to his critically acclaimed *A Conductor's Guide to the Choral Orchestral Works of J. S. Bach*. In this volume, Green addresses works of the Baroque era from Monteverdi through Bach's contemporaries. In addition to brief biographical sketches for each composer, Green includes for each work the approximate duration, text sources, performing forces, currently available editions, locations of manuscript materials, notes on performance issues, evaluation of solo roles, evaluation of difficulty, and a discography and bibliography. Duration information comes from a variety of sources, but Green turns to actual recording times of performances. The purpose of this book is to aid conductors in selecting repertoire appropriate to their needs and the abilities of their ensembles. The discographies and bibliographies, while not exhaustive, serve as helpful starting points for further research. *A Conductor's Guide to Selected Baroque Choral-Orchestral Works* should appeal to conductors in supporting their concert programming. Librarians and music students will also find this work an ideal reference title for the study of Baroque repertoire.
