was gone from this earth I felt an overwhelming need for more of her I had to find her again But how do you find someone after they re gone for good After her mother succumbed to a rare form of dementia Myrl Coulter turned the eulogy she had written for the funeral into a series of meditations on absence The result is fifteen personal narrative essays that move through the vacations holidays special occasions and ordinary days each year brings Coulter reaches for the mother who is gone yet ever present no matter where she is or what she is doing In every captivating detail of Coulter s world A Year of Days offers readers an intimate odyssey of experience and catharsis *The 90-Day Inner Child Healing Journey* Kiros

Nuncio Gregory,2025-02-04 For many adults childhood experiences linger like forgotten tenants in the mind shaping behaviors fueling anxieties and coloring relationships The 90 Day Inner Child Healing Journey A Proven Roadmap to Overcome Childhood Trauma Reparent Yourself and Reclaim Your Authentic Life offers a direct approach to identify those invisible forces and transform them into catalysts for growth This is a definitive outline for daily progress guiding you with

clarity from emotional chaos to stable self trust Inside these pages you ll uncover how childhood wounds can manifest in your adult self sometimes as codependency other times as crippling shame or perhaps an entrenched habit of self sabotage Take Ryan s experience he was a successful engineer who privately torpedoed every relationship that felt too close Eventually he recognized the echo of a distant father whose approval he craved but never received Through consistent journaling and guided reflections Ryan realized that pushing people away was his default reaction to any hint of emotional vulnerability By employing the reparenting techniques described in this book he replaced that instinct with a healthier script I m allowed to need connection Result Ryan found himself in a long term partnership built on mutual respect instead of emotional evasion Each phase of this 90 day plan tackles a different layer of healing The early section focuses on pinpointing the origins of your emotional reflexes If you ve ever wondered why a small rejection feels like the end of the world or why you sabotage opportunities just when they re about to flourish prepare for the daily exercises that put these mysteries under the spotlight Next you ll dissect the guilt fear and self doubt that act like anchors around your ambitions This portion isn t about half hearted suggestions it gives you firm steps to challenge and rewrite old narratives Then you ll move into integration forging genuine self compassion building new habits that survive real life stress and reinforcing those boundaries you used to ignore Consider Jana who believed she had to be the caregiver for her entire family even when they demanded more than was reasonable She discovered that her childhood vow If I keep everyone happy they ll love me was driving her adult exhaustion By applying boundary setting strategies and daily self talk prompts Jana started saying No without guilt She also noticed her relationships improving not deteriorating as she had once feared What can you expect after 90 days A calmer internal monologue the ability to recognize triggers before they hijack your day and a renewed sense of empowerment in your choices Does this mean you ll never feel old twinges of anxiety or shame Of course not But it does mean you ll have the concrete tools and the emotional bandwidth to handle them differently Think of it as rewriting the script of your life so that the child inside you is no longer the anxious director calling the shots This journey doesn t require expensive therapy sessions or endless philosophical musings It calls for curiosity honesty and about 15 20 minutes a day to engage with the activities You ll explore how to offer the love support and boundaries your younger self missed out on You ll practice short decisive methods for reframing negative beliefs And you ll see how small changes accumulate into a profound shift over the span of three months If you ve ever felt trapped by your past or convinced that your reactions are set in stone this book is proof that personal growth is entirely possible and within reach One Additional Perspective you hold the reins The structure is here The tasks are here The question is whether you ll seize them or remain stuck in old cycles If you choose to proceed you ll find that even the toughest memories can be transformed into lessons and your adult life can finally reflect a healthier more confident you Let the next 90 days and beyond show you what you re really capable of once you align your inner child s needs with your adult self s potential You just might surprise yourself

Michael throws himself into being a father with vigor and in this funny and inspiring account he delivers a blow-by-blow account of his daughter's first year. Join this new father as he takes joy in every new thing his daughter does from smiling to farting, survives without sleep and still manages to function, compose and sing songs for his newborn and shows off his little girl to everyone who'll take a look. Relive what it felt like to be a parent for the first time or get a glimpse of what might lie ahead in your future. The candid and heartwarming stories in *Daddie Days* showcase the difficulties and joys of being a parent and express a father's love for the daughter who has changed his life. **Encyclopedia of American Humorists** Steven H. Gale, 2016-04-14 First published in 1988, this book contains entries on famous American Humorists. Humor has been present in American literature from the beginning and has developed characteristics that reflect the American character, both regional and national. Although American literature was in the past treated as inferior to British literature, there has always been a large popular audience for the genre, which this book shows. The figures with entries in this encyclopedia not only amuse in their writing but also aim to enlighten, setting out to expose the foibles and foolishness of society and the individuals who compose it. It is the manner in which these authors try to accomplish this end that determines whether they appear in the volume. Indeed, the book will demonstrate that the best humor has at its base a ready understanding of human nature. **Still Me** Sabina Brennan, 2025-07-17 AN IRISH TIMES BESTSELLER What everybody needs to read: a deep and powerful understanding of what the person who has dementia is going through.
