## **Lautraamont Et Sade:**

*Lautréamont Et Sade* Maurice Blanchot, 1969      **Sade's Philosophical System in its Enlightenment Context** Henry Martyn Lloyd, 2018-09-05 This book connects the philosophy of the Marquis de Sade one of the most notorious iconic and yet poorly understood figures within the history of European thought with the broader themes of the Enlightenment Rather than seeing himself as a mere pornographer Sade understood himself as continuing the progressive tradition of French Enlightenment philosophy Sade aspired to be a philosophe This book uses intellectual history and the history of philosophy to reconstruct Sade's philosophical system and its historical context Within the period's discourse of sensibility Sade draws on the philosophical and the literary to form a relatively sophisticated system which he deploys to critically engage with the two major strands of eighteenth century ethical theory the moral sense and natural law traditions This work is of interest to Continental Philosophy Critical Theory French Studies the History of Eighteenth Century Philosophy Literary Studies the History of Moral Philosophy and Enlightenment Studies      The Eroticization of Distance Joseph D. Kuzma, 2016-07-26 In *The Eroticization of Distance* Nietzsche Blanchot and the Legacy of Courtly Love Joseph D Kuzma explores the significance of courtly erotic themes in Friedrich Nietzsche's mature philosophy and in Maurice Blanchot's writings of the 1940s and early 1950s Rather than offering an account of erotic relationality that prioritizes reconciliation fulfillment or release Nietzsche attempts to formulate a nonteleological eroticism that aims at nothing but the perpetual intensification of desire Kuzma suggests that it is Blanchot who carries Nietzsche's courtly erotic tendencies to their most provocative point by highlighting potentials for intimate relationality that might be established through a shared experience of dispossession and loss This first monograph to engage specifically with the theme of eroticism in Blanchot's writings will be of interest not only to students and scholars of Nietzsche Blanchot or French philosophy but also anyone interested in the philosophy of sexuality the history of love theories of the emotions or nineteenth and twentieth century European thought more generally      Lautréamont's Imagery Peter W. Nesselroth, 1969      **Lautréamont and Sade** Maurice Blanchot, 2004 In this book Blanchot forcefully distinguishes his critical project from the major intellectual currents of his day surrealism and existentialism      De Sade's quantitative moral universe Roberta J. Hackel, 2019-07-08 No detailed description available for De Sade's quantitative moral universe      *Distant Suffering* Luc Boltanski, 1999-10-13 *Distant Suffering* first published in 1999 examines the moral and political implications for a spectator of the distant suffering of others as presented through the media What are the morally acceptable responses to the sight of suffering on television for example when the viewer cannot act directly to affect the circumstances in which the suffering takes place Luc Boltanski argues that spectators can actively involve themselves and others by speaking about what they have seen and how they were affected by it Developing ideas in Adam Smith's moral theory he examines three rhetorical topics available for the expression of the spectator's response to suffering the topics of denunciation and of sentiment and the aesthetic topic The book concludes with a discussion of a crisis of pity in relation to

modern forms of humanitarianism A possible way out of this crisis is suggested which involves an emphasis and focus on present suffering

**Illegibility** William S. Allen, 2021-06-03 The philosophical significance of Maurice Blanchot's writings has rarely been in doubt Specifying the nature and implications of his thinking has proved much less easy particularly in reference to the key figure of G W F Hegel Examination reveals that Blanchot's thinking is persistently oriented towards a questioning of the terms of Hegel's thought while nevertheless remaining within its themes which shows how rigorously he studied Hegel's works but also how radical his critique of them became Equally it allows for a crucial discussion of the differences between Blanchot's responses to Hegel and those of Jacques Derrida with the implicit suggestion that in some ways Blanchot's critique of Hegel is more far reaching than that developed by Derrida William S Allen demonstrates those aspects of Hegelian thought that permeate Blanchot's writings and in turn develops a detailed three way analysis of Derrida Hegel and Blanchot The key question around which this analysis develops is that of the relation between thought and language concerning the issue of the infinite and its legibility Illegibility introduces a new and substantially philosophical account of Blanchot's importance and also shows how his writings laid the ground for Derrida's work while developing their own uniquely challenging response to the problems of post Hegelian thought

Remains of a Self Cathrine Bjørnholt Michaelsen, 2021-06-29 From the twentieth century in the twenty first psychoanalysis and deconstruction have challenged and continue to challenge our conceptions of subjectivity and selfhood Psychoanalysis revealed that even in our innermost households we are never quite alone rather instances of otherness incessantly interfere in our most intimate relation to ourselves forcing us to adapt continuously Deconstruction inheriting both this psychoanalytic disclosure and Heidegger's destruction of the history of metaphysics went to the foundations of the Western constructions of the subject and the self only to find how a destabilizing otherness was always already haunting them What if anything remains of the self in the aftermath Early on in the wake of deconstruction a certain misconceived and simplified notion of the death of the subject was proclaimed and in recent years more or less successful attempts have been made at reviving the notions of the subject the self and agency In contrast to these attempts at revival this book offers a two pronged approach On the one hand it argues that neither psychoanalysis nor deconstruction propounds a simple annihilation of the subject or liquidation of the self on the other hand however neither do they pave the way for a return to the subject or resurrection of the self that would allow us once again to become confident about our presence to ourselves Instead this book suggests that if we set ourselves the task of taking up the heritage from psychoanalysis and deconstruction in a serious manner we are obliged to retrace the subject and the self as undergoing perpetual auto deconstruction

*Pornography, the Theory* Frances Ferguson, 2004-04-25 Ferguson argues that the emergence of pornography as a literary phenomenon in Western culture can be tied to the development of utilitarian philosophy She contends that considering the usefulness of something rather than its individual essence diverts our attention from individual identities

**Blank Darkness** Christopher L. Miller, 1985 Blank Darkness

Africanist Discourse in French is a brilliant and altogether convincing analysis of the way in which Western writers from Homer to the twentieth century have imposed their language of desire on the least known part of the world and have called it Africa There are excellent readings here of writers ranging from Baudelaire Rimbaud Sade and C line to Conrad and Yambo Ouologuem but even more impressive and important than these individual readings is Mr Miller s wide ranging incisive and exact analysis of Africanist discourse what it has been and what it has meant in the literature of the Western world James Olney Louisiana State University *Lacan and Deleuze* Bostjan Nedoh,2016-10-26 It is often said that Lacan is the most radical representative of structuralism a thinker of negativity and alienation whereas Deleuze is pictured as a great opponent of the structuralist project a vitalist and a thinker of creative potentialities of desire It seems the two cannot be further apart This volume of 12 new essays breaks the myth of their foreignness if not hostility and places the two in a productive conversation By taking on topics such as baroque perversion death drive ontology topology face linguistics and formalism the essays highlight key entry points for a discussion between Lacan s and Deleuze s respective thoughts The proposed lines of investigation do not argue for a simple equation of their thoughts but for a disjunctive synthesis which acknowledges their differences while insisting on their positive and mutually informed reading **Nostalgic Rebels: Politics, Aesthetics, and Selfhood in Postcolonial Morocco** Khalid Lyamlahy,2025-05-23 Mohammed Kha r Eddine 1941 1995 Abdelk bir Khatibi 1938 2009 and Abdellatif La bi 1942 are three of the most important francophone Moroccan writers to have emerged in the 1960s Belonging to the Souffles generation named after the journal of culture and politics founded in 1966 they played a major role in cultural decolonization and the development of Moroccan literature This book examines their works and legacy through the dual lenses of revolt and nostalgia By weaving together comparative close readings of their writings with an analysis of the broader historical and political context in Morocco the book demonstrates that these writers have used revolt and nostalgia to address state sponsored violence grapple with uncertainties about the writing process and advance or revitalize their political and aesthetic projects In doing so this study traces a literary genealogy of political resistance aesthetic subversion and nostalgic reconstruction in postcolonial Morocco while offering a nuanced historical perspective that is closely attuned to the specificities of Moroccan postcoloniality and sensitive to individual trajectories and experiences The book covers a wide range of literary genres including poetry theater prose fiction and autobiography all analyzed through a distinctively Moroccan historical and cultural lens providing new insights into Moroccan literature and the theories of revolt and nostalgia Being Contemporary: French Literature, Culture and Politics Today Lia Brozgal,Sara Kippur,2016-01-26 A collection of 23 riveting essays on aspects of contemporary French culture by the superstars of the field *Great Nineteenth-century French Short Stories* Angel Flores,1990-01-01 Seventeen imaginative selections by lesser known writers Adolphe Benjamin Constant Salome Jules Laforgue The Anatomist Petrus Borel 14 more Trends toward the fantastic expressionism surrealism Introductory notes The Entrapments of Form Catherine Toal,2016-03-01 Arguing that

cruelty acquires a new meaning in modernity The Entrapments of Form follows its evolution through exchanges between French and American literature over the contradictions of Enlightenment slavery genocide libertine aristocratic privilege Catherine Toal traces Edgar Allan Poe s influence on the Sadean legacy Melville s fictional dramatization of Tocqueville and Henry James s response to the aesthetic of his French contemporaries including Flaubert The result is not simply a work that provides close readings of key literary texts of the nineteenth century Benito Cereno The Turn of the Screw Les Chants de Maldoror but one that shows how in this era cruelty develops a specific narrative structure one that is confirmed by the manner of its negation in twentieth century philosophy The final chapters address this shift the postwar French reception of Sade and the relationship between American cultural theory and the rhetoric of the so called war on terror **The**

**Revolting Body of Poetry** Scott Shinabargar,2016-07-11 If the transgressions of modern French poetry have been amply noted at thematic and formal levels they remain largely unremarked at the most visceral level of reading Indebted to while problematizing the Kristevan concept of s miotique Scott Shinabargar s The Revolting Body of Poetry reveals how the very matter of key works forces us to enact these transgressions when articulating textures of offensive lexica and imagery While certain phonemes provide access to previously untapped forces first apparent in Baudelaire and Lautr amount compulsive repetitions produce expressive inflation diffusing any initial impact C saire and Char however demonstrate an acquired control of these forces intensity contained Shinabargar concludes with a survey of contemporary poets inviting readers to consider the legacy of revolting poetics , **A New History of French Literature** Denis Hollier,1998-08-19 This

splendid introduction to French literature from 842 A D to the present decade is the most imaginative single volume guide to the French literary tradition available in English **Surrealism and the Gothic** Neil Matheson,2017-08-07 Surrealism and

the Gothic is the first book length analysis of the role played by the gothic in both the initial emergence of surrealism and at key moments in its subsequent development as an art and literary movement The book argues the strong and sustained influence not only of the classic gothic novel itself Ann Radcliffe Charles Maturin Matthew Lewis etc but also the determinative impact of closely related phenomena as with the influence of mediumism alchemy and magic The book also traces the later development of the gothic novel as with Bram Stoker s Dracula and its mutation into such works of popular fiction as the Fant mas series of Marcel Allain and Pierre Souvestre enthusiastically taken up by writers such as Apollinaire and subsequently feeding into the development of surrealism More broadly the book considers a range of motifs strongly associated with gothic writing as with insanity incarceration and the accursed outsider explored in relation to the personal experience and electroshock treatment of Antonin Artaud A recurring motif of the analysis is that of the gothic castle developed in the writings of Andr Breton Artaud Sade Julien Gracq and other writers as well as in the work of visual artists such as Magritte
