Law And Records In Medieval England:

Law and Records in Medieval England Jane E. Sayers, 1988-01-01 The first articles here are concerned with the administration of canon law the law of the Church and its application in England in the 12th 15th centuries At the centre of this law was the Papal court and Dr Sayers examines how this worked in practice how cases involving English litigants were dealt with and by whom Other articles look at the procedures of the church courts in England and specific areas of local jurisdiction such as that of monastic archdeacons In the second group of articles she turns to records their compilation use and retention Of the texts studied some relate directly to the church courts others are privileges or charters The author seeks to elucidate the diplomatic interest of these documents and to show how much their study and the study of archives can reveal whether on the history of a great monastic house such as the abbey of St Alban or on the particular significance of a privilege granted to the small leper house of St Giles at Maldon Additional notes and an extensive index enhance the value of the collection

Decretals and the Creation of the 'New Law' in the Twelfth Century Charles Duggan, 2024-10-28 In this second volume of studies on 12th century canon law Charles Duggan emphasises the European context of the emergence of the *ius novum* the new law of the Western church based on specific cases and informed by the academic learning of the schools where canon law was taught as a scholarly discipline The themes range from marriage and forgery to regional applications with studies on decretals to Hungary and Archbishop Roger of York respectively Italian marriage decretals the impact of the Becket dispute litigation involving English secular magnates and the crown culminating with a perceptive analysis of the role of judges delegate in the formation and application of the new principles of law and jurisprudence which the practice of local courts and appeals to the papacy brought into being Significant light is thrown on English collectors judges and secular and ecclesiastical litigants Wherever possible calendars are provided often with more accurate identifications and dating and based on the fullest manuscript sources

The Council of Bourges, 1225 Richard Kay, 2019-04-16 Never before had France had a church council so large almost 1000 churchmen assembled at Bourges on 29 November 1225 to authorize a tax on their incomes in support of the Second Albigensian Crusade About one third of the participants were representatives sent by corporate bodies in accordance with a new provision of canon law that insisted for the first time ever that there should be no taxation without representation Basing himself on the rich surviving records Professor Kay paints a skilful portrait of this council the political manoeuvring by the papal legate to ensure the tax went through and his use of this highly public occasion to humiliate members of the University of Paris and on the other hand his failure to win a permanent endowment to support the papal bureaucracy the bishops effective protests against the pope's threat to diminish their jurisdiction over monasteries and a subsequent taxpayers revolt that challenged the validity of the tax The book also draws out the importance and implications of what took place highlighting the council's place at the fountainhead of European representative democracy the impact of the decisions made on the course of the Albigensian

Crusade the reform of monasticism and the funding of the papal government which was left to rely on stop gap expedients such as the sale of indulgences In addition the author suggests that the corpus of texts newly edited from the original manuscripts and with English translation could be seen as a model for the revision of the conciliar corpus most of which still remains based on 18th century scholarship

The Oxford History of the Laws of England: The Canon law and ecclesiastical jurisdiction from 597 to the 1640s R. H. Helmholz,2003 This is one of the first volumes to appear in a landmark new series The Oxford History of the Laws of England It traces the history of the reception and role of the canon law in England between 597 and 1649 examining both the establishment of ecclesiastical courts and the heads of jurisdiction within them Legal practice is viewed against the background of the formal canon law Readership Libraries and scholars of ecclesiastical law and history canon law and history Medieval and Early Modern history and comparative law

Law and Language in the Middle Ages ,2018-07-10 Law and Language in the Middle Ages investigates the encounter between law and legal practice from the linguistic perspective The essays explore how legal language expresses and advances power relations along with the ways in which the language of law legitimates power The wide geographical and chronological scope showcases how power legitimacy and language interact moving the discussion beyond traditional issues of identity or the formation of nation states and their institutions What emerges are different strategies reflective of the diverse and pluralistic political legal and cultural worlds of the Middle Ages Contributors are Michael H Gelting Dirk Heirbaut Carole Hough Anette Kremer Ada Maria Kuskowski Anders Leegaard Knudsen Andr Marques Matthew McHaffie Bruce O'Brien Paul Russell Werner Sch fke and Vincenz Schwab

English Legal History and its Sources David J. Ibbetson,Neil Jones,Nigel Ramsay,2019 A Festschrift in honour of Professor Sir John Baker presented by leading scholars on the sources of English legal history

Law's History David M. Rabban,2013 This is a study of the central role of history in late nineteenth century American legal thought In the decades following the Civil War the founding generation of professional legal scholars in the United States drew from the evolutionary social thought that pervaded Western intellectual life on both sides of the Atlantic Their historical analysis of law as an inductive science rejected deductive theories and supported moderate legal reform conclusions that challenge conventional accounts of legal formalism Unprecedented in its coverage and its innovative conclusions about major American legal thinkers from the Civil War to the present the book combines transatlantic intellectual history legal history the history of legal thought historiography jurisprudence constitutional theory and the history of higher education

Love, Hate, and the Law in Tudor England L. R. Poos,2022 Love Hate and the Law in Tudor England reconstructs the life of Ralph Rishton a member of the sixteenth century Lancashire gentry who was a child bridegroom and a serial wife discarder who bribed church officials to obtain a forged annulment defrauded a kinsman out of his inheritance and adroitly manipulated his own and other people s land The dozens of lawsuits in which the Rishtons were involved in many different courts elucidate one family s engagement with law in Tudor England how they used and misused

law how it shaped their perceptions of rights and mutual obligations and how it framed litigants and witnesses language Drawing upon trial and estate records the core of this study is the central narrative of Ralph Rishton s three wives of litigiousness and violence marriage and property and the pursuit of equitable resolutions to disputes along with countless smaller narratives that vividly capture a culture in its time and place Alongside that central narrative L R Poos uses the Rishton stories as a starting point to analyse child marriage the construction of memory and the development of local historical identity through antiquarians and the Victorian and Edwardian local press demonstrating how from the time of the Rishtons into the twentieth century historical narratives were continually reshaped and repurposed **Great Britain**

Handbook on Interdisciplinary Approaches to Law and Religion Russell Sandberg,Norman Doe,Bronach Kane,Caroline Roberts,2019 Following 9 11 increased attention has been given to the place of religion in the public sphere Across the world Law and Religion has developed as a sub discipline and scholars have grappled with the meaning and effect of legal texts upon religion The questions they ask however cannot be answered by reference to Law alone therefore their work has increasingly drawn upon work from other disciplines This Research Handbook assists by providing introductory but provocative essays from experts on a range of concepts perspectives and theories from other disciplines which can be used to further Law and Religion scholarship **A Handbook of English Law Reports** Sir John Charles Fox,1913 **The**

Cambridge History of the Book in Britain Richard Gameson,Nigel J. Morgan,Rodney M. Thomson,Lotte Hellinga,Joseph Burney Trapp,John Barnard,David McKitterick,Michael F. Suarez,Michael L. Turner,1998 26 expert contributions to this volumes discuss the manuscript book from a variety of angles as physical object manufacture format writing and decoration its purpose and readership and as a vehicle for particular types of text history sermons medical treatises law and administration music *Royal Justice and the Making of the Tudor Commonwealth, 1485-1547* Laura Flannigan,2023-11-16 The dawn of the Tudor regime is one of most recognisable periods of English history Yet the focus on its monarchs private lives and ministers constitutional reforms creates the impression that this age s major developments were isolated to halls of power far removed from the wider populace This book presents a more holistic vision of politics and society in late medieval and early modern England Delving into the rich but little studied archive of the royal Court of Requests it reconstructs collaborations between sovereigns and subjects on the formulation of an important governmental ideal justice Examining the institutional and social dimensions of this point of contact this study places ordinary people their knowledge and demands at the heart of a judicial revolution unfolding within the governments of Henry VII and Henry VIII Yet it also demonstrates that

directing extraordinary royal justice into ordinary procedures created as many problems as it solved **England's Northern Frontier** Jackson W. Armstrong, 2020-11-12 The three counties of England's northern borderlands have long had a reputation as an exceptional and peripheral region within the medieval kingdom preoccupied with local turbulence as a result of the proximity of a hostile frontier with Scotland Yet in the fifteenth century open war was an infrequent occurrence in a region which is much better understood by historians of fourteenth century Anglo Scottish conflict or of Tudor responses to the so called border reivers This first book length study of England's far north in the fifteenth century addresses conflict kinship lordship law justice and governance in this dynamic region It traces the norms and behaviours by which local society sought to manage conflict arguing that common law and march law were only parts of a mixed framework which included aspects of feud as it is understood in a wider European context Addressing the counties of Northumberland Cumberland and Westmorland together Jackson W Armstrong transcends an east west division in the region's historiography and challenges the prevailing understanding of conflict in late medieval England setting the region within a wider comparative framework

The Publications of the Selden Society Selden Society, 1903 **Year Books of Edward II** Year books (Edward II : 1307-1327), 1903 *Collected Papers on English Legal History* John Baker, 2013-10-31 Over the last forty years Sir John Baker has written on most aspects of English legal history and this collection of his writings includes many papers that have been widely cited Providing points of reference and foundations for further research the papers cover the legal profession the inns of court and chancery legal education legal institutions legal literature legal antiquities public law and individual liberty criminal justice private law including contract tort and restitution and legal history in general An introduction traces the development of some of the research represented by the papers and cross references and new endnotes have been added A full bibliography of the author's works is also included Sexualities in History Kim M. Phillips, Barry Reay, 2013-10-18 Over the past twenty years historians have overturned nearly everything we once took for granted about human sexuality Gender sexual orientation deviance and even the biology of sex have been unmasked for what they are historically specific culturally contested and above all unstable constructions Archival Theory, Records, and the Public Trevor Livelton, 2003-11-18 Now in paperback Livelton considers the nature of public records from an archival perspective analyzing concepts rather than the daily realities with which public records archivists deal However his carefully reasoned conclusions provide a strong foundation on which principled rather than ad hoc decisions can be made and so will be of interest to teachers students and practitioners of archival science The author presents a general or theoretical view of public records as documents made or received and preserved by the sovereign or its agents in the conduct of governance This analysis is illustrated by a variety of examples including a discussion of freedom of information

This is likewise one of the factors by obtaining the soft documents of this **Law And Records In Medieval England** by online. You might not require more become old to spend to go to the book foundation as competently as search for them. In some cases, you likewise get not discover the pronouncement Law And Records In Medieval England that you are looking for. It will very squander the time.

However below, later you visit this web page, it will be in view of that enormously simple to acquire as without difficulty as download guide Law And Records In Medieval England

It will not take many epoch as we explain before. You can realize it while take action something else at home and even in your workplace. appropriately easy! So, are you question? Just exercise just what we manage to pay for below as skillfully as evaluation **Law And Records In Medieval England** what you as soon as to read!
