Law Philosophy Subversive Of Democracy:

Toward a New Socialism Anatole Anton, Richard Schmitt, 2007-01-01 Toward a New Socialism offers a critical analysis of capitalism's failings and the imminent need for socialism as an alternative form of government. This book demonstrates that capitalism is destructive and limiting to the many ongoing campaigns to increase freedom, equality, and security. Dr. Richard Schmitt joins with Dr. Anatole Anton to compile a volume of essays exploring the benefits and consequences of a socialist system as an avenue of increased human solidarity and ethical principle. The essays offer a new definition of socialism by investigating the theories and principles of socialism, its influence on social institutions, and its role in work dynamics. Raising important and unavoidable questions for contemporary society, *Toward a New Socialism* is a vital resource for scholars of political theory and the globalization movement, as well as a necessary read for every citizen under capitalism.

POLITICAL CORRECTNESS AND SUBVERSION (The Second Edition) MURAT SENGÖZ, 2022-04-14 When the society does not speak the truth, then the voice of the devil can be perceived so as truth. When the truth is expressed in society, peace and solidarity increase in that society. The truth does not want any other translation and always speaks for the sake of goodness. If honesty and virtue have been exalted and prevail in a society, then falsehood and fraud can be ruled out. Maybe society can be deceived with lies for a while, but surely the truth will always win at the end of the story. When truth becomes dominant in a society, the dissolution ends and the peace settles. Therefore, in this study, the relationship between individual society and political power is tried to be explained by the paradigm and norms of axiological value philosophy. In essence, philosophy is an ontological effort to explain nature and to understand the reason for existence. In this book, politics is discussed in the context of individual and social responsibility. Thoughts related to political correctness and subversion are tried to be explained through the components of political philosophy.

George Grant and the Subversion of Modernity Arthur Davis, 1996-01-01 The focus of this book is the unknown George Grant, namely the philosophic, religious, and artistic inspiration behind his well-known public positions.

Interlocking Subversion in Government Departments United States. Congress. Senate. Committee on the Judiciary, 1953. *Democracy and the Rule of Law* Adam Przeworski, José María Maravall, 2003-07-21 This book addresses the question of why governments sometimes follow the law and other times choose to evade the law. The traditional answer of jurists has been that laws have an autonomous causal efficacy: law rules when actions follow anterior norms; the relation

between laws and actions is one of obedience obligation or compliance Contrary to this conception the authors defend a positive interpretation where the rule of law results from the strategic choices of relevant actors Rule of law is just one possible outcome in which political actors process their conflicts using whatever resources they can muster only when these actors seek to resolve their conflicts by recourse to la does law rule What distinguishes rule of law as an institutional equilibrium from rule by law is the distribution of power The former emerges when no one group is strong enough to dominate the others and when the many use institutions to promote their interest Interlocking Subversion in Government Departments United States.
