*Art and Its Uses in Thomas Mann's Felix Krull* Ernest Schonfield, 2008 Thomas Mann's Felix Krull written between 1910-13 and continued though never completed in 1951-54 uses contemporary accounts of these figures as a starting point from which to explore the aesthetics of society The early Krull marks an important stage in Mann's development in a number of respects In writing it Mann acquired a more flexible conception of identity and a new understanding of the relation between artist and public Krull also signals a deeper engagement with Goethe and a shift in Mann's work towards a more open treatment of sexuality The novel presents art as being central to the development of the individual and to social interaction While Krull is nominally a confidence man he is more of a performance artist a purveyor of beauty who relies upon the complicity of his audience The later Krull takes up where Mann left off and continues the justification of art as an essential human activity This study draws upon unpublished material in order to provide a comprehensive reading of Felix Krull It examines the novel within the context of Mann's work as a whole and in doing so it seeks to demonstrate the remarkable continuity of Mann's creative achievement

*Thomas Mann* T. J. Reed, 1996-09-19 T J Reed's study has long established itself as the standard work in English on Thomas Mann and offers as comprehensive a view of Mann's fiction and thought as is available in any language It is based on a coherent close reading of Mann's oeuvre literary and political and also on manuscripts and sources and was part of the first phase of literary scholarship that opened up the resources of the Zurich Thomas Mann Archive Further documents that have appeared since then Mann's diaries notebooks and other correspondences have not fundamentally altered the individual interpretations or the overall picture the study offers and in some respects have emphatically confirmed them A further chapter added to this edition covers the new documentation gives a vigorous account of the main currents in Mann scholarship and criticism over the last two decades suggesting how we should now see the writer the man and the political figure and above all the complex relationship between the three
