

The background of the book cover is a painting in a style reminiscent of the 1920s. It depicts two women in a garden at night. The woman on the left is wearing a yellow dress and a red hat with a feather. The woman on the right is wearing a brown dress and a red hat with a white feather. They are both looking towards the right. The garden is filled with dark foliage and red flowers. A small table with a white cloth and a vase is visible in the lower right corner. The overall mood is elegant and sophisticated.

Spanish Women Writers and the Essay Kathleen Mary Glenn, Mercedes Mazquiarán de Rodríguez, 1998 Never before has a book examined Spanish women and their mastery of the essay In the groundbreaking collection *Spanish Women Writers and the Essay* Kathleen M Glenn and Mercedes Mazquiarán de Rodríguez help to rediscover the neglected genre which has long been considered a masculine form Taking a feminist perspective the editors examine why Spanish women have been so drawn to the essay through the decades from Concepción Arenal's nineteenth century writings to the modern works of Rosa Montero Spanish women historically denied a public voice have discovered an outlet for their expression via the essay As essayists they are granted the authority to address subjects they personally deem important discuss historical and sociopolitical issues and denounce female subordination This genre which attracts a different audience than does the novel or poem allows Spanish women writers to engage in a direct dialogue with their readers Featuring twelve critical investigations of influential female essayists *Spanish Women Writers and the Essay* illustrates Spanish women writers' command of the genre their incorporation of both the ideological and the aesthetic into one concise form and their skillful use of various strategies for influencing their readers This fascinating study which provides English translations for all quotations will appeal to anyone interested in nineteenth and twentieth century Spanish literature comparative literature feminist criticism or women's studies

Influencers, activistas y los derechos de las mujeres Carmen de Burgos Seguí, 2024-09-16 The newspaper columnist Carmen de Burgos Seguí caused a sensation in 1903 when she called for a public discussion on divorce then illegal in Spain The fierce debate that ensued among Spain's leading thinkers politicians academics feminists journalists and others is collected in *El divorcio en España* This milestone volume ultimately contributed to Spain's legalizing divorce in the 1930s a victory for women's rights that was subsequently rolled back by the Franco dictatorship and not regained for over fifty years The opinions showcased here illuminate the uniqueness of feminism in early twentieth century Spain because ideas about marriage and the role of women in society were anchored in Catholic teachings feminist arguments focused on rights to education divorce and employment instead of on suffrage

Multiple Modernities Michelle Sharp, Anja Louis, 2017-07-14 This collection of essays confirms Carmen de Burgos's pivotal place in Spanish feminist history by bringing together eminent international scholars who offer new readings of Burgos's work It includes the analyses of a number of lesser known texts both fictional and non-fictional which give us a more comprehensive examination of Burgos's multipronged feminist approach Burgos's works especially her essays are essential feminist reading and complement other European and North American

traditions Gaining familiarity with the breadth and depth of her work serves not only to provide an understanding of Spanish firstwave feminism but also enriches our appreciation of cultural studies gender studies subaltern studies and travel literature Looking at the entirety of her life and work and the wide ranging contributions in this volume it is evident that Burgos embodied the tensions between tradition and modernity depicting multiple representations of womanhood Encouraging women to take ownership of their personal fashion the design of their homes and the decorum of their families were steps towards recognizing a female population that was cognizant of its own desires **Desde Andalucía** Mercedes Arriaga,2006 Trabajos presentados en el Congreso Internacional Mujeres del Mediterraneo celebrado en Vera Almer a en 2005 Las distintas aportaciones pretenden denunciar el sexismo como una práctica que crea desigualdad e injusticia social recogiendo las experiencias reales de mujeres reales de diferentes países mediterráneos Women and the Law Anja Louis,2005 Given the remarkable similarities between Burgos's critical analysis and recent feminist legal theory her writings are still disturbingly relevant today This study also explores the relationship between melodrama as a genre of manichean worldviews and law as a system of binary oppositions and discusses Burgos's subversion of the former as a means to criticise the latter Jacket **El Arte de Ser Mujer Segun Audrey Hepburn** Melissa Hellstern,2006-04-26 **Artes/letras** ,1966

Each chapter then analyzes works by female and male novelists that address key issues related to gender and nationalism the concept of intrahistoria or an essential Spanish soul modernist uses of figures from the Spanish literary tradition notably Don Quixote and Don Juan biological theories of gender prevalent in the 1920s and 1930s and the growth of an organized feminist movement that coincided with the burgeoning Republican movement This is the first book dealing with this period of Spanish literature to consider women novelists such as Maria Martinez Sierra Carmen de Burgos and Concha Espina alongside canonical male novelists including Miguel de Unamuno Ramon del Valle Inclan and Pio Baroja With its contrasting conceptions of modernism Johnson s work provides a compelling new model for bridging the gender divide in the study of Spanish fiction **Catálogo general de la librería española e hispanoamericana, años 1901-1930.
