**BOOK JACKET** **Original Sin and Time** Andre Barbera, 2024-12-12 The Christian doctrine of original sin properly understood uniquely expresses the human condition People lament their sins and mistakes although they assume guilt only for the former Are they also responsible for their mistakes perhaps even for all that they deem unpleasant or catastrophic in the world earthquakes hurricanes volcanic eruptions and the cruelty of others Andr Barbera explores the latter possibility arguing that a proper understanding of original sin renders each and every person guilty for all misery and woe Two entirely common experiences provide clues for the argument that original sin and time are the same thing The first is waiting pure and simple Everyone waits every day The second experience is people s vain attempt to hold together one another in thought word and image This practice is especially conscious when the person whom someone attempts to hold together has died Time heals all is a euphemism for Sin kills love The argument regarding original sin and time pertains directly to the questions of predestination individual freedom divine foreknowledge and universal salvation By extension it could be applied to the discussion regarding pronouns and gender identification and to the rhetoric surrounding abortion Shipwreck in the Early Modern Hispanic World Carrie L. Ruiz, Elena Rodríguez-Guridi, 2022-01-14 *Shipwreck in the Early Modern Hispanic World* examines portrayals of nautical disasters in sixteenth and seventeenth century Spanish literature and culture The

**Music and Power in Early Modern Spain** Timothy M. Foster,2021-11-29 This book explores the representation of music in early modern Spanish literature and reveals how music was understood within the framework of the Harmony of the Spheres emanating from cosmic harmony as directed by the creator The Harmony of Spheres was not ideologically neutral but rather tied to the earthly power structures of the Church Crown and nobility Music could be true taking the listener closer to the divine or false leading the listener astray As such music was increasingly seen as a potent weapon to be wielded in service of earthly

centers of power which can be observed in works such as vihuela songbooks the colonial chronicle of the Inca Garcilaso de la Vega and in the palace theater of Pedro Calderón de la Barca While music could be a powerful metaphor mapping onto ideological currents of imperial Spain this volume shows that it also became a contested site where diverse stakeholders challenged the Harmonic Spheres of Influence Music and Power in Early Modern Spain is a useful tool for upper level undergraduates postgraduates and scholars interested in musicology music history Spanish literature cultural studies and transatlantic studies in the early modern period WESS Newsletter ,1994 *Cuadernos hispanoamericanos* ,2020-02
