History of Italy ... Translated into English by the Chevalier Austin Parke Goddard Francesco Guicciardini,1754      *The Cambridge Illustrated History of Warfare* Geoffrey Parker,2021-08-05 The new edition of The Cambridge Illustrated History of Warfare written and updated by a team of nine distinguished military historians examines how war was waged by Western powers across a sweeping timeframe beginning with classical Greece and Rome moving through the Middle Ages and the early modern period down to the wars of the twenty first century in Afghanistan Iraq and Syria The book stresses five essential aspects of the Western way of war a combination of technology discipline and an aggressive military tradition with an extraordinary capacity to respond rapidly to challenges and to use capital rather than manpower to win Although the focus remains on the West and on the role of violence in its rise each chapter also examines the military effectiveness of its adversaries and the regions in which the West s military edge has been and continues to be challenged      **The History of Italy from the Year 1490 to 1592** Francesco Guicciardini,1756      *The British Empire Series: British America* ,1900

**Encyclopedia of Historians and Historical Writing** Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies      **The British Empire Series [microform].** ,1899

*The British Empire Series* ,1899      *The Reference Catalogue of Current Literature* ,1894      The Life of a Conspirator Thomas Longueville,2019-12-04 The Life of a Conspirator by Thomas Longueville delves into the intricate workings of the mind of a revolutionary Set against the backdrop of an unnamed oppressive regime the narrative unfolds through vivid prose and a non linear storytelling technique allowing readers to immerse themselves in the protagonist s labyrinthine thoughts and moral conflicts Longueville s writing balances psychological depth with political commentary engaging with themes of betrayal loyalty and the personal toll of conspiracy The book serves as both a thrilling tale and a poignant reflection on the complexities of resistance and the human experience in times of turmoil Thomas Longueville an astute observer of societal intricacies and a scholar of political history draws from his background in political philosophy and personal experiences within activist circles His previous works have explored themes of rebellion and ethical dilemmas shaping his perspective on the fragile balance between idealism and pragmatism Longueville s own encounters with political movements inform the

nuanced character portrayals and emotional landscapes depicted in this novel Highly recommended for readers intrigued by psychological thrillers or dystopian narratives The Life of a Conspirator challenges preconceived notions of heroism and villainy Longueville s masterful blend of narrative and philosophical inquiry invites readers to question their own values in the face of oppression making this book a compelling and thought provoking read      **Moral Order and Progress** Samuel Alexander,1899      **The principles of the critical philosophy.
