Francis Soler:

Francis Soler Francis Soler,1992 *Extra-ordinaire* David Trottin,1999 This work is edited by a group of young Paris based architects and consists of a photo documentary by the Parisien art photographer Cecile on so called normal interiors in everyday use This is followed by a documentation on anonymous architecture in Australia Tasmania and New Zealand

The Architecture of Paris Andrew Ayers,2004 The author here presents an architectural history of Paris stretching from the 3rd century BC up until the end of the 20th century **Architects Today** Kester Rattenbury,Robert Bevan,Kieran Long,2006-08-10 This volume offers both an introduction to and an insight into key contemporary architects as well as giving a snapshot of the varied nature of architecture today For each architect there are details of their life and work and illustrations of their most representative and iconic buildings *Francis Soler* Institut français d'architecture. Département Création-Diffusion,1995 **Housing + Single-Family Housing** Manuel Gausa,Jaime Salazar,2005-05-12 As cities evolve

architects are constantly searching for appropriate architectonic solutions and in this book the authors present a systematic examination of innovative single family houses and residential buildings in the context of presentday cities The latest developments are reviewed in essays and thematic chapters discuss such topics as lowenergy building the use of prefabricated materials or low budget building A range of international examples from architects such as Wiel Arets Shigeru Ban Ben van Berkel Kees Christiaanse Philippe Gazeau Frank O Gehry Steven Holl Hans Kollhoff Morger Degelo MVRDV Jean Nouvel Kas Oosterhuis illustrate the subjects discussed Housing and Single Family Housing were previously published separately each proving hugely popular Now both volumes have been incorporated into a single lowpriced edition **Ten Years, Realized Works** Erick van Egeraat,2005 The work of EEA as presented in this retrospective of the past 10 years of its work covers the full architectural gamut including public educational residential interior design exhibition design and the design of furniture and objects *Tony Hunt's Second Sketchbook* Anthony Hunt,2003 Tony Hunt s Sketchbook illustrates the connection between brain and hand in conceiving structural concepts and details as possible solutions to structures in architecture This new edition features 100 previously unpublished sketches These sketches illustrate alternative structural concepts ideas and details developed by Tony Hunt for over one hundred projects throughout his professional life They relate directly to projects built and unbuilt in the field of structural engineering and were either produced at the time of relevant design meetings or as a response to a problem posed by an architect and are therefore a record of ideas proposed at the particular time They are a source of design inspiration and an insight into the work of this well respected engineer

Residential Buildings Günter Pfeifer,Per Brauneck,2015-04-28 The systematic development of building types is an important task in housing construction A deeper understanding of the underlying building types is mandatory both for individual designs and for the wider application and variation of tried and tested structures The authors have developed an innovative drawing based approach for unfolding the potentials of several existing building types for the future of urban

housing The first part is dedicated to the courtyard house in which the courtyard is used as a private outside living space The second part deals with the popular form of the terraced house and discusses aspects of corner solutions or terraced developments as an urban design element In the third part the townhouse is discussed with view to variants such as single story and apartment buildings including aspects of privacy and public access as well as living and working Finally the detached house type is considered in its potential to provide all directional orientation of the living space The array of solutions is presented consistently in floorplans and cross sections drawn to scale In a new introduction to this all in one compendium the authors discuss the implications of the typological approach for today s housing design *Are You Agite?* Philippe Trétiack, 2000 Agitation it s a high It s our turn of millennium malaise but it s also a source of jubilation This book is smart fun witty and stylish It s a user s guide for everyone who is burning to see to go to do It s a hymn to the intoxication the thrill and the inspiration of life in the fast lane Agit could become a new household word replacing hyper in our vocabulary for the new era This is a light hearted day trip for the long distance runner erudite without a hint of heaviness
