**The Nautical Magazine** ,1906 **Proceedings of the United States Naval Institute** United States Naval Institute,1923 *List of Books Added from January 1st, 1900 to January 1st, 1908* Free Public Library (New Bedford, Mass.),1908 **Bullen's Voyages** Alston Kennerley,2022-09-22 Frank Bullen burst on the national and international popular literary scene at the end of the nineteenth century like a supernova which shone for the first decade or so of the next century and then was gone But the memory of that brilliance lasts like his fictional whaling epic *The Cruise of the Cachalot* into the present this is a book still in print in any number of editions Bullen s *Voyages* is a long overdue tribute to that memory focusing on the sea career which is so prominent in his writing Of the era of his youth he wrote that those were the days when boys in Geordie colliers or East Coast fishing smacks were often beaten to insanity and jumped overboard or were done to death in truly savage fashion and all that was necessary to account for their non returning was a line in the log to the effect that they had been washed or had fallen overboard It was a brutal world and a close examination of maritime records shows that the bullying two shipwrecks and the tropical illnesses he describes so vividly really occurred before he was even fifteen and those were just the start Hardly a voyage passes without similar dramatic episodes But disentangling truth from fiction is not always easy At one level *The Cruise of the Cachalot* is undoubtedly fiction and there are unanswered questions about his young life as a street arab as he once described himself Yet Rudyard Kipling could write in 1898 of *Cachalot* it is immense I ve never read anything that equals it such real and new sea pictures Though Bullen conceals the names of several of his ships this new biography reveals their real identities while the author carefully distinguishes the fact and the fiction

through his sea going career Bullen who wrote more than thirty books is second to none in his remarkable writing about the days of sail and the lives of merchant seafarers A literary commentator writing in 1917 two years after his death asserted Perhaps no writer has ever written so graphically or so sympathetically of the trials and dangers incurred by our merchant sailors than Frank Bullen and his books today are a living witness to the courage and loyalty of our mercantile marine This elegant and highly readable biography is the first to describe his extraordinary life and Bullen s own vivid writing colors every page      *Quarterly Bulletin* Brockton Public Library (Brockton, Mass.),1909      Brockton Library Bulletin ,1899
