Roosevelt** Lisa Perlman Greathouse,2019-09-16 Franklin Delano Roosevelt lifted the country out of the Great Depression and through World War II while overcoming serious personal obstacles This primary source biography focuses on FDR **Political and Americana Memorabilia** Heritage-Slater Americana,2005 *The Last 100 Days* David B. Woolner,2017-12-12 A revealing portrait of the end of Franklin Delano Roosevelt s life and presidency shedding new light on how he made his momentous final policy decisions The first hundred days of FDR s presidency are justly famous often viewed as a period of political action without equal in American history Yet as historian David B Woolner reveals the last hundred might very well surpass them in drama and consequence Drawing on new evidence Woolner shows how FDR called on every ounce of his diminishing energy to pursue what mattered most to him the establishment of the United Nations the reinvigoration of the New Deal and the possibility of a Jewish homeland in Palestine We see a president shorn of the usual distractions of office a man whose sense of personal responsibility for the American people bore heavily upon him As Woolner argues even in declining health FDR displayed remarkable political talent and foresight as he focused his energies on shaping the peace to come Ellen Emmet Rand Alexis L. Boylan,2020-10-29 Ellen Emmet Rand 1875 1941 was one of the most important and prolific portraitists in the

United States in the first decades of the twentieth century She negotiated her career reputation family and finances in modern and commercially savvy ways revealing the complex negotiations needed to balance these competing pressures Engaging with newly available archival documents and featuring scholars with radically different approaches to visual culture this edited collection not only seeks to interrogate the meaning of Rand s portraits and her career but indeed to rethink gender art race business and modernism in the twentieth century *The White House Looks South* William E. Leuchtenburg,2005-10-01 Perhaps not southerners in the usual sense Franklin D Roosevelt Harry S Truman and Lyndon B Johnson each demonstrated a political style and philosophy that helped them influence the South and unite the country in ways that few other presidents have Combining vivid biography and political insight William E Leuchtenburg offers an engaging account of relations between these three presidents and the South while also tracing how the region came to embrace a national perspective without losing its distinctive sense of place According to Leuchtenburg each man had one foot below the Mason Dixon Line one foot above Roosevelt a New Yorker spent much of the last twenty five years of his life in Warm Springs Georgia where he built a Little White House Truman a Missourian grew up in a pro Confederate town but one that also looked West because of its history as the entrep t for the Oregon Trail Johnson who hailed from the former Confederate state of Texas was a westerner as much as a southerner Their intimate associations with the South gave these three presidents an empathy toward and acceptance in the region In urging southerners to jettison outworn folkways Roosevelt could speak as a neighbor and adopted son Truman as a borderstater who had been taught to revere the Lost Cause and Johnson as a native who had been scorned by Yankees Leuchtenburg explores in fascinating detail how their unique attachment to place helped them to adopt shifting identities which proved useful in healing rifts between North and South in altering behavior in regard to race and in fostering southern economic growth *The White House Looks South* is the monumental work of a master historian At a time when race class and gender dominate historical writing Leuchtenburg argues that place is no less significant In a period when America is said to be homogenized he shows that sectional distinctions persist And in an era when political history is devalued he demonstrates that government can profoundly affect people s lives and that presidents can be change makers **Report** United States.
