Hall-Swadley, 2012-04-20 During his early years Franz Liszt worked as a traveling piano virtuoso his adventures highlighted by his entrance into the literary world as a correspondent for the most popular French journals of his time In this second volume of Janita Hall Swadley's *The Collected Writings of Franz Liszt* Liszt's work as a music essayist and journalist is on full display In his essays readers will see the influence of the revolutionary theories of Hugues Felicit Robert de Lamennais Victor Hugo and Francois Ren de Chateaubriand as Liszt boldly calls for social reforms on behalf of musicians and musical institutions from demands for a repertoire of church music of divine praise to the timely publication of inexpensive music editions In addition to Liszt's scandalous review of Sigismond Thalberg and the fiery exchange that ensued the essays include his testimonies to living composers Giacomo Meyerbeer and Robert Schumann and the recently deceased Niccol Paganini Alongside the essay this new translation of Liszt's letters opens a window onto the composer's immersion in the Italian countryside where he paints a portrait of a rich musical landscape Liszt regales his correspondents with amusing anecdotes at Sand's Italian country estate in Nohant describes the beautiful landscape and artistic treasures of Italy from his residence on Lake Como defends himself from Heinrich Heine's accusations of his ill seated character discusses the religious aesthetic of Raphael's painting and offers his thoughts on the interconnectedness of all the arts Including two complete facsimile reproductions of the existing manuscripts for *De la situation des artistes* and *Sur Paganini propos de sa mort* Essays and Letters of a Traveling Bachelor of Music is a must read for student and scholars of 19th century classical music

Musical Biography Jolanta T. Pekacz, 2017-07-05 Musical biography has rarely been an object of theoretical and methodological reflection Our present day perception of the lives of prominent composers and performers of the past has been largely formed by cultural and political assumptions of nineteenth century biographers and their twentieth century followers While older biographies are being scrutinized for veracity and updated with new evidence their historiographical premisses and narrative techniques remain largely unchallenged The epistemological upheavals in the humanities since the 1960s have generated a body of theoretical thought that has undermined many of the assumptions of traditional biography Consequently many of these assumptions have lost their hold as viable underpinnings for present day scholarly biography For example the accumulation of facts is no longer believed to bring us closer to an understanding of the subject nor are the traditional views of the unified self and the self as a foundational idea taken for granted This volume brings together musicologists and historians who explore through individual case studies the rich potential of these new theories for writing musical lives The authors of this volume examine how the insights provided by these theories illuminate our critical reassessment of older biographies and the interpretations of musical works these biographies were used to construe and help forge new approaches to musical biography The authors also explore the functions musical biographies served in different historical

contexts the relevance of biography for musical criticism the reliability of archival evidence the ethics of biography the demands placed on biography by feminist and gender history and the new possibilities offered by cinema The contributors to this volume challenge the view that biography has little importance for music history analysis and criticism Collectively they reassert biography's centrality and relevance and dem Ernest Newman Paul Watt, 2017 Frontcover Contents List of Figures Preface and Acknowledgements Chronology of Newman's Life and Works Abbreviations 1 Ernest Newman and the Challenge of Critical Biography PART I The Freethought Years 2 Formation of a Critical Sensibility The 1880s and 1890s 3 Social Literary and Musical Criticism 1893 1897 4 A Rationalist Manifesto Pseudo Philosophy at the end of the Nineteenth Century 1897 5 Music History and the Comparative Method Gluck and the Opera 1895 PART II The Mainstream Years 6 From Manchester to Moscow Essays on Music 1900 1920 7 The World of Music Essays in the Sunday Times 1920 1958 8 Biographical and Musicological Tensions The Man Liszt 1934 9 Sceptical and Transforming Books on Wagner 1899 1959 10 Conclusion Ernest Newman Remembered Appendix Newman's Freethought Lectures 1894 1896 Bibliography Index

Living with Liszt Carl Lachmund, 1995 Carl V Lachmund 1857 1928 was an American pupil of Liszt he studied with the Hungarian master in Weimar between the years 1882 1884 During that time he kept a diary which eventually ran to some 700 pages This document gives one of the most exhaustive accounts of Liszt's keyboard instruction extant Some time after World War I and in response to a demand from a number of musicians with an interest in the matter Lachmund decided to turn his diary into a book about his daily life with Liszt In order to gather additional background material about a period now long past he wrote to more than 200 musicians in America and Europe who had had some personal contact with the composer and invited them to share their personal reminiscences The book never appeared and his papers came to rest in the New York Public Library with whose cooperation this book is now being published The Liszt scholar Alan Walker has undertaken the task of introducing editing and annotating the Lachmund papers He calls the diary an irreplaceable source of first hand material which throws fresh light on the way Liszt taught the piano Liszt also emerges from these pages as a great and noble human being This book will interest all teachers performers and students of the period It represents a major contribution to nineteenth century studies **In the Public Eye** Markian Prokopovych, 2014-08-19 During the 1884

inauguration of the Royal Hungarian Opera House in Budapest political elites staged a gala concert in the auditorium while the angry crowd excluded from this ceremony demonstrated on the street In 1917 the crowds queuing to a B la Bart k premiere needed to be forcibly held back The book follows the history of the contested institution through a series of scandals public protests repertoire controversies and their representation in the urban press of the time Such conflicts often led to larger issues that concerned the Opera House as a music institution the birth of the modern public sphere and the modern audience Thereby the book calls for a critical rethinking of the cultural history of Budapest and Hungary in the late Habsburg Monarchy *Franz Liszt* Christoph Rueger, 1990 Naq - Neu Hilmar Schmuck, Willi Gorzny, Peter
