Re-Animator Eddie Falvey, 2021-09-17 Since its release at the mid point of the

1980s American horror boom Stuart Gordon's *Re-Animator* 1985 has endured as one of the most beloved cult horror films of that era. Greeted by enthusiastic early reviews, *Re-Animator* has maintained a spot at the periphery of the classic horror film canon. While *Re-Animator* has not entirely gone without critical attention, it has often been overshadowed in horror studies by more familiar titles from the period. Eddie Falvey's book, which represents the first book-length study of *Re-Animator*, repositions it as one of the most significant American horror films of its era. For Falvey, *Re-Animator* sits at the intersection of various developments that were taking place within the context of 1980s American horror production. He uses *Re-Animator* to explore the rise and fall of Charles Band's Empire Pictures, the revival of the mad science sub-genre, the emergent popularity of both gore aesthetics and horror comedies, as well as a new appetite for the works of H.P. Lovecraft in adaptation. Falvey also tracks the film's legacies, observing not only how *Re-Animator*'s success gave rise to a new Lovecraftian cycle fronted by Stuart Gordon, but also how its cult status has continued to grow, marked by sequels, spin-offs, parodies, and re-releases. As such, Falvey's book promises to be a book both about *Re-Animator* itself and about the various contexts that birthed it and continue to reflect its influence.

Coming of Age in New Jersey Michael Moffatt, 1989 To present these thoughtfully crafted case studies of undergraduate culture, the author did what anthropologists usually do in more distant cultures: he lived among the natives. His findings are sometimes disturbing, potentially controversial, but somehow very believable. This text presents a vivid slice of life of what the author saw and heard in the dorms of a typical state university, Rutgers, in the 1980s.

The A to Z of African American Cinema S. Torriano Berry, Venise T. Berry, 2009-09-02 On 4 July 1910, in 100-degree heat at an outdoor boxing ring near Reno, Nevada, film cameras recorded and thousands of fans witnessed former heavyweight champion Jim Jeffries' reluctant return from retirement to fight Jack Johnson, a black man. After 14 grueling rounds, Johnson knocked out Jeffries, and for the first time in history, there was a black heavyweight champion of the world. At least 10 people lost their lives because of Johnson's victory, and hundreds more were injured due to white retaliation and wild celebrations in the streets. Public screenings received instantaneous protests, and hundreds of cities barred the film from being shown. Congress even passed a law making it a federal offense to transport moving pictures of prizefights across state lines, and thus the most powerful portrayal of a black man ever recorded on film was made virtually invisible. This is but one of the hundreds of films covered in *The A to Z of African American Cinema*, which includes everything from *The Birth of a Nation* to *Crash*. In addition to the films, brief biographies of African American actors and actresses such as Sidney Poitier, James Earl Jones, Halle Berry, Eddie Murphy, Whoopi Goldberg, Denzel Washington, and Jamie Foxx can be found in this reference. Through a chronology, a list of acronyms and abbreviations, an introductory essay, a bibliography, appendixes, black and white photos, and hundreds of cross-referenced dictionary entries on actors, actresses, movies, producers, organizations, awards, film credits, and terminology, this book provides a better understanding of the role African Americans played in film history.
