Frederick Law Olmsted, Sr.; Founder of Landscape Architecture in America Julius Gy Fabos, Gordon T. Milde, V. Michael Weinmayr, 1968 Frederick Law Olmsted, Landscape Architect, 1822-1903: Early years and experiences Frederick Law Olmsted, 1922 *The Papers of Frederick Law Olmsted* Frederick Law Olmsted, Charles Capen McLaughlin, 1977-05 This volume begins with a short biography of Olmsted and a biographical directory of the friends and relatives who played leading roles in his early life His letters show the skill in observation that made his later travel books so effective and provide a vivid picture of coming of age in New England in the 1840s Included are fascinating letters written during a voyage in the China Trade in 1842 43 and accounts of the trip to the British Isles in 1850 that he later described in his first book Walks and Talks of an American Farmer in England The Papers of Frederick Law Olmsted Frederick Law Olmsted, 1977 The concluding volume of the monumental Papers of Frederick Law Olmsted captures some of Olmsted's greatest achievements Choice 2015 Outstanding Academic Title In 1890 Frederick Law Olmsted then nearly sixty eight years old had risen to the pinnacle of his career Together with his partners stepson John Charles Olmsted and protégé Henry Sargent Codman he was involved in a number of major ongoing projects including the Boston Buffalo and Rochester park systems the campus plan for Stanford University and numerous private estates In July he reported that the firm had twenty works of considerable importance underway including nine large parks and six estates that he believed were matters of public interest Before the summer ended the firm's commitments would expand dramatically as Olmsted and his partners were appointed landscape architects for the World's Columbian Exposition in Chicago As commissions for new park systems residential communities grounds for educational institutions and private homes increased Olmsted feared that their commitments would exceed the partners' ability to do their best work Despite these fears Olmsted's work in the final six years of his professional career would only enhance his considerable reputation as the ninth and final volume of The Papers of Frederick Law Olmsted reveals With its impressive waterways monumental buildings and verdant islands and shores the Chicago fair proved to be one of the firm's crowning achievements The early 1890s also saw the culmination of Olmsted's wide ranging work on one of his other great projects the design of the grounds of George W Vanderbilt's massive estate Biltmore near Asheville North Carolina In planning the estate's thousands of acres Olmsted outlined new approaches to landscape design promoted the creation of the first scientific forestry operation in the United States designed a model residential subdivision and proposed an arboretum that would have been the most ambitious in the nation The Last Great Projects 1890-1895 chronicles the history of one of the world's greatest landscape design firms while offering a fascinating retrospective on Frederick Law Olmsted's productive final years The volume also gathers together the important documents of this last triumphant era As Olmsted neared the end of his career he wrote some of his most reflective letters and reports summarizing the legacy of his involvement with the U S Sanitary Commission the quality of landscape design in England and France the biographical circumstances that proved most

important to his development as an artist and his hopes and fears for the future of his profession *Frederick Law Olmsted Sr* Julius Fabos,1972 **Frederick Law Olmsted, Landscape Architect, 1822-1903** Frederick Law Olmsted,Theodora Kimball Hubbard,1922 *The Papers of Frederick Law Olmsted* Frederick Law Olmsted,2013-11-30 These papers document the personal and professional life of the foremost landscape architect in American history Frederick Law Olmsted relocated from New York to the Boston area in the early 1880s With the help of his stepson and partner John Charles Olmsted his professional office grew to become the first of its kind a modern landscape architecture practice with park subdivision campus residential and other landscape design projects throughout the country During the period covered in this volume Olmsted and his partners apprentices and staff designed the exceptional park system of Boston and Brookline including the Back Bay Fens Franklin Park and the Muddy River Improvement Olmsted also designed parks for New York City Rochester Buffalo and Detroit and created his most significant campus plans for Stanford University and the Lawrenceville School The grounds of the U S Capitol were completed with the addition of the grand marble terraces that he designed as the transition to his surrounding landscape Many of Olmsted s most important private commissions belong to these years He began his work at Biltmore the vast estate of George Washington Vanderbilt and designed Rough Point at Newport Rhode Island and several other estates for members of the Vanderbilt family Olmsted wrote more frequently on the subject of landscape design during these years than in any comparable period He would never provide a definitive treatise or textbook on landscape architecture but the articles presented in this volume contain some of his most mature and powerful statements on the practice of landscape architecture Frederick Law Olmsted Frederick Law Olmsted,2015-04-15 Frederick Law Olmsted 1822 1903 planned many parks and park systems across the United States leaving an enduring legacy of designed public space that is enjoyed and defended today His public parks the design of which he was most proud have had a lasting effect on urban America Frederick Law Olmsted, Landscape Architect, 1822-1903: Early years and experiences, together with biographical notes Frederick Law Olmsted,Theodora Kimball Hubbard,1922 Experiencing Olmsted The Cultural Landscape Foundation,Charles Birnbaum,Dena Tasse-Winter,Arleyn Levee,2022-10-04 200 Iconic Landscapes That Define North America Frederick Law Olmsted is the father of American landscape architecture His firm and the successor firms that sprung from it worked through the nineteenth and twentieth centuries to shape some of our most beloved green spaces including national state and city parks suburban neighborhoods and academic campuses He is most famous for creating New York s Central and Prospect Parks Stanford University s campus and the Capitol Grounds What is less known and surprising about his legacy is that he worked widely across North America By highlighting 200 iconic landscapes many of which are still open to the public today Experiencing Olmsted brings a fresh approach to the firms work and philosophy It highlights not only grand city parks but also other public venues born out of a desire for social equity Olmsted was an early voice for parks as democratic spaces that could be reached on foot by a large percentage of any city s populace He viewed parks as

restorative places what he termed the lungs of a city Brimming with contemporary and archival photography as well as original drawings and plans this truly remarkable record brings these places to vivid life The Papers of Frederick Law Olmsted Frederick Law Olmsted,2007-03-06 The Olmsted Papers project is supported by the National Endowment for the Humanities the National Historical Publications and Records Commission the National Trust for the Humanities the National Association for Olmsted Parks as well as private foundations and individuals **The Architects: Frederick Law Olmsted** Joseph Kastner,2018-01-24 In the summer of 1857 when Frederick Law Olmsted was asked if he would be interested in the superintendency of Central Park he was thirty five and had worked as a surveyor a bookkeeper seaman farmer publisher author of travel books and social commentator It was the unique combination of these skills that made him the perfect man for the job Here in this short form book by National Book Award nominee Joseph Kastner is the remarkable story of the father of landscape architecture in the United States *The Papers of Frederick Law Olmsted* Frederick Law Olmsted,1990-06 As general manager of the Mariposa Estate Olmsted undertook to run the largest gold mining operation in the country at the time While there he carefully observed frontier society and the stages of its development His letters contain many vignettes of frontier life as do two previously unpublished works a series of chapters some incomplete dealing with the influence of emigration and the frontier on American society and a study of the Mariposa Estate as a frontier community of the present day Olmsted s letters and journals describe summer camping trips to Yosemite Valley and his work as head of the first commission for managing the public reservation there The volume also contains the four reports that Olmsted wrote for major design projects in California the Yosemite Valley and Mariposa Big Tree Grove reservation a park system for San Francisco Mountain View Cemetery in Oakland and the campus of the College of California in Berkeley *The Papers of Frederick Law Olmsted* Frederick Law Olmsted,Charles E. landscapes among them New York's Central Park California's Stanford University campus and Boston's Back Bay Fens But Olmsted's contemporaries knew a man of even more extraordinarily diverse talents Born in 1822 he traveled to China on a merchant ship at the age of twenty one He cofounded The Nation magazine and was an early voice against slavery He managed California's largest gold mine and during the Civil War served as the executive secretary to the United States Sanitary Commission the precursor of the Red Cross Rybczynski's passion for his subject and his understanding of Olmsted's immense complexity and accomplishments make his book a triumphant work In *A Clearing in the Distance* the story of a great nineteenth century American becomes an intellectual adventure

Frederick Law Olmsted Frederick Law Olmsted, 2010-07-27 An anthology of the key writings of the best known and arguably most prolific landscape architect in U.S. history Often called the father of landscape architecture Frederick Law Olmsted was responsible for the design of Central Park and Prospect Park in New York City Mount Royal Park in Montreal the Belle Isle Park in Detroit the Grand Necklace of Parks in Milwaukee the Cherokee Park and entire parks system in Louisville KY and the Biltmore Estate in Asheville North Carolina to name a few of his most famous projects His landscape works are enjoyed in 25 states and 3 Canadian provinces Most of these parks were created during and immediately after the Civil War This title presents the opportunity to witness the evolution of Olmsted's design and social philosophies during a time of upheaval in American history Sixteen selections dating from the 1850s to the 1890s reveal Frederick Law Olmsted's youthful interests as well as his mature thinking on cities small residential sites the history and theory of urban parks and landscape architecture in general His writings directly addressed important issues of his day but they remain as cogent as ever in today's environmental crisis

Park Maker Elizabeth Stevenson, 2018-04-17 On April 28 1858 municipal officials announced the winner of the design contest for a great new park for the people of New York City Plan no 33 Greensward by Frederick Law Olmsted and Calvert Vaux Though the appropriated ground for what was to become Central Park was nothing more than a barren expanse occupied by squatters in a matter of a few years Olmsted turned the wasteland into a landscape of coherence elegance and beauty It not only surpassed the design ingenuity of its existing European counterparts but gained the designer national acclaim in a profession that still lacked a name Olmsted was an American visionary He foresaw the day when New York and many other growing cities of the mid nineteenth century would be plagued by what we presently term urban sprawl And he was convinced of the critical importance of adapting land for the recreational and contemplative needs of city dwellers before the last remnants of natural terrain were engulfed by monotonous straight streets and piles of erect angular buildings As a result of his early efforts to revolutionize the design of public parks many cities today are able to preserve the recreational space and greenery within their urban limits In addition his thoughts and words on wilderness areas still echo across a century of preservation in the wild This lively and insightful account of his prodigious life features many of his outstanding landscape projects including the Biltmore Estate Prospect Park Brooklyn the capitol grounds in Washington DC the Boston Park System the Chicago parks

and the Chicago World Fair as well as measures to preserve the natural settings at Niagara Falls Yosemite and the Adirondacks It traces his early years and describes events that were to form his artistic intellectual and deeply humanistic sensibilities And it restores this lost American hero to his prominent place in history In addition to being the acknowledged father of American landscape architecture Frederick Law Olmsted helped shape the political and philosophical climate of America in his own time and today Elizabeth Stevenson is the author of the Bancroft Award winning Henry Adams A Biography The Glass Lark a biography of Lafcadio Hearn and Babbitts and Bohemians From the Great War to the Great Depression all available from Transaction *Frederick Law Olmsted: Writings on Landscape, Culture, and Society (LOA #270)* Frederick Law Olmsted, 2016-01-05 The biggest and best single volume collection ever published of the fascinating and wide ranging writings of a vitally important nineteenth century cultural figure whose work continues to shape our world today Seaman farmer abolitionist journalist administrator reformer conservationist and without question America s foremost landscape architect and urban planner Frederick Law Olmsted 1822 1903 was a man of unusually diverse talents and interests and the arc of his life and writings traces the most significant developments of nineteenth century American history As this volume reveals the wide ranging endeavors Olmsted was involved in cofounding The Nation magazine advocating against slavery serving as executive secretary to the United States Sanitary Commission precursor to the Red Cross during the Civil War championing the preservation of America s great wild places at Yosemite and Yellowstone emerged from his steadfast commitment to what he called communitiveness the impulse to serve the needs of one s fellow citizens This philosophy had its ultimate expression in his brilliant designs for some of the country s most beloved public spaces New York s Central Park Prospect Park in Brooklyn Boston s Emerald Necklace the Biltmore Estate in North Carolina the grounds of the U S Capitol garden suburbs like Chicago s Riverside parkways a term he invented and college campuses the White City of the 1893 World s Columbian Exposition and many others Gathering almost 100 original letters newspaper dispatches travel sketches essays editorials design proposals official reports reflections on aesthetics and autobiographical reminiscences this deluxe Library of America volume is profusely illustrated with a 32 page color portfolio of Olmsted s design sketches architectural plans and contemporary photographs It also includes detailed explanatory notes and a chronology of Olmsted s life and design projects LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation s literary heritage by publishing and keeping permanently in print America s best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1 000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper that will last for centuries Frederick Law Olmsted, Landscape Architect, 1822-1903: Central Park Frederick Law Olmsted, Theodora Kimball, 1928
