This book attacks a poison that for so very long we have called political correctness. Political correctness (PC) is the act of avoiding expression or language that can perceptively be construed as marginalizing by specific minorities or demographic groups. It is often difficult to argue against PC because supporters of PC are likely to claim that contrary to using PC one would instead use expressions or language that offends, which is oft what I wind up doing. This response is a false conflation of permitting and condoning, but the fallaciousness usually doesn't deter those who want to win the argument. It's easy to accuse someone of simply seeking justification to use epithets in order to put him on the defensive and into the unenviable position of having to assert that he's not a racist. It's also dirty and hateful to do so, and that's how such responses should be considered. We also review Agenda 21, Document 7277, the Illuminati, the Club of Rome, and the Committee of 300 in brevity. We discuss the New World Order and speculate about megaregions and their locations both in the United States and abroad. We take a very long train ride from the most southern tip of South America all the way to New Zealand, and we discuss possibilities for a likely location for the capital of the world that may surprise you. We even speculate about a location right here in the United States for a habitat for useless eaters. We discuss how close we have come in our society to achieve all the goals of the New World Order. I really hope you enjoy the read. [Outcast \(Wiltshire University Book 1\)](#) Lucie V. Ande, 2019-07-29

When I entered the lottery to have my application fee waived for a shot at attending Wiltshire University, I never thought I would get in. I mean, Wiltshire University is The University you know, the one that people would literally cut off their left arm to get into. No, really, it was a thing. There was this whole expose a decade ago about a kid who cut off their left arm thinking it would make them a shoo-in with the admissions board. It didn't. He ended up at Duke. It's a real cautionary tale. Anyways, when the acceptance packet arrived, I thought it was a fluke or I was on a reboot of Punk'd. I was totally not signing that release. Well, either Ashton 2.0 is playing the long game or my acceptance was real. Either way, I left my two best friends behind to become a Gryphaera. Everything was falling into place for me to have an amazing life. Was I've been at Wiltshire for a few weeks now, and my only friends here are the ladies who swipe my ID card in the dining hall. I mean, you know us girls with our besties; we are always all Next Hi. Sorry, I had my ID just a second ago. Boiling out there today, huh? Ok, well, thanks. Have a nice day. I dare you to claim I'm not killing it in the friend department. Fine, it's pathetic. I know. Not as pathetic as lying to everyone back home about how great things are here at Wiltshire. Oh, and I somehow got myself evicted from my dorm like while I was at class or I walked right into a quarantined building. I'm a little fuzzy on the details. Is that a side effect of the plague? I should google that. Plus, bonus: someone is leaving me taunting.
