DeLaet,2014-01-01 Explore the tension between state sovereignty and human rights genocide economic rights and various concepts of justice as they relate to the promotion of fundamental human rights with THE GLOBAL STRUGGLE FOR HUMAN RIGHTS UNIVERSAL PRINCIPLES IN WORLD POLITICS This textbook covers human rights in relation to gender equity feminist perspectives and sexual orientation and suggests a universal perspective on human rights sensitive to cultural differences and diversity among and within nations The text also explores human rights law and the question of whether human rights are universal Important Notice Media content referenced within the product description or the product text may not be available in the ebook version The SAGE Handbook of Human Rights Anja Mihr,Mark Gibney,2014-07-21 The

SAGE Handbook of Human Rights will comprise a two volume set consisting of more than 50 original chapters that clarify and analyze human rights issues of both contemporary and future importance The Handbook will take an inter disciplinary approach combining work in such traditional fields as law political science and philosophy with such non traditional subjects as climate change demography economics geography urban studies mass communication and business and marketing In addition one of the aspects of mainstreaming is the manner in which human rights has come to play a prominent role in popular culture and there will be a section on human rights in art film music and literature Not only will the Handbook provide a state of the art analysis of the discipline that addresses the history and development of human rights standards and its movements mechanisms and institutions but it will seek to go beyond this and produce a book that will help lead to prospective thinking **The Ashgate Research Companion to War** Hall Gardner,Oleg Kobtzeff,2016-03-23 Many

different social scientists have been challenged by the origins of wars their immediate causes and the mechanisms leading to the breakdown of peaceful relations Many have speculated whether conflicts were avoidable and whether alternative policies might have prevented conflict The Ashgate Research Companion to War provides contributions from a number of theorists and historians with a focus on long term systemic conflicts The problematique is introduced by the Editors highlighting the need for interdisciplinary approaches to the study of war as a global phenomenon The following 29 essays provide a comprehensive study guide in four sections Part I explicates differing theories as to the origins of war under the general concept of polemology Part II analyzes significant conflicts from the Peloponnesian wars to World War II Part III examines the ramifications of Cold War and post Cold War conflict Part IV looks at long cycles of systemic conflict and speculates in part whether another global war is theoretically possible and if so whether it can be averted This comprehensive volume brings us a much needed analysis of wars throughout the ages their origins their consequences and their relationship to the present A valuable understanding that is ideal for social scientists from a variety of backgrounds **Human Rights**

Interdependence in National and International Politics Rami Goldstein,Nitza Nachmias,2024-06-21 This book offers a

fresh approach to human rights by analyzing the role of institutional checks and balances governmentalism and system s approach intended for the prevention of human rights violations the enforcement of human rights norms and rules and important actors such as International Non Governmental Organizations INGO and domestic Non Governmental Organizations NGOs The book presents case studies that offer innovative political historical and social perspectives on how the International Human Rights Regime IHRG is practiced It critically examines the interpretation inconsistency and application of the human rights norms in the Global South and shows how the national mobilization of human rights is directly affected by the interdependence existing between the national and the transnational levels This book will be of key interest to scholars students and practitioners of human rights and more broadly of comparative politics international law global governance international and nongovernmental organizations

In Defense of Universal Human Rights Rhoda E. Howard-Hassmann, 2018-11-26 Should African and Muslim majority countries be obliged to protect LGBT rights or do such rights violate their cultures Should Western based corporations be held liable if their security guards injure union activists in another part of the world or should such decisions be settled under local or domestic law In this book renowned human rights scholar Rhoda E Howard Hassmann vigorously defends the universality of human rights arguing that the entire range of rights is necessary for all individuals everywhere regardless of sex color ethnicity sexuality religion or social class Howard Hassmann grounds her defense of universality in her conception of human dignity which she maintains must include personal autonomy equality respect recognition and material security Only social democracies she contends can be considered fully rights protective states Taking issue with scholars who argue that human rights are Western quasi imperialist impositions on states in the global South and risk undermining community and social obligation Howard Hassmann explains how human rights support communities and can only be preserved if states and individuals observe their duties to protect them

The Developing World E. Ike Udogu, 2012-10-04 Nation states in the developing world have seen a renaissance in their political social and economic structures Newly industrializing countries like Brazil Mexico China and India are poised to claim the 21st century as their own But economic conditions in many nations of the developing world still leave much to be desired especially with respect to its marginalized citizens whose incomes are often less than two dollars a day Scholars continue to ask what academics political actors economic entrepreneurs and others committed to tackling the bane of underdevelopment in the developing world can do to improve the plight of these nations destitute populations The Developing World Critical Issues in Politics and Society explores the challenges presented by political cultural religious social and economic practices to the future development of these nation states The essays gathered here written by seasoned scholars with deep social political and academic roots in Africa Asia and Latin America explain how improvements in politics social arrangements and information communication technologies contribute to the effectiveness of emerging nations internal politics and their influence on world affairs Individual essays consider such key issues as how to develop more efficiently the processes of

liberal democratization how to apply more uniformly the law enforcement policies of governments to all citizens in a society how the marginalization of women hampers national development how the political development of Mexico as a linguistic regional power has influenced the rest of Central America how development and protection of the environment are linked how an effective application of information communication technologies can enhance the quality of education and boost growth at all levels in a polity This work will interest scholars focused on the developing world social and public policy international politics and social and political theory

The Oxford Handbook of Feminist Theology Mary McClintock Fulkerson, Sheila Briggs, 2011-11-10 This innovative volume highlights the relevance of globalization and the insights of gender studies and religious studies for feminist theology Beginning with a discussion of position of the discipline at the turn of the twenty first century the handbook seeks to present an inclusive account of feminist theology in the early twenty first century that acknowledges the reflection of women on religion beyond the global North and its forms of Christianity Globalization is taken as the central theme as the foremost characteristic of the context in which we do feminist theology today The volume traces the impacts of globalization on gender and religion in specific geographical contexts describing the implications for feminist theological thinking A final section explores the changing contents of the field moving towards new models of theology distinct from both the structure and language of traditional Christian systematic theology and the forms of secular feminism The handbook draws on material from every populated continent with chapters provided by a diverse team of international scholars

Tipping Points in International Law Jean d'Aspremont, John Haskell, 2021-10-28 Addressing some of the most perilous controversial issues in international law and governance this volume brings together legal scholars from diverse geographic personal and scholarly perspectives They reflect on the pervasive feeling of crisis in the world today and share their views on the possibilities and limits of the international legal architecture and its expert communities in shaping the world of tomorrow What exactly is this feeling that the contemporary international legal architecture is at a tipping point What do these possible risks expose about the fragility and limits of our current conceptual and institutional order What commitments drive our hopes and anxieties Authors explore these questions across a wide range of possible tipping points and offer readers a unique snapshot of the lived experience of what it means to be an expert engaged right now in international law and governance Each chapter covers both theory and practice in analysing a current problem

Internal Affairs Wendy H. Wong, 2012-07-11 Why are some international nongovernmental organizations NGOs more politically salient than others and why are some NGOs better able to influence the norms of human rights Internal Affairs shows how the organizational structures of human rights NGOs and their campaigns determine their influence on policy Drawing on data from seven major international organizations the International Committee of the Red Cross Amnesty International Human Rights Watch M decins sans Fronti res Oxfam International Anti Slavery International and the International League of Human Rights Wendy H Wong demonstrates that NGOs that choose to centralize agenda setting and decentralize the implementation of that agenda are more successful in gaining traction in international politics Challenging the conventional wisdom that the most successful NGOs are those that find the right cause or have the most resources Wong shows that how NGOs make and implement decisions is critical to their effectiveness in influencing international norms about human rights Building on the insights of network theory and organizational sociology Wong traces how power works within NGOs and affects their external authority The internal coherence of an organization as reflected in its public statements and actions goes a long way to assure its influence over the often tumultuous elements of the international human rights landscape
