Global Institutions And Responsibilities Achieving Global Justice:

Global Institutions and Responsibilities Christian Barry, Thomas W. Pogge, 2006-02-03 This book helps readers identify feasible and morally plausible reforms of global institutional arrangements and international organizations A distinctive practically oriented contribution to debates about global justice Helps readers to examine the fairness of global rules and institutions Integrates philosophical thinking about normative responsibility with discussion of practical dilemmas concerning organizations such as the WTO and rules governing the use of force internationally Brings together original articles by political philosophers legal theorists and economists Considers the aims of global justice the institutional arrangements that are required to realise them and the allocation of responsibilities to promote the required institutional reforms *Special Issue: Global Institutions and Responsibilities* Christian Barry, Thomas Pogge, 2005 **Global Justice** Gillian Brock, 2009-01-08 Gillian Brock develops a model of global justice that takes seriously the moral equality of all human beings notwithstanding their legitimate diverse identifications and affiliations She addresses concerns about implementing global justice showing how we can move from theory to feasible public policy that makes progress toward global justice

Research Handbook on Global Justice and International Economic Law John Linarelli, 2013-09-30 The fairness of institutions of global economic governance ranks among the most pressing issues of our time The Oxford Handbook of Global Justice Thom Brooks, 2020 The Oxford Handbook of Global Justice explores an exciting area of refreshing innovative new ideas for a changing world facing significant challenges Encyclopedia of Global Justice Deen K. Chatterjee, 2012-01-23 This two volume Encyclopedia of Global Justice published by Springer along with Springer's book series Studies in Global Justice is a major publication venture toward a comprehensive coverage of this timely topic The Encyclopedia is an international interdisciplinary and collaborative project spanning all the relevant areas of scholarship related to issues of global justice and edited and advised by leading scholars from around the world The wide ranging entries present the latest ideas on this complex subject by authors who are at the cutting edge of inquiry The Encyclopedia sets the tone and direction of this increasingly important area of scholarship for years to come The entries number around 500 and consist of essays of 300 to 5000 words The inclusion and length of entries are based on their significance to the topic of global justice regardless of their importance in other areas Hegel and Global Justice Andrew Buchwalter, 2012-05-02 Hegel and Global Justice details the relevance of the thought of G W F Hegel for the burgeoning academic discussions of the topic of global justice Against the conventional view that Hegel has little constructive to offer to these discussions this collection drawing on the expertise of distinguished Hegel scholars and internationally recognized political and social theorists explicates the contribution both of Hegel himself and his dialectical method to the analysis and understanding of a wide range of topics associated with the concept of global justice construed very broadly These topics include universal human rights cosmopolitanism and cosmopolitan justice transnationalism international law global interculturality a global

poverty cosmopolitan citizenship global governance a global public sphere a global ethos and a global notion of collective self identity Attention is also accorded the value of Hegel s account of mutual recognition for analysing themes in global justice both as regards the politics of recognition at the global level and the conditions for a general account of relations of people and persons under conditions of globalization In exploring these and related themes the authors of this book regularly compare Hegel to others who have contributed to the discourse on global justice including Kant Marx Rawls Habermas Singer Pogge Nussbaum Appiah and David Miller

Absolute Poverty and Global Justice Michael Schramm, Thomas Pogge, 2016-03-23 Absolute poverty causes about one third of all human deaths some 18 million annually and blights billions of lives with hunger and disease Developing universalizable norms aimed at tackling absolute poverty and the complex and multilayered problems associated with it this book considers the levels trends and determinants of absolute poverty and global inequality Examining whether much faster progress against absolute poverty is possible through reductions in national and global inequalities that produce economic growth for poor countries and households this book suggests that diverse moral views imply that international agencies as well as the citizens corporations and governments of affluent countries bear a moral responsibility to reduce absolute poverty In considering strategies of eradication through specific policies and structural reforms it is argued that because of its moral importance and requirement for only modest efforts and resources the goal of overcoming absolute poverty must be given much higher political priority by international agencies and governments of affluent countries Suggesting that these agencies should be encouraged to facilitate and promote new initiatives this book concludes with a discussion of how such initiatives might be realized

Global Justice and International Labour Rights Yossi Dahan, Hanna Lerner, Faina Milman-Sivan, 2016-04-15 Despite the growing global consensus regarding the need to ensure minimal labour standards such as adequate safety and health conditions freedom of association and the prohibition of child labour millions of workers across the world continue to work in horrific conditions Who should be held responsible both morally and legally for protecting workers rights What moral and legal obligations should individuals and institutions bear towards foreign workers in their countries Is there any democratic way to generate regulate and enforce labour standards in a global labour market This book addresses these questions by taking a fresh look at the normative assumptions underlying existing and proposed international labour regulations By focusing on international labour as a particular sphere of justice it seeks to advance both the contemporary philosophical debate on global justice and the legal scholarship on international labour

Global Justice, Kant and the Responsibility to Protect Heather Roff, 2013-06-26 This book provides an innovative contribution to the study of the Responsibility to Protect and Kantian political theory The Responsibility to Protect R2P doctrine has been heralded as the new international security norm to ensure the protection of peoples against genocide ethnic cleansing war crimes and crimes against humanity Yet for all of the discussion endorsements and reaffirmations of this new norm R2P continues to come under fire for its failures particularly

and most recently in the case of Syria This book argues that a duty to protect is best considered a Kantian provisional duty of justice The international system ought to be considered a state of nature where legal institutions are either weak or absent and so duties of justice in such a condition cannot be considered peremptory This book suggests that by understanding the duty's provisional status we understand the necessity of creating the requisite executive legislative and judicial authorities Furthermore the book provides three innovative contributions to the literature study and practice of R2P and Kantian political theory it provides detailed theoretical analysis of R2P it addresses the research gap that exists with Kant's account of justice in states of nature and it presents a more comprehensive understanding of the metaphysics of justice as well as R2P This book will be of much interest to students of the Responsibility to Protect humanitarian intervention global ethics international law security studies and international relations IR in general

The Thin Justice of International Law

Steven R. Ratner, 2015-01-15 In a world full of armed conflict and human misery global justice remains one of the most compelling missions of our time Understanding the promises and limitations of global justice demands a careful appreciation of international law the web of binding norms and institutions that help govern the behaviour of states and other global actors This book provides a new interdisciplinary approach to global justice one that integrates the work and insights of international law and contemporary ethics It asks whether the core norms of international law are just appraising them according to a standard of global justice derived from the fundamental values of peace and the protection of human rights Through a combination of a careful explanation of the legal norms and philosophical argument Ratner concludes that many international law norms meet such a standard of justice even as distinct areas of injustice remain within the law and the verdict is still out on others Among the subjects covered in the book are the rules on the use of force self-determination sovereign equality the decision-making procedures of key international organizations the territorial scope of human rights obligations including humanitarian intervention and key areas of international economic law Ultimately the book shows how an understanding of international law's moral foundations will enrich the global justice debate while exposing the ethical consequences of different rules

Ethics in an Age of Savage Inequalities James Winchester, 2015-12-08

Within the United States alone almost fifteen percent of the population lives in poverty Ethics in an Age of Savage Inequalities investigates what moral obligations the middle class might have to the poor While there are no simple ethical prescriptions the fact remains that many of us afford small luxuries while others in the world struggle to live on less than a dollar a day James J Winchester suggests that we can and should give not only charity but restitution to the poor Looking at extraction of minerals and the plight of service workers in the United States among many other things this book demonstrates how the middle class benefits from the exploitation of the poor and harms the environment in ways that threaten people in poverty Winchester argues that now is the time to take political action to reduce the savage inequalities in this world Of interest to anyone involved in ethics social justice sociology and even political science Ethics in an Age of Savage Inequalities explores

the idea that money is only a small part of what we owe to the poor The Practice of Global Citizenship Luis Cabrera, 2010-10-14 In this novel account of global citizenship Luis Cabrera argues that all individuals have a global duty to contribute directly to human rights protections and to promote rights enhancing political integration between states The Practice of Global Citizenship blends careful moral argument with compelling narratives from field research among unauthorized immigrants activists seeking to protect their rights and the Minuteman activists striving to keep them out Immigrant rights activists especially those conducting humanitarian patrols for border crossers stranded in the brutal Arizona desert are shown as embodying aspects of global citizenship Unauthorized immigrants themselves are shown to be enacting a form of global civil disobedience claiming the economic rights central to the emerging global normative charter while challenging the restrictive membership regimes that are the norm in the current global system Cabrera also examines the European Union seeing it as a crucial laboratory for studying the challenges inherent in expanding citizen membership

Corporate Citizenship, Contractarianism and Ethical Theory Jesús Conill, Christoph Luetge, Tatjana Schonwalder-Kuntze, 2017-11-30 This study provides a representation of the broad spectrum of theoretical work on topics related to business ethics with a particular focus on corporate citizenship It considers relations of business and society alongside social responsibility and moves on to examine the historical and systemic foundations of business ethics focusing on the concepts of social and ethical responsibilities The contributors explore established theories and concepts and their impact on moral behaviour Together the contributions offer varied philosophical theories in approaches to business ethics The book will be a valuable resource for academics and researchers with an interest in the theoretical development of business ethics Beyond Global Crisis Terrence Edward Paupp, 2017-09-29 In this volume Terrence Paupp critically describes the various dimensions of today's global crisis Among other things this volume analyzes nuclear weapons proliferation climate change and international lawlessness in the form of wars of aggression Paupp argues that much human conflict and environmental degradation is the direct consequence of poverty and inequality Until these issues are addressed many of the world's problems will remain Paupp asserts that around the world peoples and nations are becoming more open to a strategy and culture of peace that evolves through discovering a commonality of interests the value of mutual cooperation and the desirability of forging consensus By using various road maps and remedies supplied by noted Japanese peace activist Daisaku Ikeda and his contemporaries viable solutions will emerge In this new endeavor equipped with some of the proposed solutions and strategies that this book provides humanity will collectively become engaged in remaking the character of global governance in order to build a global culture of peace *Global Obligations for the Right to Food* George Kent, 2008-01-17 A child may be born into a poor country but not a poor world If global human rights are to be meaningful they must be universal Global Obligations for the Right to Food assesses the nature and depth of the global responsibility to provide adequate food to the world's population While governments have a primary responsibility for assuring the right to

food for people under national jurisdictions we as a global community are all responsible Global Obligations for the Right to Food explores the various actions that should be taken by governments non governmental organizations and individuals to ensure that citizens of the world have access to adequate food

The Cosmopolitanism Reader Garrett W. Brown, David Held, 2010-12-28 In response to a renewed cosmopolitan enthusiasm this volume brings together 25 essays in the development of cosmopolitan thought by distinguished cosmopolitan thinkers and critics It looks at classical cosmopolitanism global justice culture and cosmopolitanism political cosmopolitanism and cosmopolitan global governance

Rethinking International Law and Justice Charles Sampford, Spencer Zifcak, 2016-04-08 General principles of law have made and are likely further to make a significant contribution to our understanding of the constituent elements of global justice Dealing extensively with global headline issues of peace security and justice this book explores justice arising in specific areas of international law as well as underlying theories of justice from political science and international relations With contributions from leading academics and practitioners the book adopts an interdisciplinary approach Covering issues such as international humanitarian law and examining the significance of non state actors for the development of international law the collection concludes with the complex question of how best to rethink aspects of international justice The lessons derived from this research will have wide implications for both developed and emerging nation states in rethinking sensitive issues of international law and justice As such this book will be of interest to academics and practitioners interested in international law environmental law human rights ethics international relations and political theory

Global Democracy: For and Against Raffaele Marchetti, 2008-03-05 This book defends the case for the expansion of the democratic model to the global political sphere by examining the nexus between the phenomenon of international exclusion and the political response of global democracy

The Global Emerging Market Vladimir Kvint, 2010-04-26 Despite the growing importance of the global emerging market GEM for the world s business economies and politics it has received a relatively scant amount of academic attention in business and economics courses This textbook is the first to focus on the GEM and its strategic and economic characteristics The Global Emerging Market Strategic Management and Economics describes the fundamental economic base and trends of the global marketplace GMP as well as business and management development for the conditions of emerging market countries EMCs Focusing on the formation of a strategic mindset and the decision making process it explains how to analyze the basic economic factors and the global order especially in times of crisis This text also explains how to classify countries related to this new market of tremendous opportunities Furthermore the book includes recommendations on how to develop entry and exit strategies for the GEM work in it and create efficient management systems Features include Extensive tables charts and graphs illustrating the strategic considerations of the GMP and the GEM End of chapter study questions Practical examples based on the author s involvement in the development of the GEM from both sides of the international transactions This academic book is the ideal guide for current business leaders and

students on how to make strategic symmetric and asymmetric time sensitive decisions related to the GEM

Global Institutions And Responsibilities Achieving Global Justice Introduction

In the digital age, access to information has become easier than ever before. The ability to download Global Institutions And Responsibilities Achieving Global Justice has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Global Institutions And Responsibilities Achieving Global Justice has opened up a world of possibilities. Downloading Global Institutions And Responsibilities Achieving Global Justice provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Global Institutions And Responsibilities Achieving Global Justice has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Global Institutions And Responsibilities Achieving Global Justice. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Global Institutions And Responsibilities Achieving Global Justice. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Global Institutions And Responsibilities Achieving Global Justice, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Global Institutions And Responsibilities Achieving Global Justice has transformed the way we access information. With the convenience, cost-

effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Global Institutions And Responsibilities Achieving Global Justice Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Global Institutions And Responsibilities Achieving Global Justice is one of the best book in our library for free trial. We provide copy of Global Institutions And Responsibilities Achieving Global Justice in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Global Institutions And Responsibilities Achieving Global Justice. Where to download Global Institutions And Responsibilities Achieving Global Justice online for free? Are you looking for Global Institutions And Responsibilities Achieving Global Justice PDF? This is definitely going to save you time and cash in something you should think about.
