Global Sex

**Susan Dewey, Isabel
Crowhurst, Chimaraoke Izugbara**

Global Sex:

Global Sex Dennis Altman, 2001 *Global Sex* is the first major work to take on the globalization of sexuality examining the ways in which desire and pleasure as well as ideas about gender political power and public health are framed shaped or commodified by a global economy in which more and more cultures move into ever closer contact *Global Sex Workers* Kamala Kempadoo, Jo Doezema, 2018-10-24 *Global Sex Workers* presents the personal experiences of sex workers around the world Drawing on their individual narratives it explores international struggles to uphold the rights of this often marginalized group *Globalization, Prostitution and Sex Trafficking* Elina Penttinen, 2007-08-07 *Globalization* has been traditionally interpreted as a phenomenon that takes place at the macro level and is determined by states and markets This volume takes a different approach to understanding globalization showing how through the global sex trade globalization is embodied and enacted by individuals Elina Penttinen illustrates how the global sex industry feeds on complex global flows Drawing on extensive fieldwork on the trafficking of Russian and Baltic female sex workers she demonstrates how the embodiment and reiteration of globalization on the bodies of gendered individuals are tied to the larger processes of globalization Appadurai's framework of landscapes of globalization is developed into a framework of shadow sexscapes in order to show how the global sex industry feeds on complex global flows and in turn operates as a form of shadow globalization *Globalization Prostitution and Sex Trafficking* will be of interest to students and researchers of international relations globalization and gender studies

Sexuality in World History Peter N. Stearns, 2017-02-14 This book examines sexuality in the past and explores how it helps explain sexuality in the present The subject of sexuality is often a controversial one and exploring it through a world history perspective emphasizes the extent to which societies including our own are still reacting to historical change through contemporary sexual behaviors values and debates The study uses a clear chronological structure to focus on major patterns and changes in sexuality both sexual culture and sexual behaviors in the main periods of world history covering topics including The sexual implications of the transition from hunting and gathering economies to agricultural economies Sexuality in classical societies The postclassical period and the spread of the world religions Sex in an age of trade and colonies Changes in sexual behaviors and sexual attitudes between 1750 and 1950 Sex in contemporary world history This new edition examines these issues on a global scale with attention to anthropological insights on sexuality and their relationship to history the dynamics between sexuality and imperialism sexuality in industrial society and trends and conflicts surrounding views of sex and sexuality in the contemporary world

Sex Work, Labour, and Empowerment Sutirtha Sahariah, 2021-11-25 This book presents an analysis of the concepts of female empowerment and resilience against violence in the informal entertainment and sex industries Generally the key debates on sex work have centred on arguments proposed by the oppressive and empowerment paradigms This book moves away from such debates to look widely at the micro issues such as the role of income in the lives of sex workers the significance of peer organisations and networks of women and how

resilience is enacted and empowerment experienced It also uses positive deviancy theory as a useful strategy to bring about notable changes in terms of empowerment and agency for women working in this sector and also for addressing the wider issues of migration HIV AIDS and violence against women and girls The focus is on moving beyond a victimisation framework without downplaying the extent of the violence that women in this industry experience It conceptualises the theories of empowerment and power which have not been tested against women who work in this sector combined with in depth interviews with women working in the industry as well as academics activists and personnel in the NGO and donor sector In doing so it informs the reader of the numerous social political and economic factors that structure and sustain the global growth of the industry and analyses the diverse factors that lead many thousands of women and girls around the world to work in this sector The work presents an important contribution to the study of citizenship and rights from a non Western angle and will be of interest to academics researchers and policymakers across human rights sociology economics and development studies

Capitalism's Sexual History Nicola J. Smith, 2020-08-27 As ongoing controversies over commercial sex attest the relationship between capitalism and sexuality is deeply contentious Economic and sexual practices are assumed to be not only separable but antithetical hence why paid sex is so often criminalized and morally condemned Yet while sexuality is highly politicized in moral terms it has largely been overlooked in the discipline devoted to the study of global capitalism international political economy IPE Likewise the prevailing field in sexuality studies queer theory has frequently sidelined questions of political economy This book calls for critical scholarship to challenge the economy sexuality dichotomy as it not only structures disciplinary debates but is part and parcel of capitalism itself Capitalism's Sexual History brings IPE and queer theory into close dialogue to explore how the division between economy and sexuality has been historically produced to appear both natural and moral By examining sex work in Britain Nicola J Smith draws on in depth archival research to chart a history of capitalism's sexual relations from medieval times to the present day She shows how capitalist development was made possible by the appropriation of unpaid sexual labor that relied in turn on the repression and production of paid sex By tracing the historical construction of boundaries around sex and work this book exposes how capitalism has long profited from the notion that the sexual and economic spheres can and must be kept apart In so doing it offers a distinctive contribution to the study of sex and work as well as to wider scholarly activist and policy debates about political economy reproductive labor gender equality and sexual justice

Gender and International Security Laura Sjoberg, 2009-10-16 This book defines the relationship between gender and international security analyzing and critiquing international security theory and practice from a gendered perspective Gender issues have an important place in the international security landscape but have been neglected both in the theory and practice of international security The passage and implementation of UN Security Council Resolution 1325 on Security Council operations the integration of gender concerns into peacekeeping the management of refugees post conflict disarmament and reintegration and protection

for non combatants in times of war shows the increasing importance of gender sensitivity for actors on all fronts in global security This book aims to improve the quality and quantity of conversations between feminist security studies and security studies more generally in order to demonstrate the importance of gender analysis to the study of international security and to expand the feminist research program in Security Studies The chapters included in this book not only challenge the assumed irrelevance of gender they argue that gender is not a subsection of security studies to be compartmentalized or briefly considered as a side issue Rather the contributors argue that gender is conceptually empirically and normatively essential to studying international security They do so by critiquing and reconstructing key concepts of and theories in international security by looking for the increasingly complex roles women play as security actors and by looking at various contemporary security issues through gendered lenses Together these chapters make the case that accurate rigorous and ethical scholarship of international security cannot be produced without taking account of women s presence in or the gendering of world politics This book will be of interest to all students of critical security studies gender studies and International Relations in general Laura Sjoborg is Assistant Professor of Political Science at the University of Florida She has a Phd in International Relations and Gender Studies from the University of Southern California and is the author of *Gender Justice and the Wars in Iraq* 2006 and with Caron Gentry *Mothers Monsters Whores Women s Violence in Global Politics* 2007

The Wiley Blackwell Companion to Sociology George Ritzer, Wendy Wiedenhof Murphy, 2019-10-04 The new updated edition of the authoritative and comprehensive survey of modern sociology The Wiley Blackwell Companion to Sociology Second Edition is an authoritative survey of the major topics current and emerging trends and contemporary issues in the study of human social relationships and institutions A collection of contributions from globally recognized scholars and experts explore the theoretical and methodological foundations of sociology new and established debates and the most current research in the field Broad in scope this book covers a multitude of topics ranging from crime urbanization sexuality and education to new questions surrounding big data authoritarian capitalism and the rise of nationalism Since the first edition of the Companion was published new developments have emerged and new problems have been created such as the omnipresence of social media political and institutional upheaval and the global refugee and immigration crises This revised and updated second edition describes and explains social changes that have occurred in the past several years both within the field of sociology and society as a whole Previous material has been updated to reflect current research while eleven new chapters address topics including feminist theory debt and social change and armed conflict and war This comprehensive volume Offers an engaging and accessible guide to the field of sociology revised and updated for the second edition Presents wide ranging comprehensive coverage of the discipline Explores issues of contemporary relevance such as digital media and consumption Reflects state of the art scholarship and contemporary debates New chapters for the second edition cover essential topics including feminist theory armed conflict big data authoritarian capitalism debt and social change and the rise

of nationalism The Wiley Blackwell Companion to Sociology Second Edition is an invaluable resource for academics and graduate students researchers scholars and educators in the discipline of sociology and allied fields such as anthropology human geography political science and psychology Routledge International Handbook of Sex Industry Research Susan Dewey, Isabel Crowhurst, Chimaraoke Izugbara, 2018-11-21 The Routledge International Handbook of Sex Industry Research unites 45 contributions from researchers sex workers activists and practitioners who live and work in 28 countries throughout the world Focusing tightly on the contemporary state of sex industry research through eight carefully selected themes this volume sets a clear agenda for future research activism and policymaking Approaching the topic from a multidisciplinary perspective on an expanding field frequently divided by political and ideological conflicts the handbook clearly establishes the parameters of the field while also showcasing the most vibrant contemporary empirical and theoretical work Unprecedented in its global scope the Routledge International Handbook of Sex Industry Research will appeal to students researchers and policy makers interested in fields such as sociology of gender and sexuality crime justice and the sex industry sociology of work and professions and sexual politics Routledge Handbook of Sexuality, Gender, Health and Rights Peter Aggleton, Rob Cover, Carmen H. Sex-Positive Criminology Aimee Wodda,Vanessa Panfil,2020-09-17 Sex Positive Criminology proposes a new way to think about sexuality in the fields of criminology and criminal justice Sex positivity is framed as a humanizing approach to sexuality that supports the well being of self and others It is rooted in the principle of active and ongoing consent and it encourages perspectives that value bodily autonomy the right to access education and respect for sexual difference In this book the authors argue that institutions such as prisons schools and healthcare facilities as well as agents of governments such as law enforcement correctional officers and politicians can unduly cause harm and perpetuate stigma through the regulation and criminalization of sexuality In order to critique institutions that criminalize and regulate sexuality the authors of Sex Positive Criminology examine case studies exploring the criminalization of commercial sex and related harm at the hands of law enforcement experienced by those who sell sex They investigate sex education in schools reproductive justice in

communities and institutions and restrictions on sexuality in places like prisons jails juvenile detention and immigrant detention facilities They look into the criminalization of BDSM practices and address concerns about young people s sexuality connected to age of consent and privacy violations The authors demonstrate how a sex positive perspective could help criminologists policymakers and educators understand not only how to move away from sex negative frameworks in theory policy and practice but how sex positive criminological frameworks can be a useful tool to reduce harm and increase personal agency Written in a clear and direct style this book will appeal to students and scholars in criminology sociology sexuality studies cultural studies criminal justice social theory and all those interested in the relationship between sexuality and the crimino legal system **Technologies of Sexuality, Identity and Sexual Health** Lenore Manderson,2012-06-25

Technologies of Sexuality Identity and Sexual Health highlights the complex ways in which sexuality is expressed and enacted through local ideologies global identities and material cultures and their influence on people s sexual health and well being Its impetus is the renewed interest in technology and the social life of things including pharmaceuticals expanded sexual and related surgery the growing exploitation of markets for sexual and contraceptive products and the impact of these on sexual and health practices and outcomes Organised loosely into three parts the opening chapters concentrate on female contraception its availability and the varied cultural significance attached to the ability to control its use exploring the politics of reproductive health and birth control and the ties between technology and power The middle section turns its attention to men and the impact of traditional and contemporary concerns about masculinity and the social and sexual roles of men The final chapters look at the commonalities across cultural borders and sexual gendered identities how products and procedures travel not only through the formal channels of globalisation but also informally carried by individuals across cultural and social boundaries through sexual social and commercial interactions The volume brings together anthropologists sociologists and cultural studies scholars both senior and emerging from around the globe Offering an important and topical contribution to the developing global literature on sexuality sexual identity culture and health it is of interest to researchers and advanced students in these areas **Feminism and Women's Rights Worldwide** Michele A. Paludi,2009-12-22 This

set is both a history of the global women s rights movement and an expert analysis of where that movement is and should be heading in the future Feminism and Women s Rights Worldwide is both a richly detailed history of the women s movement around the globe and a road map for the next stages in the ongoing fight for gender equality In this landmark three volume set a remarkable team of contributors draws on a wealth of contemporary research to discuss pivotal events issues and controversies related to the global women s movement with chapters addressing reproductive rights sexual slavery harassment forced marriage mortality in birthing domestic violence and rape job discrimination pay inequities women in leadership positions and other crucial issues Together these volumes offer today s generation the real story of feminism and a call to action for the next wave of advocacy in education religion politics the military personal relationships the workplace

and the home *Introduction to Sociology: Canadian Version* George Ritzer, Neil Guppy, 2013-07-25 While providing a rock solid foundation of sociology *Introduction to Sociology Canadian Version* by renowned sociologists George Ritzer and Neil Guppy illuminates traditional sociological concepts and theories as well as some of today's most compelling social phenomena Globalization consumer culture and the Internet Ritzer and Guppy bring students into the conversation by bridging the divide between the outside world and the classroom The international version of the book by Ritzer has been redesigned with an explicitly Canadian core The result is this compelling Canadian version featuring George Ritzer's distinctive voice and style blended with Neil Guppy's definitive views on Canadian sociology highlighting the place of Canada in a globalizing world **Introduction to Sociology** George Ritzer, 2012-07-30 A long awaited introductory textbook from one of the biggest names in world sociology **Essentials of Sociology** George Ritzer, Dr Wendy A. Wiedenhoft Murphy, Wendy Wiedenhoft Murphy, 2017-11-27 *Essentials of Sociology* adapted from George Ritzer's *Introduction to Sociology* provides the same rock solid foundation from one of sociology's best known thinkers in a shorter and more streamlined format With new co author Wendy Wiedenhoft Murphy the Third Edition continues to illuminate traditional sociological concepts and theories and focuses on some of the most compelling features of contemporary social life globalization consumer culture the internet and the McDonaldization of society New to this Edition New Trending boxes focus on influential books by sociologists that have become part of the public conversation about important issues Replacing Public Sociology boxes this feature demonstrates the diversity of sociology's practitioners methods and subject matter featuring such authors as o Michelle Alexander *The New Jim Crow* o Elizabeth Armstrong and Laura Hamilton *Paying for the Party* o Matthew Desmond *Evicted* o Arlie Hochschild *Strangers in Their Own Land* o Eric Klinenberg *Going Solo* o C J Pascoe *Dude You're a Fag* o Lori Peek and Alice Fothergill *Children of Katrina* o Allison Pugh *The Tumbleweed Society* Updated examples in the text and Digital Living boxes keep pace with changes in digital technology and online practices including Uber Bitcoin net neutrality digital privacy WikiLeaks and cyberactivism New or updated subjects apply sociological thinking to the latest issues including the 2016 U S election Brexit the global growth of ISIS climate change further segmentation of wealthy Americans as the super rich transgender people in the U S armed forces charter schools the legalization of marijuana the Flint water crisis fourth wave feminism *Handbook of Studies on Men and Masculinities* Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005 In the past research in the field of gender has mainly addressed issues about women and has for the most part been developed by women Recently the study of gender has rapidly expanded and there has been a growing interest in men's and boys identities conduct and problems The *Handbook of Studies on Men and Masculinities* is an interdisciplinary and international culmination of the growth of men's studies that also offers insight about future directions for the field The Handbook provides a broad view of masculinities primarily across the social sciences with the inclusion of important debates in some areas of the humanities and natural sciences The various approaches

presented in this Handbook range across different disciplines theoretical perspectives methodologies and conceptualizations in relation to the topic of men Editors Michael S Kimmel Jeff Hearn and Robert W Connell have assembled an esteemed group of contributors who are among the best known experts in their particular fields The Handbook of Studies on Men and Masculinities examines the construction of masculinities in four different frames the social organization of masculinities in their global and regional iterations the institutional reproduction and articulation of masculinities the ways in which masculinities are organized and practiced within a context of gender relations and the ways in which individual men express and understand their gendered identities The Handbook is organized in a way that moves from the larger global and institutional articulations of masculinities to the more intimate and personal expressions The Handbook of Studies on Men and Masculinities provides scholars researchers and students with the most current incisive scholarship available for the men s studies area of gender studies It is a vital resource for those interested in the practical or cultural issues about men boys and gender as well as an excellent addition to any academic library
