## **Globalization Culture And Inequality In Asia:**

**Globalization, Culture and Inequality in Asia** Timothy J. Scrase, Todd Joseph Miles Holden, Scott Baum, 2003

Contemplating globalization from a sociological perspective it is without doubt that a major site for social political economic and cultural change in the new millennium lies in the Asian region The chapters in this book seek to describe and analyze a number of key aspects of social and cultural change wrought by globalization in the Asian region The underlying theme in the book is the multi dimensional way in which globalization in the form of ideas practices and technology have introduced social inequalities in specific contexts In particular the book examines how inequality has been reproduced challenged and theorized in Asia by the advent of globalizing culture Written by experienced and established scholars the study provides both theoretical explanation and discussion and analysis of empirical data from a range of social cultural and political economic perspectives and draws on studies from several countries in the region

**Rethinking Displacement: Asia Pacific Perspectives** Kuntala Lahiri-Dutt, 2016-04-08 This book responds to the need to explore the multitude of interconnected factors causing displacements that compel people to move within their homelands or traverse various borders in the contemporary world that is characterised by extensive and rapid movements of people It addresses this need by bringing together historical and contemporary accounts and critical examinations of the displaced by articulating the commonalities in their lived experiences It accomplishes the task of charting a new path in displacement studies by offering a number of studies from interdisciplinary and diverse methodological approaches comprising ethnographic and qualitative research and literary interpretations to emphasise that although the forms and conditions of mobility are highly divergent individual experiences of displacement and placelessness offer a critical challenge to the artificial categorisations of people s movements Each chapter adds insights into the different configurations of displacement and placement and offers fresh interpretations of migration and dislocation in today s rapidly changing world The contributors critically examine a variety of displacement processes and experiences in the context of war tourism neoliberal policies of development and the impact of various agro forestry policies They focus on a range of countries enabling a thorough comparative analysis in terms of scope and range of examples and methods of analysis This book makes an original contribution to the growing body of literature on displacement and will appeal to a wide readership including advanced undergraduates and graduate students and professors in disciplines such as human geography development studies sociology and anthropology regional studies and comparative impact assessment

Holden, Timothy J. Scrase, 2006-09-27 This new inter disciplinary book is the first comparative case based analysis of media panoply in and out of Asia today Examining what the authors call the media tion equation the contributors demonstrate the multiple links between media society and culture and advance the claim that media is the key means through which Asians experience understand effect and are affected by the worlds containing them Exploring a relatively neglected principle in cultural studies that context counts medi sia highlights how the experiences of those encountering media messages differ depending on social economic polital and ideational conditions Balancing social cultural and media theory with empirical research the essays in this collection provide a better understanding of the complex relationship between media and people s practices values and behaviour in contemporary Asia

**Globalizing Japan** Ross E. Mouer, 2015 The Japanese people are again struggling with their nation s insularity The Meiji Restoration and the end of the Asia Pacific War gave way to concerted efforts to connect the country with the outside world As the Japanese economy emerged from two decades of stagnant growth there was wide consensus that the society was increasingly grappling with the problems shared globally and that both its economy and internal policy debates would benefit from being more fully engaged in discourses and research activity occurring outside its borders This book considers the efforts of policy makers to reorient Japan to the outside world as the nation enters the second decade of the 21st century It discusses the strategies being pursued by Japan s policy makers enhancing the involvement of the Japanese in global networks improving English language skills hiring more foreign labor lifting the stature of tertiary education on internationally recognized league tables creating favorable images of a Japanese cultured society abroad The book considers the changing geopolitical landscape and the social backdrop against which such policies are being introduced while also assessing the prospects that the Japanese will experience a third opening any time soon Overall the volume provides insight into some of the critical choices likely to shape Japan s interface with the outside world and the direction in which Japanese society moves during the next decade Series Japanese Society Subject Politics Sociology Japanese Studies Asian Studies

*Beyond Cosmopolitanism* Ananta Kumar Giri,2017-10-17 Considering the different traditions of cosmopolitan thinking and experimentation this cutting edge volume examines the contemporary revival of cosmopolitanism as a response to the challenges of living in an interdependent world Through a unique multidisciplinary approach it takes the debate beyond the one sided universalism of the Euro American world and explores the multiverse of transformations which confront cosmopolitanism The collection highlights central questions of cosmopolitan responsibility global citizenship and justice as well as the importance of dialogue among civilizations cultures religions and traditions Exploring the ethical and political dimensions of globalization it outlines the pathways of going beyond cosmopolitanism by striving for a post colonial cosmopolis characterized by global justice trans civilizational dialogues and dignity for all Transnational Audiences

Adrian Athique,2017-09-05 In an interactive and densely connected world transnational communication has become a central feature of everyday life Taking account of a variety of media formats and different regions of the world Adrian Athique provides a much needed critical exploration of conceptual approaches to media reception on a global scale Engaging both the historical foundations and contemporary concerns of audience research Athique prompts us to reconsider our contemporary media experience within a transnational frame In the process he provides valuable insights on culture and belonging power and imagination Beautifully written and strongly argued Transnational Audiences Media Reception on a Global Scale will be essential reading for students and teachers of global media culture and communications **Nationalism and Global**

**Solidarities** James Goodman, Paul James, 2006-11-29 Even in the face of neoliberal globalization nationalism remains a significant political force The leading contributors to this new volume explore the extent to which nationalism can be a foundation for alternative solidarities Against the axiom that with globalization all that is solid melts into air this anthology debates the extent to which different forms of solidarity remain viable from the solidarities of local political groups to the solidarities of nationalism internationalism and alternative globalisms Organized into three sections the book addresses the relationship between the contemporary formations of nationalism globalism and solidarity movements Part 1 offers a framework for understanding globalization and discusses the effect of globality on nationalism Part 2 addresses the logics of nationalisms in globalizing contexts respectively liberal nationalism left nationalism post colonial nationalism and revivals of nationalism Part 3 addresses issues of solidarity and integration in a world of nationalism and globalism asking how differing forms of connectivity may be emerging disrupting prevailing oppositions and relations focusing on social movements and solidarity Offering the first detailed study of the relationship between globalization and nationalism Nationalism and Global Solidarities will be of strong interest to students and scholars of politics sociology and international political economy

Hegemony Richard Howson, Kylie Smith, 2008-05 The originality and depth of Gramsci's theory of hegemony is now evidenced in the wide ranging intellectual applications within a growing corpus of research and writings that include social political and cultural theory historical interpretation gender and globalization The reason that hegemony has been so widely and diversely adopted lies in the unique way that Gramsci formulated the problematics of structure superstructure coercion consensus materialism idealism and regression progression within the concept hegemony However in much of the contemporary literature the full complexity of hegemony is either obfuscated or ignored Hegemony through comprehensive and systematic analyses of Gramsci's formulation a picture of hegemony as a complex syncretism of these dichotomies In other words hegemony is presented as a concept that is as much about aspiration and progressive politico social relations as it is about regressive and dominative processes Thus the volume recognises and presents this complexity through a selection of contemporary theoretical as well as historico social investigations that mark a significantly innovative moment in the work on hegemony

**Others in Japanese Agriculture** Ken'ichi Yasuoka, 2018 Japan's national identity associates the Japanese people with the Japanese land making the farmer the backbone of the nation Others in Japanese Agriculture challenges this mythology revealing the changing faces of Japanese farmers during the colonial and post war eras First it traces the tangled trail of Koreans brought into farming villages as a result of war mobilization and capitalist development Second it discusses the plight of those who evacuated from cities as they attempted to eke out a living on marginal land Third it points out that settlers repatriated from the colonies were met with hostility from villagers and indifference from authorities Finally it explores how those who were encouraged to emigrate for the good of the nation in post war Japan found themselves victims of agrarian reforms which severed their ties In sum despite being lauded as the backbone of the nation Japanese farmers

have been repeatedly marginalized and othered Series Japanese Society Series Subject Asian Studies Agricultural Studies History Japanese Studies Korean Studies Migration Studies Sociology     *The Routledge International Handbook of Life and Values Education in Asia* John Chi-Kin Lee, Kerry J Kennedy, 2024-06-28 This Handbook provides a comprehensive look at the educational scope of life and values that characterize 21st century Asia as well as those values shared across cultures Some values are deeply resonant with the region's past while others reflect modernity and the new contexts in which Asian societies find themselves Exploring these values of different types and the way they are constructed in Eastern and Western contexts the contributors delve into the diversity of religious moral and social education to promote greater understanding across cultures While a range of values is identified here there is no single set of values that can be applied to all people in all contexts The time has long gone even for single societies when values can be imposed Yet this Handbook emphasizes both the extent and importance of values to individuals and their societies how they respond to these values may provide the key to better and more caring societies and to better lives for all Academics and teachers will find this Handbook resourceful because it raises important theoretical issues related to social values and their formation in distinctive contexts and provides novel insights into the diverse educational landscape in Asia Policymakers and educators will also find this text helpful in learning to think about new ways to improve the quality of people's lives     **Capital Cities in Asia-Pacific** Kong-Chong Ho, Xinhuan Xia, 2006
