Globalization In The Twenty First Century Convergence Or Divergence:

Globalization in the Twenty-First Century Axel Hülsemeyer, 2003-07-04 Globalization in the Twenty First Century explores the degrees of convergence and or divergence attributed to the process of globalization Theoretical contributions to the globalization debate within International Political Economy are empirically evaluated covering different geographical parts of the world Central and Eastern Europe Latin America Malaysia and South Africa as well as particular issues of growing relevance such as the genome project The contributions are organized according to the three levels of analysis common in the social sciences

21st Century Dissent G. Curran, 2006-10-31 21st Century Dissent contends that anarchism has considerably influenced the modern political landscape Curran explores the contemporary face of anarchism as expressed via environmental protests and the anti globalization movement

Frontiers of Globalization Research: Ino Rossi, 2007-03-21 To bring this volume together the editor asked leading scholars in the field of globalization to outline a research framework that reflects their own approach to the subject The resulting book presents a broad spectrum of analytical approaches to globalization Theoretical reviews are complemented by substantive chapters and methodological analyses Contributors include scholars in the fields of sociology anthropology history and political science These writings have been organized into four sections theoretical perspectives and cultural globalization economic globalization political globalization and methodological approaches

Internalizing Globalization Susanne Soederberg, Georg Menz, Philip G. Cerny, 2005-11-16 This book explores how a wide range of countries attempt to cope with the challenges of globalization While the internalization of globalization proceeds in significantly different ways there is a broad process of convergence taking place around the politics of neoliberalism and a more market oriented version of capitalism The book examines how distinct social structures political cultures patterns of party and interest group politics classes public policies liberal democratic and authoritarian institutions and the discourses that frame them are being reshaped by political actors Chapters cover national experiences from Europe and North America to Asia and Latin America Chile Mexico and Peru

Globalization and Development Anthony Elson, 2013-12-10 Comparing the experience of East Asia and Latin America since the mid 1970s Elson identifies the key internal factors common to each region which have allowed East Asia to take advantage of the trade financial and technological impact of a more globalized economy to support its development while Latin America has not

The Neoliberal Revolution Richard Robison, 2006-03-28 The book examines the rise of the amalgam of economic and political ideas we know as neo liberalism and how these became the defining orthodoxy of our times It investigates the inexorable global spread of market economies and how neo liberal agendas are accommodated or hijacked in collisions with authoritarian states and populist oligarchies

Conflict and Development Andrew J. Williams, Roger Macginty, 2016-02-19 In the five years since the first edition of Conflict and Development was published the awareness of the relationship between conflicts and development has grown exponentially Developmental factors can act as a

trigger for violence as well as for ending violence and for triggering post conflict reconstruction The book explores the complexity of the links between violent conflict usually civil wars and development under development and uneven development The second edition incorporates significant changes in the field including the G7 initiative the New Deal on Fragile States World Trade talks major policy documents from the UNDP and World Bank and updates on the Afghanistan and Iraq wars

Sugar: Refined Power in a Global Regime B. Richardson,2009-09-23 Sugar is a commonplace product with a complex background mainly because of the high degree of protectionism given to the industry and the benefits of ensuring domestic producers stay in business This book asks why there are such disagreements over trade policy who profits within the current regime and where power ultimately lies

Alternative Globalizations S. A. Hamed Hosseini,2009-12-04 This book explores the formation and transformation of ideas identities and solidarities in the global opposition to the corporate led globalization and its ideological basis neo liberalism

Palgrave Advances in Development Studies J. Haynes,2005-04-21 Palgrave Advances in Development Studies aims to provide readers with an understanding of the disparate theories concerning development their assumptions and the intellectual forces underpinning them In thirteen specially commissioned essays leading contributors from the field of Development Studies present the relevant material to analyze and evaluate current debates about development together with the intellectual tools to judge contemporary arguments concerning development across the world and the ability to relate theories of development to contemporary policy issues

Understanding World Order and Structural Change H. Abrahamsson,2015-12-22 Hans Abrahamsson assesses the current world order and structural change within an historical framework He analyzes the interaction of Pax American and the Bretton Woods system in the postwar period and its impact specifically on the development of Southern Africa The author also proposed an analytical model and a methodological framework for the study of the international political economy and its global and local implications Finally he addresses the circumstances behind the current opportunity for global change and the social forces and political action required in order to seize it

The Globalizations of Organized Labour G. Myconos,2005-09-06 Myconos explores the ways in which organized labour has globalized since 1945 Using two touchstone indicators the extent of cross border integration and the autonomy vis vis the state the book reveals a counterintuitive process network globalization involves a continuing orientation towards the

state The book not only seeks to identify organized labour's trajectory on the macro plane but also to provide a more precise meaning of the term globalization as it relates to agency

New Modes of Governance in the Global System M. Koenig-Archibugi, M. Zürn, 2005-11-30 Globalization processes are propelling a transformation of governance As political problems become more transnational public as well as private actors increasingly perform governance activities beyond the level of individual states This book examines the wide variety of forms that governance can take in the global system and their consequences An overarching analytical framework is applied to global institutions and initiatives in areas such as trade liberalization financial market regulation privacy protection cybercrime and food safety

The Political Economy of International Capital Mobility M. Watson, 2007-07-03 Matthew Watson draws a distinction between the spatial and the functional mobility of capital allowing fresh insights into existing work on the subject whilst repoliticizing the very idea of capital being in motion The dynamics of capital mobility and the patterns of risk exposure are illustrated through four detailed global case studies

The Emergent Global Information Policy Regime S. Braman, 2004-01-20 There is a struggle over governance of the global information network among national governments and international organizations corporations and NGOs elites and civil society The outcome will determine how we communicate the extent of our civil liberties and human rights the profitability of e commerce and the richness of cultural expression This collection looks at the processes by which the global information policy regime is being formed themselves in conflict as a foundation for understanding its emergent features
