The ABC's of Effective Leadership Tom Massey, 2010. The ABC's of Effective Leadership provides insights and practical tools that will enable those in leadership positions to improve their performance, accelerate process development and succeed in a world that is constantly changing. It will help leaders bring out the best in people whether they work in corporations, educational institutions, government offices, small businesses, churches or other not-for-profit groups. An effective leader is someone who stands out from the crowd, challenging the status quo and doing the unexpected in search of new directions. They are catalysts for change by pushing the envelope and challenging others to think outside the box. Effective leaders are trustworthy individuals who lead by example and deliver on their promises. They treat people with respect and fairness. They get things done efficiently through their influence and are able to convey a compelling vision of the future. If you are ready to bring changes in attitude, creativity, buy-in and commitment to your business, this book will benefit you. It follows a simple ABC format. Each letter of the alphabet is represented by two words. Each word 52 in all is presented as a weekly tip for improving effective leadership skills. Each weekly tip includes a brief narrative or story, a practical application and a daily affirmation. For example, here are the affirmations from the sections for the letters A and B: Acknowledgement: Everyone wants to feel important. I acknowledge others and make them feel important to me by giving them the gifts of time and attention. Adversity: Struggle gives birth to progress. I become better each day in every way by treating adversity in my life and others as opportunities to grow in strength and wisdom. Become the change you wish to see. I model effective leadership by becoming the change that I want to see in the world. Break Away from old thought patterns.
