

A vibrant sunset or sunrise over a body of water. The sun is a bright, glowing orb on the horizon, casting a warm orange and yellow light across the sky and reflecting on the water. Numerous birds are seen in flight, scattered across the upper half of the image, their silhouettes contrasting against the bright sky. The water in the foreground is dark, providing a stark contrast to the bright sky.

## **Glorious Morning:**

Morning Shirley A. McGarrell, 2013 O Glorious morning What a wonderful day Mornings are always full of expectation and hope for the days they bring forth Each day they shed a new light on life The dew in the morning before the sunrise is a soft touch that starts the day which could be full of activity or a day of slumber and relaxation The beauty of morning is that it can never be the same for each day It will always be new It will always be different And it will always be a gift In the Maracas Valley of St Joseph Trinidad where the author and her beloved husband Roy have resided for the past twenty plus years the morning mist veils the sun and allows for a gentle movement into each new day Mornings are about rebirth This book about mornings presents a unique opportunity to look at the start of a variety of new beginnings each with its own portent The author moves the reader along on the journey of each special day She receives what is presented and works with it never leaving hope behind I can personally testify to this She gave me hope and raised me up at a time when I had to dig deep to find it She demonstrates how life has value for her in spite of what is thrown her way She accepts her slice and moves on like a flowing river This book has a message for persons in all walks of life and of all ages Its messages are profound without being weighty In essence they are fresh like the early morning breeze in the Maracas Valley of St Joseph It is her hope that readers will be blessed by bringing a fresh breeze perception to every morning **The Anchor** Sam
