taught me that pain can be a powerful teacher When I revealed to the world the traumas I suffered I felt a mixture of fear and relief It was a courageous but necessary step for my healing I learned that it is vital to take care of our mental health and that there is no shame in asking for help My decision to step away from some competitions at the Tokyo Olympics was an example of this I needed to take care of myself and it was the hardest and bravest decision I ever made However this break gave me a new perspective I came back stronger more determined and above all more aware of who I am and what I am capable of At the Paris 2024 Olympics I proved to myself and the world that true victory is not just in the medals but in the ability to get up after every fall It was my redemption a symbol that regardless of adversity we can always turn things around I d rather try and fail than not try and always wonder what it would be like Do not be afraid to fail because every failure is an opportunity to learn and grow Every challenge is a chance to become stronger and more resilient Be brave be authentic and most of all be kind to yourself
