which is written primarily from an institutional perspective but from that of wider society As well as a chronological treatment giving an overview of the history of religion in the diocese chapters address key themes including a study of religious revivals which originated within the borders of the diocese consideration of popular and elite education including the contribution of Bishop Burgess s pioneering institution at Lampeter the first degree awarding institution in England and Wales after Oxford and Cambridge the relationship of the Church to the revival of Welsh cultural identity and new reflections on the agitation and realisation of disestablishment of the Church as it affected Wales As such this pioneering study has much to offer all those with an interest not only in Welsh history but ecclesiastical history more broadly **The**
