, *Facilitating an Empire: The Jesuits in Portuguese Territories and Beyond (1540-1975)* Maria de Deus Beites Manso, 2025-02-13 This book explores the Jesuit order of its origins historical evolution missionary endeavors and global dynamics with a specific focus on Portugal and the challenges arising from changes in the former Portuguese Empire The narrative unfolds in three parts with the initial section exploring the foundation of the Jesuit order in 1540 approved by Pope Paul III Examining the order s presence in Portugal its connections with the Portuguese monarchy and its educational initiatives the exploration extends to a global Christianization mission aligned with crown and Roman interests The second part shifts focus to Jesuit provinces beyond Europe exploring regions with limited European presence through missionary action Using a comparative and connected historical approach the study analyzes missionary geography identifying parallels and differences shaped by a collective dynamic involving the Society of Jesus the crown Rome and diverse geographical dimensions The third segment addresses the restoration of the Society of Jesus particularly in Portugal navigating global dynamics The evolving landscape of the former Portuguese Empire necessitates a new contextualization signifying the need for currently unfeasible investigations The book will appeal for an academic audience with a specific interest in the detailed examination of the Jesuit order s history its organizational structure and its impact on missionary activities both within Portugal and in regions with limited European presence

The Early Modern Jesuit Attitude towards Hindu and Ethiopian Strains of Asceticism Leonardo Cohen, 2023-12-04 This book presents an early modern Jesuit attitude towards Hindu and Ethiopian strains of asceticism The Jesuits descriptions of both the yogis and the Ethiopian renunciates were marked by ambivalence While critical of these ascetics the missionaries also pointed out admirable facets of their comportment In both the Society of Jesus positive and negative impressions there are glaring ethnocentric views that shift the spotlight onto the other s flaws Like many historical cases these perceptions evolved into a sort of inverted mirror image of the self that revealed differences between the European Catholic and the native renunciate

The Trade in the Living Luiz Felipe de Alencastro, 2018-10-09 The seventeenth century missionary and diplomat Father Ant nio Vieira once observed that Brazil was nourished animated sustained served and conserved by the sad blood of the black and unfortunate souls imported from Angola In *The Trade in the Living* Luiz Felipe de Alencastro demonstrates how the African slave trade was an essential element in the South Atlantic and in the ongoing cohesion of Portuguese America while at the same time the concrete interests of Brazilian colonists dependent on Angolan slaves were often violently asserted in Africa to ensure men and commodities continued to move back and forth across the Atlantic In exposing this intricate and complementary relationship between two non European continents de Alencastro has fashioned a new and challenging examination of colonial Brazil one that moves beyond its relationship with Portugal to discover a darker hidden history

In Permanent Transit Clara

Sarmiento, Silvia Sousa, 2012-11-30 *In Permanent Transit* Discourses and Maps of the Intercultural Experience builds interdisciplinary approaches to the study of migrations traffics globalisation communication regulations arts literature and other intercultural processes in the context of past and present times The book offers a convergence of perspectives combining conceptual and empirical work by sociologists anthropologists historians linguists educators lawyers media specialists and literary studies writers in their shared attempt to understand the many routes of the intercultural experience This Permanent Transit generates an overlapping of cultures characteristic of a site of cultural translation In their incessant creation of uncertainties these pages also produce new hypotheses theories and explanations while pushing limits bringing about epistemological changes and opening new spaces for independent discussion and research The potential for change is located at peripheries marked by hybridity where the new arrivals and the excluded like this book and many of its contributors are able to use subversion to undermine the strategies of the powerful regardless of who they are Cultural translation both as Judith Butler s return of the excluded and as Homi Bhabha s hybridity is a major force of contemporary democracy also in the academic field

Norms beyond Empire ,2021-11-15 Norms beyond Empire seeks to rethink the relationship between law and empire by emphasizing the role of local normative production While European imperialism is often viewed as being able to shape colonial law and government to its image this volume argues that early modern empires could never monolithically control how these processes unfolded Examining the Iberian empires in Asia it seeks to look at norms as a means of escaping the often too narrow concept of law and look beyond empire to highlight the ways in which law making and local normativities frequently acted beyond colonial rule The ten chapters explore normative production from this perspective by focusing on case studies from China India Japan and the Philippines Contributors are Manuel Bastias Saavedra Marya Svetlana T Camacho Luisa Stella de Oliveira Coutinho Silva R mulo da Silva Ehalt Patricia Souza de Faria Fupeng Li Miguel Rodrigues Louren o Abisai Perez Zamarripa Marina Torres Trim llez and ngela Barreto Xavier

Wage Earners in India 1500-1900 Lucassen, Jan, Seshan, Radhika, 2022-01-01 The study of wage levels and the purchasing power of wages is often viewed as a specialized academic topic of little concern to the wider public This is far from being the case as this book demonstrates The study of wages opens up vistas of the daily life of the working people of their standards of living and therefore addresses questions of larger economic developments and unequal power relationships in a region Wage Earners in India 1500 1900 Regional Approaches in an International Context brings together several scholars young and veteran to study new data and reinterpret older data from a fresh methodological perspective to locate India within global economic systems more effectively This book identifies previously unused and unpublished material for the study of wages underlines the importance of wages as a source of income for Indians from early times demonstrates the trends in wages over the period under review stresses the need to take women into account for the reconstruction of household income

Palaces of Goa Helder Carita, 1999 By studying a period of nearly four centuries and examining houses over the entire

region of Goa this lavishly illustrated book with architectural drawings attempts to define the specific identity of Indo Portuguese architecture It is possible to observe particularly during the 17th and 18th centuries a progressive cross influencing of Indian and Portuguese aesthetic tastes the resulting mixture has produced a fascinating style of architecture which this text has captured with more than 200 colour photographs *Gunpowder, Explosives and the State* Brenda J. Buchanan, 2016-12-05 Gunpowder studies are still in their infancy despite the long standing civil and military importance of this explosive since its discovery in China in the mid ninth century AD In this second volume by contributors who meet regularly at symposia of the International Committee for the History of Technology ICOHTEC the research is again rooted in the investigation of the technology of explosives manufacture but the fact that the chapters range in scope from the Old World to the New from sources of raw materials in south east Asia to the complications of manufacture in the West shows that the story is more than the simple one of how an intriguing product was made This volume is the first to develop the implications of the subject not just in the sense of relating it to changing military technologies but in that of seeing the securing of gunpowder supplies as fundamental to the power of the state and imperial pretensions The search for saltpetre for example an essential ingredient of gunpowder became a powerful engine of sea going European trade from the early seventeenth century Smaller states like Venice were unable to form these distant connections and so to sustain a gunpowder army Stronger states like France and Britain were able to do so and became even more powerful as the demand for improved explosives fostered national strengths leading to a development of the sciences especially chemistry in the former case and of manufacturing techniques in the latter

O Seminário de Santa Fé e o Colégio de São Paulo, em Goa: A Companhia de Jesus no Oriente Português

(1541-1558) Felipe Augusto Fernandes Borges, 2021-12-20 Este livro analisa a presença e a influência cultural portuguesa na Índia por meio do estudo sobre o Seminário de Santa Fé e o Colégio de São Paulo em Goa. Essa história remonta a 1540 quando se acentuou uma viragem da presença cultural e política portuguesa na Índia. Até então havia certa tolerância religiosa para com a população hindu. Entretanto, a partir de então ocorreu no Oriente português o desenvolvimento de uma forte intolerância religiosa cristã e nesse contexto que surgiram a Confraria de Conversos Fé e o Seminário de Santa Fé. Esse seminário foi fundado em Goa no ano de 1541 tendo suas atividades se desenvolvido a partir de 1542 com a participação dos padres da Companhia de Jesus. O grande objetivo na criação do Seminário era o de formar um clero nativo indígena. De posse do Seminário os jesuítas fundaram em 1548 o Colégio de São Paulo principal centro de sua atuação no Oriente. Vemos por meio deste estudo como o Seminário de Santa Fé e o Colégio de São Paulo se configuraram como importantes instrumentos de difusão da cultura portuguesa e da religião cristã na Índia. **Bibliographic Index**, 1997 Rivalry and Conflict Ernst van Veen, Leonard

Blussé, 2005 The rivalry between the Dutch and Portuguese in Asia is one of the classic themes of the early history of European expansion overseas. Yet it is often forgotten that until the end of the sixteenth century the seafarers and traders of Portugal and The Netherlands were the best of friends and close trading partners in Europe. This collection of essays seeks to explain the abrupt change in the relationship by analyzing the European interaction with the maritime world of Monsoon Asia. Portuguese as well as Dutch interests political, commercial and personal became closely interwoven with those of the indigenous rulers, merchants and financiers. The final outcome of the conflict in Asia was mainly determined by the different ways in which both parties were able to cope with the intricacies of Asian politics. European Expansion in the Indian Ocean was far from a one-sided affair and its history can only be understood in terms of the interaction of both Europeans and Asians involved. África, margens e oceanos Lucilene Reginaldo, Roquinaldo Ferreira, 2021-01-01 Desde meados dos anos 2000 a produção africanista brasileira vem destacando-se no cenário internacional por suas contribuições originais. Este livro apresenta alguns desses aportes tais como a ênfase na história social e o protagonismo de atores africanos. Ao mesmo tempo destaca as referências intelectuais e os contornos sociais que demarcam a produção sobre história da África no Brasil, evidenciando a relevância dos estudos sobre o tráfico e o interesse pelas experiências dos escravizados e as demandas dos movimentos negros na sua constituição. Coloca em relevo também os discursos estabelecidos com a historiografia africanista estrangeira, seja ela produzida em centros de pesquisa norte-americanos, europeus ou africanos. Além disso, explora os limites e alarga os horizontes das pesquisas realizadas no Brasil, chamando atenção para temas e cenários ainda pouco explorados, notadamente as conexões do
