harm him and Thou wilt appoint over him its angels and servants and assistants who are entrusted with its service and guard him by day and by night Mohammed is the Apostle of Allah and those with him are stronger than the unbelievers Among them are merciful ones whom we see bowing and kneeling seeking kindness from Allah and favor Their marks are on their faces the effect of prostration and that is their likeness in the Pentateuch and the Oospel PREFACE JEWS Christians and Mohammedans believe in one God and yet differ widely in their interpretation of this idea Unless we know the Moslem's idea of God we cannot understand his creed nor judge his philosophy nor intelligently communicate our idea of God to him The strength of Islam is not in its ritual nor in its ethics but in its tremendous and fanatical grasp on the one great truth Monotheism Our purpose in these pages is to learn the extent and content of this idea an idea which holds the Moslem world even more than they hold it I have found no book in English among the wealth of literature on Islam that treats of this subject In Ger man there are two books on the theology of tho Koran 1 but both are rare and limited as appears from their titles to a consideration of what the Koran teaches For a fair interpretation however of Islam's idea of God we must go not only to the Koran but also to orthodox tradition The Hadith are the records of the authoritative sayings and doings of Moham Haller's Lehre von Oott aus dem Koran gezogen The Moslem Doctrine of God Samuel M. are the extremists whose hostility and hatred is fueled by a particular form of religious teachings which has strayed from the straight path of Islam yet they claim to be Muslims and that they and only they are the true Muslims and everyone else is not Their extremism is being funded by oil money and money talks A number of terrorist organizations are now out to kill the followers of these three creeds and if these followers do not undertake measures to protect themselves they will fall prey to these terrorists Such preparation is not done by only setting up armies and flying predators it is better done by exposing the falsehood of the teachings promoted by these terrorists by educating the public and by standing in the face of certain governments that provide these terrorists with money and support This book is a humble effort to explain to the readers the truth about Islam the religion of peace and harmony of brotherhood not only with followers of the Abrahamic creeds but also of all other religions of the world Islamic concept of God Mohammad Zia Ulla, 1985 The Oaths of God Ali Ucar, 2024-12-19 The Oaths of God Inspired by the Teachings of Muhyiddin Ibn Arabi By Ali Ucar Unveil the profound mysteries of Allah's divine oaths in The Oaths of God Inspired by the Teachings of Muhyiddin Ibn Arabi This thought provoking exploration invites readers to reflect on the sacred oaths found in the Quran where Allah swears by creation the sun the moon the stars the winds and even by Himself calling humanity to witness the signs of His majesty and truth Rooted in the teachings of Muhyiddin Ibn Arabi one of the greatest mystics in Islamic history this book delves deep into the theological spiritual and metaphysical dimensions of these divine declarations It serves as a bridge between sacred scripture and mystical insight guiding readers toward a deeper understanding of the unity of existence Tawhid and their role in the grand design of creation Through poetic reflections and profound clarity The Oaths of God examines The significance of divine oaths in the Quran and their spiritual impact How Allah's creation reflects His attributes and unity Lessons on faith submission and accountability in the divine order Mystical insights inspired by the teachings of Muhyiddin Ibn Arabi This book is a transformative journey for seekers of truth those yearning to deepen their connection with Allah and readers captivated by the harmony between spirituality and philosophy Every chapter invites reflection offering timeless lessons that resonate deeply with the soul Whether you are a seasoned reader of Islamic spirituality or new to the profound wisdom of Muhyiddin Ibn Arabi The Oaths of God will inspire awe gratitude and a renewed sense of purpose Perfect for readers who are interested in Quranic studies and Islamic theology Sufi mysticism and metaphysics Exploring the spiritual and philosophical dimensions of faith Order your copy today and embark on a journey through the divine wisdom and sacred beauty of Allah s oaths The Theology of Unity Muhammad 'Abduh, 2021-12-19 Originally published in 1966 this was the first of Muhammad Abduh s works to be translated into English Ris lat al Tauhid represents the most popular of his discussion of Islamic thought and belief Abduh is still quoted and revered as the father of 20th Century Muslim thinking in the Arab world and his mind here accessible constituted both courageous and strenuous leadership in his day All the concerns and claims of successive exponents of duty and meaning of the mosque in the modern world may be sensed in these pages The world and
