

The background of the book cover is a warm orange-yellow color. It features several thin, curved lines that resemble orbits or paths. Scattered along these lines and in the open spaces are various religious and spiritual symbols: a blue five-pointed star, a green star inside a yellow circle, a blue crescent moon with a star, a green circle, a blue cross inside a yellow circle, a blue Star of David inside a yellow circle, a blue Om symbol inside a yellow circle, and a green flame-like symbol inside a yellow circle. The title is centered in a white rectangular box with a thin yellow border.

John Hick

God And The Universe Of Faiths:

God and the Universe of Faiths John Hick, 1993-03-01 Hick addresses many of the major issues posing challenges to contemporary Christian belief and offers his much debated proposal for a Copernican revolution in our understanding of Christianity and the wider religious life of humanity

God and the Universe of Faiths John Hick, 1977

God And The Universe Of Faiths John Hick, 1988-02-09 *Karl Barth's Theology as a Resource for a Christian Theology of Religions* Sven Ensminger, 2014-08-28 This book uses Karl Barth's theology as a resource for Christian theology of religions For this purpose it examines Barth's theology under the doctrinal aspects of revelation revelation and religion theological anthropology and election addressing questions such as the possibility of and context for revelation Barth's understanding of religion the theological approach to the human being and soteriology Furthermore Barth's thought is put into conversation with other approaches in the field of theology of religions notably Karl Rahner's inclusivism and John Hick and the pluralist paradigm It is shown that Barth's theological system as a whole can serve as a resource for the Christian approach to and interaction with those of other faiths or no faith at all This is achieved through maintaining a balance between the commitment to the own faith and the openness to the sovereignty of God impacting the whole of creation Central to Barth's approach is the challenge to the Christian community to see their presuppositions challenged in the most unexpected circumstances while looking beyond human categories to affirm the dignity bestowed upon all of humanity through the divine Yes in the person Jesus Christ Barth's theology with its starting point in the person of Jesus Christ is advocated as a framework for the members of the Christian community as they live alongside those with a different faith from their own

An Interpretation of Religion John Hick, 2004-01-01 In this classic work prominent religious philosopher John Hick presents a global interpretation of religion arguing for a religious response to our ambiguous universe and showing how the world's different religions are culturally conditioned forms of that response For this Second Edition Hick addresses the major critics of his interpretation of religion thereby enabling fresh discussion of his work Praise for the first edition This book strengthens Hick's position as one of the most significant thinkers of the second half of the twentieth century I highly recommend it to students of philosophy history of religions and comparative studies as well as theology Chester Gillis *Journal of Religion* The most persuasive philosophical advocacy for religious pluralism ever written Yandall Woodfin *Southwestern Journal of Theology* This work evinces Hick's many virtues ingenuity fairness toward all arguments deference to the standards of analytic philosophy familiarity with Eastern as well as Western religions and not least a clean clear prose Robert A Segal *Christian Century* A leader in interfaith interpretation of religion Hick has written what will probably become a classic Clear readable and comprehensive *Library Journal* Should be read by the adherents of all faiths Rabbi Dan Cohn Sherbok

Faiths and Faithfulness Nicholas J. Wood, 2009-11-01 How are people of faith to be faithful to their various traditions in today's diverse society How may we live together as neighbors and yet remain true to our differing religious

convictions How is it possible for the contemporary Christian to confess the Lordship of Jesus Christ in a world of many faiths These are some of the fundamental questions which this volume seeks to explore It offers a critical account of two key twentieth century missionary theologians who attempted to address the issue of pluralism within a confessional framework Bishop Kenneth Cragg and Bishop Lesslie Newbigin This study argues for a reconsideration of the biblical themes of fullness and fulfillment which may offer a way of holding together the traditions of continuity which Cragg shows can never be total and of discontinuity which Newbigin argues can never be absolute In this way the book addresses some of the implications for the development of an appropriate missiological approach to inter faith issues in the twenty first century which requires us to take people of faith seriously but also allows faithfulness to the Christian gospel *An Introduction to the Theology of Religions* Veli-Matti Kärkkäinen,2009-08-20 How does Christianity relate to other religions Beginning with a consideration of the biblical perspective Veli Matti Kärkkäinen offers a detailed and comprehensive survey of the diverse explanations proposed by teachers of the church down through the ages This indispensable guide is for anyone seeking to grasp Christianity's relationship to world religions *Christian Theology* Alister E. McGrath,2011-01-14 Alister McGrath's *Christian Theology* An Introduction is one of the most internationally acclaimed and popular Christian theology textbooks in use today This 5th edition has been completely revised and now features new and extended material numerous additional illustrations and companion resources ensuring it retains its reputation as the ideal introduction to Christian theology Fully updated 5th edition of the bestselling textbook incorporating expanded material numerous student features and new illustrations Features new sections on Copernicanism and Darwinism Includes extended discussions of Augustine's doctrine of creation Trinitarian theologies of religion and the relation of Christianity to other faiths May be used as a stand alone volume or alongside the *Christian Theology Reader* 4th edition for a complete overview of the subject Retains the chapter structure of the 4th edition ensuring comparability with earlier editions and courses based on these Accompanied by a revised instructor's website featuring expanded resources including study questions and answers visit www.wiley.com/go/mcgrath for more details and to register for access *God and the Universe of Faiths*,1977 **Man and the Universe of Faiths** M. M. Thomas,1975 Theological study of primal religions *John Hick's Pluralist Philosophy of World Religions* Paul Rhodes Eddy,2020-08-26 This title was first published in 2002 One of the most fascinating and controversial interpretations of religious diversity is religious pluralism According to John Hick's model of religious pluralism all the world's great religions are equally valid ways of understanding and responding to the ultimate spiritual reality This book offers an exposition of and critical response to John Hick's model Introducing the various interpretations of religious diversity being discussed today this book presents constructive suggestions as to how things could be further developed to offer a more accurate less confusing presentation of the various options in theology of religions The standard threefold typology of responses to religious diversity exclusivism inclusivism and pluralism are explained and defended Hick's pluralist

interpretation of religious diversity is traced culminating in a critical assessment of Hick's pluralistic model and an up to date summary of a variety of critiques directed toward Hick's proposal Paul Rhodes Eddy concludes that Hick's present model is ultimately unsuccessful in retaining both of his long cherished goals a robust religious realism and a consistent religious pluralism whilst overcoming the most difficult problem for the pluralist the fact that the world's religions understand the divine in often contradictory ways

"All Shall Be Well" Gregory MacDonald, Robin A. Parry, 2011-01-01 All shall be well and all shall be well and all manner of thing shall be well Lady Julian of Norwich Universalism runs like a slender thread through the history of Christian theology It has always been a minority report and has often been regarded as heresy but it has proven to be a surprisingly resilient idea Over the centuries Christian universalism in one form or another has been reinvented time and time again In this book an international team of scholars explore the diverse universalisms of Christian thinkers from the Origen to Moltmann In the introduction Gregory MacDonald argues that theologies of universal salvation occupy a space between heresy and dogma Therefore disagreements about whether all will be saved should not be thought of as debates between the orthodox and heretics but rather as in house debates between Christians The studies that follow aim in the first instance to hear understand and explain the eschatological claims of a range of Christians from the third to the twenty first centuries They also offer some constructive critical engagement with those claims Origen Tom Greggs Gregory of Nyssa Steve Harmon Julian of Norwich Robert Sweetman The Cambridge Platonists Louise Hickman James Rely Wayne K Clymer Elhanan Winchester Robin Parry Friedrich Schleiermacher Murray Rae Thomas Erskine Don Horrocks George MacDonald Thomas Talbott P T Forsyth Jason Goroncy Sergius Bulgakov Paul Gavrilyuk Karl Barth Oliver Crisp Jaques Ellul Andrew Goddard J A T Robinson Trevor Hart Hans Urs von Balthasar Edward T Oakes SJ John Hick Lindsay Hall Jurgen Moltmann Nik Ansell

An Anthropological Approach to Theology Heather Meacock, 2000 Heather Meacock in *An Anthropological Approach to Theology* has compiled an argument based upon the pluralist beliefs of Professor John Hick for the revision of traditional Christianity Hick's pluralist understanding of the theology of religions is influenced by the philosophy of Kant and his theories about society's moral awareness Meacock methodically explicates Hick's views while refuting his critics She claims that some Christian doctrines such as the Incarnation lose meaning when interpreted literally and that Christianity itself must begin to change its self perception to that of one among many world religions This book will interest students of religion philosophy as well as anthropologists interested in religion

Religious Pluralism in Christian and Islamic Philosophy Adnan Aslan,2013-01-11 The philosophy of religion and theology are related to the culture in which they have developed These disciplines provide a source of values and vision to the cultures of which they are part while at the same time they are delimited and defined by their cultures This book compares the ideas of two contemporary philosophers John Hick and Seyyed Hossein Nasr on the issues of religion religions the concept of the ultimate reality and the notion of sacred knowledge On a broader level it compares two world views the one formed by Western Christian culture which is religious in intention but secular in essence the other Islamic formed through the assimilation of traditional wisdom which is turned against the norms of secular culture and is thus religious both in intention and essence The Faiths of the World James Gardner,1858 *Infinite Paths to Infinite Reality* Ayon Maharaj,2018-10-08 Sri Ramakrishna is widely known as a nineteenth century Indian mystic who affirmed the harmony of all religions on the basis of his richly varied spiritual experiences and eclectic religious practices both Hindu and non Hindu In *Infinite Paths to Infinite Reality* Ayon Maharaj argues that Sri Ramakrishna was also a sophisticated philosopher of great contemporary relevance Through a careful study of Sri Ramakrishna s recorded oral teachings in the original Bengali Maharaj reconstructs his philosophical positions and analyzes them from a cross cultural perspective Sri Ramakrishna s spiritual journey culminated in the exalted state of vij ana his term for the intimate knowledge of God as the Infinite Reality that is both personal and impersonal with and without form immanent in the universe and beyond it This expansive spiritual standpoint of vij ana Maharaj contends opens up a new paradigm for addressing central issues in cross cultural philosophy of religion including divine infinitude religious pluralism mystical experience and the problem of evil Sri Ramakrishna s vij ana based religious pluralism when grasped in all its subtlety proves to have major philosophical advantages over dominant Western models Moreover his mystical testimony and teachings not only cut across long standing debates about the nature of mystical experience but also bolster recent defenses of its epistemic value Maharaj further demonstrates that Sri Ramakrishna s unique response to the problem of evil resonates strongly with Western soul making theodicies and contemporary theories of skeptical theism A pioneering interdisciplinary study of one of India s most important philosopher

mystics Maharaj's book is essential reading for scholars and students in philosophy of religion theology religious studies and Hindu studies *God, Truth, and Reality* Arvind Sharma, 2011-08-25 All arts and sciences in their own way ultimately try to come to grips with reality What sets philosophy theology and religion apart is that they grapple with ultimate reality Over the decades spanned by John Hick's life in the course of this grappling reminiscent of Jacob's nocturnal encounter with the angel philosophy became analytic theology dialogical and religion comparative along one line of development In these essays written in honour of Professor Hick leading world scholars in these fields share their most recent insights They are so to speak postcards from the cutting edge *Text and Task* Michael Parsons, 2012-06-12 Practical scriptural and contemporary Text and Task is a series of essays on Scripture and mission It aims to show the significance of reading the biblical text appropriately and with faithful engagement for our theology and missiology A team of biblical scholars suggests ways forward in areas such as the implicit missional narrative of David and Goliath the story of Solomon and his Temple building the genre of lament the explicit gracious message of the prophet Isaiah Paul's understanding of divine call and gospel and the place of mission as a hermeneutic for reading the Bible Theological chapters engage the issues of the Trinity and the unevangelized the missional dimensions of Barth's view of election the gospel's loss of plausibility in the modern West the place of preaching in mission and the idea of belonging to a church community before one believes the gospel Drawing together scholars from the fields of biblical studies theology sociology and homiletics Text and Task relates critically engaged textual reading to contemporary ongoing Christian life thought and mission
