## **Heaven Hell And The Victorians:**

Heaven, Hell, and the Victorians Michael Wheeler, 1994-10-13 The Victorians were obsessed with death bereavement and funeral rituals and speculated vigorously on the nature of heaven hell and divine judgment This popular abridgement of Michael Wheeler's award winning *Death and the Future Life in Victorian Literature and Theology* looks at the literary implications of Victorian views of death and the life beyond and recreates vividly the fear and hope embodied in the theological positions of the novelists and poets of the age Now accessible to a wide readership *Heaven Hell and the Victorians* offers a wide ranging and attractively illustrated cultural history of nineteenth century religious experience belief and language in the face of death      **Heaven, Hell, and the Victorians** ,      Evolution and Victorian Musical Culture

Bennett Zon, 2017-10-12 This engaging book explores the dynamic relationship between evolutionary science and musical culture in Victorian Britain drawing upon a wealth of popular scientific and musical literature to contextualize evolutionary theories of the Darwinian and non Darwinian revolutions Bennett Zon uses musical culture to question the hegemonic role ascribed to Darwin by later thinkers and interrogates the conceptual premise of modern debates in evolutionary musicology Structured around the Great Chain of Being chapters are organized by discipline in successively ascending order according to their object of study from zoology and the study of animal music to theology and the music of God *Evolution and Victorian Musical Culture* takes a non Darwinian approach to the interpretation of Victorian scientific and musical interrelationships debunking the idea that the arts had little influence on contemporary scientific ideas and by probing the origins of musical interdisciplinarity the volume shows how music helped ideas about evolution to evolve      **Christ Triumphant** Thomas Allin, 2015-06-08 I plead for the acceptance of this central truth as the great hope of the gospel that the victory of Jesus Christ must be final and complete i e that nothing can impair the power of his cross and passion to save the entire human race Thomas Allin In 1885 the Rev Thomas Allin waded into the debates on final punishment that had plagued the Church of England during the nineteenth century His contribution was a radical book that sought to demonstrate that reason tradition and Scripture all affirm that God will one day redeem his whole creation through Jesus Christ Universal salvation he maintained was the only way to coherently affirm the victory of God over evil Allin's book is one of the first detailed attempts to show that global salvation was not some modern heresy but an ancient Christian tradition with a serious claim to catholicity and orthodoxy Turning the tables on the critics Allin boldly argued that universalism far from being dangerous was actually needed to defend the orthodox faith of the church This new edition of Allin's classic work includes an introduction that sets it in its historical context the addition of subtitles to help readers navigate the argument and numerous explanatory annotations      *A Victorian Dissenter* David E. Seip, 2018-04-24 This book introduces the reader to Robert Govett 1813 1901 dissenting clergyman and author who wrote as a scholar of biblical prophecy primarily on the subject of the exclusion of believers in the Millennial Kingdom an idea of which he conceived The purpose of the book is threefold 1 to

describe Govett his life and his printed work 2 to analyze Govett s eschatological beliefs especially those he originated and 3 to investigate why a respected theologian in England who had published over 180 books and tracts disappeared from dissenting print culture early in the twentieth century Govett s doctrine of exclusion was heavily intertwined with most of his writings It was a topic that he developed throughout his career Yet as the center of dispensationalism shifted to America Govett s views of the Rapture began to be seen as extreme The book explains why Govett was eclipsed as the center of the evangelical movement shifted and its theology ossified Since his death Govett has been occasionally remembered in scholarship but with increasing inaccuracies and skepticism This book seeks to remove the mystery

**The Year That Shaped the Victorian Age** Michael Wheeler, 2022-12-22 What was special about 1845 and why does it deserve particular scrutiny In his much anticipated new book one of the leading authorities on the Victorian age argues that this was the critical year in a decade which witnessed revolution on continental Europe the threat of mass insurrection at home and radical developments in railway transport communications religion literature and the arts The effects of the new poor law now became visible in the workhouses a potato blight started in Ireland heralding the Great Famine and the Church of England was rocked to its foundations by John Henry Newman s conversion to Roman Catholicism What Victorian England became was moulded says Michael Wheeler in the crucible of 1845 Exploring pivotal correspondence together with pamphlets articles and cartoons the author tells the riveting story of a seismic epoch through the lives loves and letters of leading contemporaneous figures

**The Victorians Since 1901** Miles Taylor, Michael Wolff, 2004-09-04 Over a century after the death of Queen Victoria historians are busy re

appraising her age and achievements However our understanding of the Victorian era is itself a part of history shaped by changing political cultural and intellectual fashions Bringing together a group of international scholars from the disciplines of history English literature art history and cultural studies this book identifies and assesses the principal influences on twentieth century attitudes towards the Victorians Developments in academia popular culture public history and the internet are covered in this important and stimulating collection and the final chapters anticipate future global trends in interpretations of the Victorian era making an essential volume for students of Victorian Studies

**A Novel Hope?** Bernard Marcus Woodley, 2025-06-13 Christians today are often struggling with many of the same theological problems that Victorians were especially regarding hell and the God of love One answer to these questions found in nineteenth century Britain was the seemingly surprising reappearance of the early Christian eschatological theory of universalism the belief that all of humanity will be saved Even though this re emergence has already been acknowledged by scholars of Victorianism its extent has been widely underestimated This book then aims to describe why universalism became an increasingly viable option in a time of growing religious doubt and especially how it established itself in and with the help of the century's fiction not only in the more overtly universalist novels of Gaskell and Anne Bronte but also across works ranging from Dickens Gissing Linton and Oliphant all the way to Ward and Wells

*Hell's Destruction* Revd Dr Catherine Ella Laufer, 2013-06-28 The credal affirmation he descended to the dead has attracted a plethora of views over the centuries and many Christians today struggle to explain the meaning of these words This book explores various interpretations of the doctrine of Christ's descent to the dead both within particular historical contexts and within contemporary theology Laufer argues that the descensus clause Christ's descent is integral to Christian faith specifically to the doctrine of the incarnation If we are to affirm that in Christ God became truly human then that affirmation must include his sharing in the state of being dead that is the ultimate consequence of being human Laufer concludes that since the Son has experienced genuine human death and the separation from God which is the essence of hell there is no longer any human condition from which God is absent either in this life or in eternity Christ's descent means that he is truly hell's destruction Drawing on a treasure trove of writings from the western theological tradition including Luther Calvin Maurice Balthasar Moltmann and others and attending to historical theological exegetical philosophical and pastoral issues this book explores an often ignored doctrine which lies at the core of Christian life death and faith

**The Evolution of the English Churches, 1500-2000** Doreen Rosman, 2003-09-18 This book tells the story of the English churches over a 500 year period from the Reformation to the present day Unlike some general histories which concentrate on church leaders it focuses upon the lives of ordinary church goers and of the local clergy who ministered to them The author traces changes in church life charting the emergence and distinctive characteristics of different denominations She gives full weight to recent developments bringing the story up to date by examining the growth of new independent churches in the late twentieth century

Space and the 'March of Mind' Alice

Jenkins,2007-01-18 Discussing the idea of space in the first half of the 19th century this book uses contemporary poetry essays and fiction as well as scientific papers textbooks and journalism to give an account of 19th century literature s relationship with science      Commemorative Modernisms Alice Kelly,2020-07-06 One of the key questions of modern literature was the problem of what to do with the war dead Through a series of case studies focusing on nurse narratives Edith Wharton Katherine Mansfield H D and Virginia Woolf as well as visual and material culture this book provides the first sustained study of women s literary representations of death and the culture of war commemoration that underlie British and American literary modernism      **The Victorian Ghost Story and Theology** Zoe Lehmann Imfeld,2016-07-27 This book argues that theology is central to an understanding of the literary ghost story Victorian ghost stories have traditionally been read in the context of agnosticism as stories which reveal a society struggling with Christian orthodoxy in a new Enlightened world This book however uses theological ideas from St Augustine through to modern theologians to identify a theological journey taken by the protagonists of such stories and charts each stage of this journey through the short stories it examines It also proposes a theory of reader participation which creates an imaginary space in which modern epistemology is suspended The book studies the work of four major authors of the supernatural tale Arthur Machen M R James Sheridan Le Fanu and Henry James      **A Larger Hope?, Volume 2** Robin A. Parry,Ilaria L. E. Ramelli,2019-03-15 This book aims to uncover and explore the ideas of notable people in the story of Christian universalism from the time of the Reformation until the end of the nineteenth century It is a story that is largely unknown in both the church and the academy and the characters that populate it have for the most part passed into obscurity With carefully located bore holes drilled to release the long hidden theologies of key people and texts the volume seeks to display and historically situate the roots shapes and diversity of Christian universalism Here we discover a diverse and motley crew of mystics and scholars social prophets and end time sectarians evangelicals and liberals orthodox and heretics Calvinists and Arminians Puritans Pietists and a host of others The story crisscrosses Continental Europe Britain and America and its reverberations remain with us to this day      Epic Herbert F. Tucker,2012-11-29 Literary history has conventionally viewed Milton as the last real practitioner of the epic in English verse Herbert Tucker s spirited book shows that the British tradition of epic poetry was unbroken from the French Revolution to World War I      Death in England Peter C. Jupp,Clare Gittings,1999 This work provides a social history of death from the earliest times to Diana Princess of Wales As we discard the 20th century taboo about death this book charts the story of the way in which our forebears coped with aspects of their daily lives      **Women, Theology and Evangelical Children's Literature, 1780-1900** Irene Euphemia Smale,2023-01-12 This book provides a wealth of fascinating information about many significant and lesser known nineteenth century Christian authors mostly women who were motivated to write material specifically for children s spiritual edification because of their personal faith It explores three prevalent theological and controversial doctrines of the period namely Soteriology Biblical Authority and Eschatology in relation to children s

specifically engendered Christian literature It traces the ecclesiastical networks and affiliations across the theological spectrum of Evangelical authors publishers theologians clergy and scholars of the period An unprecedented deluge of Evangelical literature was produced for millions of Sunday School children in the nineteenth century resulting in one of its most prolific and profitable forms of publishing It expanded into a vast industry whose magnitude scope and scale is discussed throughout this book Rather than dismissing Evangelical children s literature as simplistic formulaic moral didacticism this book argues that in attempting to convert the mass reading public nineteenth century authors and publishers developed a complex highly competitive genre of children s literature to promote their particular theologies faith and churchmanships and to ultimately save the nation
