Heaven on Earth, Family Style J. Norman Charles, Sharon Charles, 2018-06-10 Overwhelmed by sickness debt and despair a family is miraculously healed by Jesus and embarks on an extraordinary journey of faith *Transatlantic Charismatic Renewal, c.1950-2000*, 2021-07-05 In *Transatlantic Charismatic Renewal c 1950 2000* Andrew Atherstone Mark Hutchinson and John Maiden bring together leading researchers to examine one of the globally most important religious movements of the twentieth century Various referred to as the charismatic renewal or revival it was a key Christian response to globalization modernity and secularization Unlike other accounts which focus either on denominational pentecostalism or charismatic phenomena outside the West this volume describes transatlantic Christianity drawing deeply on its pneumatic roots to bring about renewal New research in archives and overlooked journals illuminate key figures from David du Plessis to John Wimber providing insights which challenge the standard interpretations of the charismatic movement s origins and influence **Religion and Chinese Society Vol. 1** John Lagerwey, 2021-09-24 Thirty years ago Hu Shih s views of Chinese society and history were representative of Sinology in general China itself had no native religion just local customs its only real religion was an import Buddhism These views have now been completely overturned with massive implications for our understanding not only of China but also of humanity as a whole it is no longer possible to imagine that at least one major traditional society constructed and construed itself without reference to a non mundane world that permeated every facet of society and it therefore becomes indispensable for students of China to take the history of Chinese religion into account and for students of religion to take into account the Chinese experience of and Chinese categories for dealing with religious phenomena The present volumes contain a selection of twenty one essays presented in a conference convened jointly by the Ecole française d Extrême Orient and the Centre for the Study of Religion and Chinese Society of the Chinese University of Hong Kong on Religion and Chinese Society The Transformation of a Field and Its Implications for the Study of Chinese Culture held on May 29 June 2 2000 The collection aims at providing as wide a coverage as possible of recent research in the history of Chinese religion and seeks to draw some tentative conclusions about the implications for the study of Chinese religion and society in general *Beyond Memory* G. Uehling, 2004-11-26 In the early morning hours of May 18 1944 the Russian army under orders from Stalin deported the entire Crimean Tatar population from their historical homeland Given only fifteen minutes to gather their belongings they were herded into cattle cars bound for Soviet Central Asia Although the official Soviet record was cleansed of this affair and the name of their ethnic group was erased from all records and official documents Crimean Tatars did not assimilate with other groups or disappear This is an ethnographic study of the negotiation of social memory and the role this had in the growth of a national repatriation movement among the Crimean Tatars It examines the recollections of the Crimean Tatars the techniques by which they are produced and transmitted and the formation of a remarkably uniform social memory in light of their dispersion throughout Central Asia Through the lens of

social memory the book covers not only the deportation and life in the diaspora but the process by which the children and grandchildren of the deportees returned and anchored themselves in the Crimean Peninsula a place they had never visited

Excellence In Life Om Prakash Shukal, 2007-10-30 In late 1980s I was controlling a large staff which had their own personal problems but slowly the staff members started approaching me for guidance though this was not part of my official duty as such in the

beginning I was reluctant to render any advice but I found that if the problems are not sorted out in a sympathetic manner then this leads to loss of output and at times even led to accidents As such I started giving tips and encouraged them to solve their problems in their own ways This helped many and issues were solved amicably To render better service I started referring many books on human affairs and psychology The study increased my knowledge base and I gained good experience All the time I was preparing notes and slowly the notes became bigger and bigger The formation of a book has started and further research was done to improve upon it Based on my experience and interaction with the people the notes were grouped under four aspects Religious Spiritual Scientific and Materialistic and how one achieves progress in these aspects Excellence in life is a reference book where subject matter has been arranged in a logical manner as civilizations developed in different parts of the world I hope that the readers will be benefited out of this book and they will develop confidence in tackling the problems as they arise in life Soon world would become a happier place to live in and harmony will prevail amongst all Book is only a beginning and not the end
