*Arcana Cælestia, the Heavenly Arcana, Vol. 2* Emanuel Swedenborg, 2015-07-20 Excerpt from Arcana Cælestia the Heavenly Arcana Vol 2 Contained in the Holy Scriptures or Word of the Lord Unfolded Beginning With the Book of Genesis Together With Wonderful Things Seen in the World of Spirits and in the Heaven of Angels 1383 Amongst the wonderful things experienced in the other life are to be reckoned perceptions of which there are two kinds Of these one is angelic consisting in the perception of what is true and good and of what is from the Lord and what from self and also in the perception of the source and quality of their thoughts words and actions when they proceed from themselves The other hind is common to all but is enjoyed by the angels in the highest perfection and by spirits according to their respective qualities it consists in discerning the character and quality of another the instant he approaches 1384 Respecting the first hind of perception which is the angelic consisting in the perception of what is true and good and of what is from the Lord and what from self and also in the perception of the source

and quality of their thoughts words and actions when they proceed from themselves it has been granted me to discourse with the posterity of the most ancient Church concerning it and in what manner and degree they enjoyed it They said that of themselves they neither donor can think any thing neither of themselves do they will or desire any thing but that in all and every thing which they think and will they perceive what comes from the Lord and what comes from other sources and also in what degree it is from the Lord and in what degree it is as from themselves When it is as from themselves they perceive further whence it is or from what angels and likewise the character and quality of those angels and what their thoughts are distinguishing herein with the nicest exactness Thus they perceive what influx they experience with numberless other particulars relating to it Perceptions of this kind are enjoyed with much variety The celestial angels who are principled in love to the Lord have a perception of good and thereby of all things appertaining to truth and as they have from good the perception of truth they do not admit of discourse much less of reasoning concerning truth but say at once that it is so or that it is not so About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
