Hebrew Philosophical Genius:

The Hebrew Philosophical Genius Duncan Black Macdonald, 1936 **Hebrew Philosophical Genius** Duncan Black Macdonald, 1965 **Biographical Dictionary of Christian Missions** Gerald H. Anderson, 1999 The book also features cross references throughout a bibliography accompanying each entry an elaborate appendix listing biographies according to particular categories of interest and a comprehensive index BOOK JACKET *History of Jewish Philosophy* Daniel Frank, Oliver Leaman, 2005-10-20 Jewish philosophy is often presented as an addendum to Jewish religion rather than as a rich and varied tradition in its own right but the History of Jewish Philosophy explores the entire scope and variety of Jewish philosophy from philosophical interpretations of the Bible right up to contemporary Jewish feminist and postmodernist thought The links between Jewish philosophy and its wider cultural context are stressed building up a comprehensive and historically sensitive view of Jewish philosophy and its place in the development of philosophy as a whole Includes Detailed discussions of the most important Jewish philosophers and philosophical movements Descriptions of the social and cultural contexts in which Jewish philosophical thought developed throughout the centuries Contributions by 35 leading scholars in the field from Britain Canada Israel and the US Detailed and extensive bibliographies *Philosophy* David K. Naugle, 2012-09-30 Philosophy pervades every sphere of life from the defense of the gospel to the formulation of Christian doctrine to the daily decisions we make In this work distinguished professor David Naugle gives us a firm understanding of the basic issues thinkers and sub disciplines in the field of philosophy as well as an invitation to engage with the contemporary challenges therein He discusses the importance of prolegomena assumptions and methods and the vocation of Christian philosophers Naugle also outlines the differences between the Hebrew and Greek mindsets and provides biblical perspectives through an Augustinian approach Above all Naugle teaches us how to philosophize in light of God and the gospel *B'nai B'rith Magazine*, 1924 **Coping with Transience** Daniel C. Fredericks, 1993-01-01 Coping with Transience is a delightful study of Ecclesiastes that interprets its most significant themes on the basis of its keyword hebel Vanity irony and the absurd are either the traditional or latest meanings thought to be behind Ecclesiastes hebel yet each in its own way renders the contradictory or confusing A more natural yet still biblical meaning of the word is the temporary This is the term Ecclesiastes uses for his advice on how to cope with the brevity of life Once the word temporary is understood the book becomes immediately consistent within itself and supportive of much of the biblical worldview Coping with Transience interprets Ecclesiastes from a biblical and ancient Near Eastern perspective without the impositions of modern existentialism or extra biblical redefinitions of hebel **Pondering the Imponderable** Martin Sicker, 2010-03-25 Pondering the Imponderable explores the philosophical and theological problems of God and their implications from a Judaic perspective including the attempts at knowing the unknowable and naming the unnamable that have been articulated over the course of some two millennia as well as how the chasm between

man and God is bridged through revelation and the implications of these ideas for the ultimate question of what takes place after death resurrection immortality of the soul or transmigration or reincarnation In discussing these issues the non specialized reader will be introduced to the vast corpus of rabbinic literature written over a period of some two millennia to the present day and to many works that have never been translated into English **Johannine Theology** Paul A.

Rainbow,2014-09-05 In this magisterial synthesis Paul A Rainbow presents the most complete account of the theology of the Johannine corpus available today Both critical and comprehensive this volume includes all the books of the New Testament ascribed to John the Gospel the three epistles and the book of Revelation *Between Faith and Reason* Dr. Martin

Sicker,2020-07-13 The studies in this volume discuss some of the issues implicit but not resolved in the Hebrew Scriptures including the problems inherent in the topics of theology and religious philosophy as discussed and argued by scholars for more than two millennia The studies address the problem of philosophy the troublesome issues of moral autonomy and divine omniscience and theodicy from a Judaic perspective In addition it includes a study of the biblical story of the Golden Calf and its religious implications that are more complex than a cursory reading of the biblical text will suggest Finally it includes a discussion of the often misunderstood concepts of the prophet and prophecy as set forth in the biblical texts Although this book does not and cannot resolve the philosophical and theological issues that have persisted through the millennia it hopes to make clear how these issues have been wrestled with from a Judaic perspectives which will have relevance with regard to the perspectives on these matters of other monotheistic faiths *The Radical Enlightenment of Solomon Maimon*

,2006-09-14 With extraordinary chutzpah and deep philosophical seriousness Solomon ben Joshua of Lithuania renamed himself after his medieval intellectual hero Moses Maimonides This is a study of Maimon perhaps the most controversial figure of the late 18th century Jewish Enlightenment **The American Jewish Chronicle** ,1918 *Urgent Advice and*

Probing Questions James L. Crenshaw,Mercer University,1995 *A Time to Tear Down and a Time to Build Up* Michael V.

Fox,2010-04-01 Pervaded as it is with pessimism paradox and a multitude of contradictions Ecclesiastes has long been one of the most difficult books of the Bible to understand As this study demonstrates however it is precisely these contradictions that make Ecclesiastes so meaningful and so powerfully relevant to life in the world By looking carefully at the language and thought of Ecclesiastes as well as at its uses of contradictions in probing the meaning of life Fox confronts the problems that have confounded interpretation of this biblical book He shows that by using contradiction to tear down holistic claims of meaning and purpose in the world and rebuilding meaning in a local restricted sense instead the author of Ecclesiastes shapes a bold honest and ultimately uplifting vision of life Based on solid scholarly insight yet readable by all Fox's work provides some of the best commentary available on this challenging section of Scripture **A Classified Bibliography of**

the Septuagint Fritsch,Jellicoe,Sebastian Brock,2018-11-26 *Ecclesiastes* James L. Crenshaw,1987-01-01 This volume a part of the Old Testament Library series explores the book of Ecclesiastes The Old Testament Library provides fresh and

authoritative treatments of important aspects of Old Testament study through commentaries and general surveys The contributors are scholars of international standing *Beyond Humanism* Charles Hartshorne, 2017-09-15 In the three decades since it was first published Charles Hartshorne's *Beyond Humanism* has come to be regarded as a classic in the study of humanism and nature The volume includes Part One HUMANISM AND HUMAN NEEDS God or Nature Humanism as Disintegration Dewey's Philosophy of Religion Other Humanist Philosophies Russia and Marxian Humanism Freud's View of Religion Historic Forms of Humanism Part Two NATURE The Cosmic Variables Order in a Creative Universe Indeterminism in Psychology and Ethics Mind and Matter Mind and Body Organic Sympathy Russell on Causality Santayana on Matter Mead and Alexander on Time Logical Positivism and the Method of Philosophy Croce Heidegger and Hartmann Conclusion The Historic Role of Humanism Irony of Theology and the Nature of Religious Thought Donald Wiebe, 1991 Donald Wiebe critically examines the pervasive assumption that theology is a form of religious thought that is both compatible with and supportive of religious faith The irony he argues is that theology is in fact detrimental to religion and the religious way of life *The Universal Jewish Encyclopedia* ...
